MARS' MONTH.

A Record of Lesser Events for the Thirty-one Days.

Pease & Mays' store will close at 7:30 p. m. instead of 7 o'clock as formerly. Meteorological forecast for Thursday and Friday: Rain and cooler temperature.

Lost—A piece of music, the cornet part of the Fest overture. Please return to this office.

Mr. Ralph Rowland had the misfortune to dislocate his shoulder while in a friendly scuffle with Mr. Frank Garretson Tuesday evening on Second street.

The Columbia Candy Factory has changed hands. Campbell Bros. gave Mr. O. Kinnersly a bill of sale for the contents of the store, which he in turn sold to Mr. William McCrum, Jr.

W. H. W. Watson, who has recovered from the knife thrusts inflicted by F. W. L. Skibbe, left for Portland, "all dressed in his best suit of clothes." This was his militia suit, which belongs to the company.

The State Horticultural Society will meet at The Dalles on April 11th and 12th. Some interesting papers will be read and general discussions will be had, looking to the improvement and education of our fruitgrowers.

The whereabouts of Thos. Weatherford, aged 14, who ran away from the farm of Mr. McReynolds of Wasco county about four months ago, are desired to be known. His aunt, living in Missouri, wishes to take charge of him. His sister is now with this aunt. Address THE CHRONICLE.

The local talent of Wamic have placed "Richard III" on the boards of the Wamic Opera Hall for Saturday, March 3d. The minstrels will be on hand with a new dressing of wit, humor and music. The Woodchuck orchestra will furnish the music for the tragedy. No admission will be charged and all are cordially invited to be present.

Mr. C. Becht plead guilty to the charge of selling liquor to Indians before Judge Bellinger, but showing extenuating circumstances. He was therefore fined but \$50, without imprisonment and admonished to change the location of his storage rooms if he could not protect himself from the Indians. Mr. Becht's wine

room is in Thompson's addition, where a city policeman seldom wanders. Mr. Becht's experience is the outrageous result of an outrageous law.

Child and Mother.

Little Myrtle Gibson did not look like the same child after going through the cleaning and dressing process yesterday, and she was so pleased with the difference and with her newly-found benefactor that she quite forgot her mother and followed Mr. Gardner about the streets with great devotion. She is a roguish little elf, though, and as Mr. Gardner says, is as "sharp as lightning." Before leaving he had a talk with the mother. Her eyes were fastened to the ground during the interview and on no account would she look him in the face. He tried to persuade her to abandon her mode of living and try to make something of herself, but got feeble encouragement. Asked what she would do, she said she would not be in town twenty-four hours after her child left, and in answer to a question if she did not think it best for the child to go, she said: "If I did not think so, I would cut its throat." Whether the remark was from obstinacy or an admission that she had not been giving the child its due is not known.

Water Commissioners.

The monthly meeting of water commissioners occurred last night. These gentlemen do not have a great deal of routine business, consequently their meetings are short. The superintendent's and treasurer's financial reports were read and accepted. The following bills were presented:

I. J. Norman, salary	\$75.00
H. Ladin, helper	55.00
H. Young, supplies	1.75
C. J. Crandall, surveying mill	10.00

The secretary's report showed \$1 collected from T. A. Hudson and \$1 from C. L. Schmidt for ground rent. Inquiry showed that it was for a few feet fenced in by these gentlemen of the mill property for a corral, the rent being for a year, and the amount paid sufficient to prove title to the mill site.

Comparative Precipitation.

The total precipitation for 1893 was 17.97 inches, which is an excess of 2.98 inches over the average rainfall for this part of Oregon for eighteen years. Since September 1st, '93, to March 4th, '94, the precipitation is 18.41 inches, being an excess of 4.83 inches for a like period for nineteen years. The average mean temperature for eighteen years is 52.5°; the average for 1893, 45.4°. The mean temperature for February, 34.4°. Precipitation for February, 1.83; snowfall for the month, 7 1/2 inches.

Chairman Wilson was not so well yesterday. His life hangs by a very slender thread.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who use Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood.—Will drive malaria from the system and prevent as well as cure all malarial fevers.—For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded.—Price 50c and \$1 per bottle at Snipes & Kinnersly's.

THE FRUIT OUTLOOK.

A Variety of Opinions from Several County Fruit Growers.

Has the late cold spell injured the fruit? Following are a variety of opinions from several leading fruit raisers, by which it would appear that it is a question of location. We think, however, that those whose views have a violet tinge are more frightened than injured. Of course, at this time, all are apprehensive, but when blossoming time comes there is almost always a beautiful display of the pink flowers which adorn the peach tree. Then follows a small scare about frost, and after that the trees generally have a vigorous setting of fruit, and the worry has been thrown away, with no chance for compensation.

Mr. Bolton of 15-Mile says the fruit in that section is not injured by the cold spell and unless there should be late frosts the fruit crop will be good.

Dr. Sanders this morning brought in a few branches cut from his fruit trees. A part of the peach buds have been killed, principally the Early Crawford. Mr. Sanders' trees were more forward than any in the neighborhood near him. Mr. T. M. Denton of Mill creek says that the fruit is not injured in his section.

Mr. E. Schanno says that he has heard few reports of loss. Mr. Coatsworth of lower 3-Mile says his peach crop will be an almost total failure. He has not examined the cherry trees.

Mr. F. A. Seufert says the fruit is all right in his neighborhood. He says that in the fall the ground should be plowed close up to the tree to cut off all the small roots near the surface, while the deeper roots are not affected by every temporary little warm spell that comes, to start the sap running and make the buds swell prematurely.

PERSONAL MENTION.

Mr. J. S. Fish and wife left this morning for Portland to be absent several days.

Mr. and Mrs. John Marden left this morning for the Midwinter Fair at San Francisco. They are expected to be absent several weeks.

It Should Be in Every House

J. B. Wilson, 371 Clay St., Sharpshurg, Pa., says he will not be without Dr. King's New Discovery for consumption, coughs and colds, that it cured his wife who was threatened with pneumonia after an attack of "la grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cookeport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for lung trouble. Nothing like it. Try it. Free trial bottles at Snipes & Kinnersly's. Large bottles, 50c. and \$1.00.

Biliousness.

We are a bilious race. Half of us are born bilious, with a predisposition to dyspepsia. The best known remedy is Simmons Liver Regulator. Try it.

The regular subscription price of the WEEKLY CHRONICLE is \$1.50 and the regular price of the WEEKLY OREGONIAN is \$1.50. Any one subscribing for THE CHRONICLE and paying for one year in advance can get both THE CHRONICLE and WEEKLY OREGONIAN for \$2.00. All old subscribers paying their subscriptions for one year in advance will be entitled to the same offer.

Hot clam broth at J. O. Mack's every day at 4 o'clock.

THE MILITIA.

The Dalles Company the Largest in the Regiment—Tactics.

If anyone is foolish enough to imagine that our country is in peril he should go to Armory hall of a Wednesday night and observe the militia practicing at their weekly drill. There he will see as fine a company of soldier boys as his eyes ever rested upon, and the perfect accord in which they perform military maneuvers argues much for the invincible qualities of trained troops, compared to the hit and miss monkey-shines of a disorganized mob. If the volley they fire, when in line, was of lead instead of air, it would mow down the enemy like grain before the sickle, and the rapidity and accuracy with which they change position would bewilder a foe less up to snuff so badly he would not know whether he was afoot or horseback.

The company, though recently reorganized, is a credit to the state, and is the largest in the regiment, numbering 57 men. Every member takes an active interest and seldom misses being present drill night. It is very satisfactory to state these facts, for only a short time ago the small remnant of the old company became discouraged and were in despair of ever being again reorganized and placed upon a prosperous footing. The brilliant results achieved at their late ball shows as well the earnest effort of the men as the appreciation of the public, and last night Capt. Chrisman embraced the opportunity to thank several by name who had been active in the work of making of the ball so grand a success. The following are the officers:

Capt.—Levi C. Chrisman.
First Lieut.—Malcolm Jameson.
Second Lieut.—J. R. McAvoy.
Sergeants—D. H. Roberts, Al. Reese, A. A. Urquhart, H. H. Campbell, Ed. Riggs and T. J. Sullivan.
Corporals—Jess Allen, Matt Shoren, Gus Bartell and D. Lemerson.

When the weather gets pleasanter the company will drill in the open air. The hall, though a large one, does not permit of executing many fine movements, like the skirmish drill, for instance, where the men must be a distance of five feet apart.

Circuit Court.

The session is nearly ended as far as jury trials are concerned. The jury in the case of Martha Perkins vs. A. Wilson decided for plaintiff.

This morning the case of Banker vs. Willig was taken up. The defendant gave his wife a promissory note for \$100. This she negotiated to Mr. Banker, and now Willig denies any consideration for the note. Mrs. Willig, now Mrs. Cohen of Portland, is a witness on the case, and with her little girl, is present at the trial. The defense tried to impeach her testimony by proving that she was untrue to Willig, but this was not clearly shown.

Mrs. Julia A. Blossum was granted a divorce yesterday, after a hearing of the testimony. Blossum did not appear.

WOOD'S PHOSPHODINE.

The Great English Remedy. Promptly and permanently cures all forms of Nervous Weakness, Exhaustion, Spasms, ataxia, Impotency and all effects of Abuse or Excesses. Been prescribed over 35 years in thousands of cases; is the only reliable and Honored medicine known. Ask druggist for Wood's Phosphodine; if he offers some worthless medicine in place of this, leave his dishonest store, inclose price in letter, and we will send by return mail. Price, one package, \$1.50, six, \$8. One will please, six will cure. Pamphlet in plain sealed envelope, 2 cents postage. Address The Wood Chemical Co., 121 Woodward Avenue, Detroit, Mich. Sold in The Dalles by Snipes & Kinnersly.

If you wish to see a fine assortment of oranges, lemons and bananas just call and see the display at H. H. Campbell's, next door to the postoffice.

ALL THE NEWS TWICE A WEEK.

THE

Oldest Agricultural Paper in America.

[ESTABLISHED 1810.]

To all cash subscribers of THE CHRONICLE paying one year in advance.

The American Farmer,

1729 New York Avenue, WASHINGTON, D. C.

THE AMERICAN FARMER, which is now entering upon its 75th year, is the pioneer farmer's paper in the country. It is a large eight-page paper, and contains 60 columns of the choicest agricultural and literary matter, plentifully embellished with fine illustrations. It is

NATIONAL IN CHARACTER,

and deals with farming and farmer's interests on broad, practical lines.

EMPLOYS THE BEST WRITERS IN THE COUNTRY,

and everything that appears in its columns is of the highest character. Every department of the farmer's business is discussed in an earnest, practical way, looking to the greatest profit and benefit to the farmer and his family. It appears on the 1st and 15th of each month, and is furnished at the low price of

50 CENTS A YEAR

in advance. This makes it the cheapest agricultural paper in the country.

FARMER LEGISLATION.

During the coming year there will be an immense number of matters of the most vital interest to farmers dealt with by Congress and the Executive Departments at Washington. It is highly important that the farmers be kept promptly and fully informed as to what is being planned and done affecting them at the National Capital. They should all, therefore, take THE AMERICAN FARMER, which, being on the ground, has better facilities than any other papers for getting this information, and devotes itself to this duty. They will find in it constantly a great amount of valuable information that they can get in no other paper.

THE AMERICAN FARMER and THE CHRONICLE will be one year for \$1.75.
