THE CAUSE OF SILVER

Bland's Substitute for the Seigniorage Bill Carried.

EXACTLY A QUORUM SECURED.
Provides for Coining all the Bullion in the Treasury—General Domestic and Foreign News.

WASHINGTON, March 1.—In the house, after Cummings failed to get unanimous consent for consideration of an appropriation of \$45,000 for reclaiming the wreck of the Kearsarge, the voting on the adoption of the special order to limit the debate on the seigniorage bill to two hours, pending at the close of yesterday's session, came up. Exactly a quorum voted and a special order was adopted, 166 to 13, so the long struggle was ended and a vote on Bland's pet is assured. Bland was recognized and offered a substitute for the original bill.

The first section of the substitute is identical with the first section of the original bill, except the coinage is to proceed as fast as possible instead of as practicable. The substitute for the second section is as follows:

"After the coinage provided for in the first section—the seigniorage—the remainder of the silver bullion purchased in pursuance of the act of July 14, 1890, shall be coined into legal tender standard silver dollars as fast as possible, and the coin shall be held for redemption of the treasury notes issued against such bullion. As fast as the bullion shall be coined for the redemption of said notes they shall not be reissued, but shall be canceled in amounts equal to the coin held derived from the coinage herein provided for, and silver certificates shall be issued on such coin in the manner now provided by law; provided, this act shall not be construed to change the existing law relating to legal tender character or mode of redemption of existing treasury notes under the act of 1890."

A sufficient sum is appropriated to carry into effect the provisions of the act.
WASHINGTON, March 1.—Bland's substitute for the seigniorage bill was carried, 171 to 96.

"GREATER NEW YORK" BILL.
Governor Flower is Proud of Having Signed It.

NEW YORK, March 1.—After signing the "greater New York" bill, Governor Flower said: "This act is one of the most gratifying in my whole career. Greater New York has been one of the dreams of my life, and I certainly appreciate the privilege of doing what I can to begin the work of consolidation. I have from the day the project was suggested let it be understood that I was cordially in favor of it. In my last message I recommended just such a bill. New York, Brooklyn, Long Island City and the adjacent cities and towns are and have been for years practically one. It has been a wonder to me they were not consolidated into one grand municipality long ago. Only the North and East rivers divide the territory which it is proposed to annex, and I would not be astonished if sooner or later Jersey City and Newark were knocking at the door for admittance. I tell you, gentlemen, New York began to lose prestige when she lost the world's fair. Chicago won hers when she captured that fair. I fully realized when in congress what the fair meant to New York. I therefore worked as hard as I could to secure it. Since it went away from us, Chicago and not New York has been making the strides we hoped our own city would make. Chicago has been taking in all the surrounding territory and unless we hurry she, and not New York, will be regarded as the chief city of the republic. We shall not have to annex prairies or vacant lots to keep ahead of our most dangerous rival. We have but to reach out our hand and pluck splendid cities and towns. Really, I hope to join with you in forming the greatest municipality on earth. Consolidation may increase the price of real estate, but experience has demonstrated that with the increase in the price of real estate the tax rate becomes lower, so I think that one of the great advantages of consolidation will be a much lower tax rate not only in New York but in all cities and towns which come into the new city."

LONDON, March 1.—This afternoon Gladstone's private secretary informed the Associated Press that the resignation of the premier cannot long be delayed; that at the audience with the queen yesterday he referred to his increasing difficulties, owing to failing sight, deafness and age, and told her majesty he could not long continue to bear the responsibilities of the premiership.

A Sensible Boy.
A Sprague nimrod came up in this country not long ago, to hunt, says the Harrington Leader, and took a boy along. The boy accompanied the hunter all the first day over the prairie, and by night his employer noticed that he was pretty well rattled. The next morning when he was ready to start out again, the boy was not to be found. Search was made, and in his room on a table this note was found:

Mr. Bland—Dear Sir:
I have gone to Harrington to get my life insured, hire another boy until I git back.
The gentleman endeavored to destroy the note, ere it was too late, but failed.

NEWS NOTES.

Ex-Gov. Downey of California died yesterday.

The Bland seigniorage bill vote stood 168 for and 129 against, Ellis and Herman voting with the ayes.

The suit against Jim J. Corbett at Jacksonville, Fla., charged with violating the state law for prizefighting, was settled yesterday by the jury acquitting Corbett.

The national public debt increased \$40,004,215 during February. The net gold in the treasury was \$100,527,068. The amount received from the new bond issue to date is \$57,427,906.

The report on the trial of the new torpedo destroyer Hornet in England recently, showed that she is the swiftest vessel afloat in the world. Her speed exceeded twenty-eight knots an hour.

Representative Herman's bill to ratify the agreement with the Seltiz Indians has been favorably reported by the committee of Indian affairs. The agreement throws open to settlement 175,000 acres of valuable lands, a large share of it as fine a body of agricultural land as is in the state. The Indians will get \$142,600.

Ten days loss of time on account of sickness and a doctor bill to pay, is anything but pleasant for a man of a family to contemplate, whether he is a laborer, mechanic, merchant or publisher. Jas. O. Jones, publisher of the Leader, Mexico, Texas, was sick in bed for ten days with the grip during its prevalence a year or two ago. Later in the season he had a second attack. He says: "In the latter case I used Chamberlain's Cough Remedy with considerable success, I think, only being in bed a little over two days. The second attack I am satisfied would have been equally as bad as the first but for the use of the remedy." It should be borne in mind that the grip is much the same as a very severe cold and requires precisely the same treatment. When you wish to cure a cold quickly and effectually give this remedy a trial. 25 and 50 cent bottles for sale by Blakeley & Houghton, druggists.

Judge Chapman of Nebraska City, Neb., sentenced Z. T. White, who was convicted of hanging Secretary Morton in effigy, to pay a fine of \$200, and the costs of prosecution. A motion for a new trial was overruled.

That's a good way to buy a medicine, but it's a pretty hard condition under which to sell it. Perhaps you've noticed that the ordinary bit or miss medicine doesn't attempt it.

The only remedy of its kind so remarkable in its effects that it can be sold on this plan is Dr. Pierce's Golden Medical Discovery. As a blood-cleanser, strength-restorer, and flesh-builder, there's nothing like it known to medical science. In every disease where the fault is in the liver or the blood, as Dyspepsia, Indigestion, Bileousness, and the most stubborn Skin, Scap, and Scrofulous affections, it is guaranteed in every case to benefit or cure, or you have your money back.

To every sufferer from Catarrh, no matter how bad the case or of how long standing, the proprietors of Dr. Sage's Catarrh Remedy say this: "If we can't cure it, perfectly and permanently, we'll pay you \$500 in cash." Sold by all druggists.
