MARS' MONTH.

A Record of Lesser Events for the
Thirty-one Days.

The Catholic church at Pendleton was
burgled yesterday morning and about
\$100 worth of valuables taken.

The jury in the case of Banker vs.
Willig were unable to agree, after being
out all night, and this morning reported
that they were hopelessly divided.
They were consequently discharged.
Circuit court will probably adjourn
Monday.

The German Christian Benevolent
Society met yesterday afternoon at the
residence of Mrs. George Liebe. About
twenty ladies were present. Mrs. Liebe
was elected president for the third suc-
cessive time. After the business had
been disposed of the ladies were invited
to a fine lunch in the dining room. The
table was decorated with a beautiful
center piece of wild flowers, while at
each place was a delicate boutonniere of
violets.

The Ben C. Irwin Printing Co., Port-
land, has recently finished up a fine set
of books for the recorder, sufficient to
last the city forty years, and record
everything pertaining to city business
except minutes of meetings. It is spe-
cial ruled work, one of the books con-
taining dollars and cents (unit ruled)
for eighteen columns under different
headings. The other is nearly as intri-
cate. The books are bound in half Rus-
sian and corduroy and cost only \$27 for
both.

Those desiring to correspond regularly
for THE CHRONICLE will please state that
intention in their letter, so that we may
place them on the daily list of subscrib-
ers. Correspondents sending regular
weekly letters will be entitled to the
paper, stamps and copy paper free. So
far we have regular correspondence from
Cascade Locks, Kent and Mitchell. A
regular correspondent is desired at
Dufur, Endersby, in fact at every post-
office in the county, and county seats in
adjoining counties.

Somebody, evidently a horse thief, en-
tered Mr. C. L. Richmond's barn last
night, and secured a horse, placing upon
him a set of harness which hung on a
convenient peg, and leading him out,
hitched him to a post while he went
after its mate. The other horse was

quite fractions and not relishing the ac-
tion of the midnight intruder, reared
and snorted and made such a commotion
that the thief abandoned his intention
and fled. He left a cane, which is the
only clue to his identity, and Mr. Rich-
mond says he will return it to the owner
if he will call.

A number of flat cars containing steel
rails have arrived in the city and will be
unloaded at The Dalles. It is expected
that 400 car loads altogether will arrive,
and will be used in reconstructing the
road bed between The Dalles and Port-
land.

The First Church Social.

CASCADE LOCKS, March 1.—(Special
Correspondence.)—Under the able man-
agement of Misses Everhart, Parkins
and Aldrich, last evening, Feb. 28th,
was given the first church social in the
history of Cascade Locks. And be it
said to the glory of the Locks that if
church socials were as well attended
generally as this one was the churches
of the country would have to be enlarged
and the treasurer's office would not be
so much of an honorary nature. One
hundred and forty persons were served
with refreshments and the receipts were
twenty-eight dollars. A good program
was rendered, the opening piece being a
piano solo by Miss Mary Shafer, the
primary teacher of the school, a man-
dolin and guitar duet by Messrs. Thomp-
kins and Horton; select reading by
Miss Parkins; recitation by Mr. Lewis;
vocal solo, Miss Shafer; violin solo, Miss
Blackwood, of Portland; mandolin and
banjo duet, Messrs. Thompkins and
Tarbot, the closing piece an instru-
mental quartet by Messrs. Tarbot, violin,
Clark, flute, Thompkins, mandolin and
Horton, guitar.

The principal feature of the evening
was the spring opening of millinery, the
work of the deft fingers of the gentle-
men. Some of the hats were fearfully
and wonderfully made. About forty
were trimmed. For the most artistic
and carefully trimmed hat Mr. A. S.
Fleet received a delicious cake, and Mr.
Eyrainer, well, he did not get a delicious
cake, but a very pretty cake—of soap,
for the trimming of an article, which
when finished, he called a hat. The
affair all through was pleasant and
social and the young ladies are con-
gratulated on every hand and requested
to give another in the near future.

A Chameleon.

Mr. W. E. Garretson is the happy
possessor of a chameleon. It is the
genuine article and was presented to
him by a San Francisco house, and came
by express without any trouble. It is
secured by a small gold chain around its
neck. The tiny saurian resembles one
of our ordinary lizards, but has the re-
markable quality of changing its color.
This morning it was a brilliant green
and after noon was a delicate brown. In
a cool, dark place its color is nearly
white. Its tail is very long and slim
and is quite a graceful appendage. Its
neck is so short that it cannot turn its
head. It remains stationary a long
time if not disturbed, and is rather
sluggish. But quick don't express the
wonderful rapidity with which it can
thrust out its tongue in pursuit of a
passing fly or other winged insect. Its
eyes move independently of each other
and are also very quick. The chameleon
is much worn now by ladies in the east
as an ornament, as they are perfectly
harmless. The changing of its color is
its only mode of defense, and by doing
this it frequently escapes observation by
its natural enemies. This is almost as
unique, but not so effective as the por-
cupine, and is incomparably inferior to
the defense of the common skunk. Still
it is original.

PERSONAL MENTION.

Mr. A. J. Borie is in the city.
Judge Scott of Portland is in the city.
Mr. A. Parkhurst of Portland is in the
city today.

Mrs. J. Whisler is expected to arrive
from Denver tomorrow.

Mrs. H. H. Campbell unfortunately
sprained her ankle yesterday while at-
tending to household duties.

Among the passengers on the boat
this morning were Miss Marshall and
Miss Maie Williams, who were bound
for Portland.

DIED.

Charles Townley, who was an employe
of this office for about a year, and up to
a time a little more than a year ago, died
at his home in Columbus, Wis., Feb.
18th, of hemorrhage of the bowels, after
an illness of about three months. He is
a nephew of Miss M. E. Flinn of this
city.

Biliousness.

We are a bilious race. Half of us are
born bilious, with a predisposition to
dyspepsia. The best known remedy is
Simmons Liver Regulator. Try it.

Growth of Corals.

Corals increase by eggs, spontaneous
division and germination. The rate of
growth has not been fully determined.
Prof. Agassiz indicates the growth of
reefs at Key West at the rate of six
inches in one hundred years, and adds
that if we double that amount it
would require seven thousand years to
form the reefs in that place and hun-
dreds of thousands of years for the
growth of Florida.

tion, or money refunded. Price 25 cents
per box. For sale by Snipes & Kin-
ersly.

oranges, lemons and bananas just call

THE MARKETS.

THURSDAY, March 2.—The volume of
trade for the past week has not in-
creased materially, but has been fairly
steady. Prices continue unchanged.
There is a tendency to advance nota-
tions on sugar and beans. The market
is firm in these staples. The coffee
market, while steady, shows some indi-
cations of weakness.

The provision market rules quite
steady. The egg receipts are larger, and
while quotations are unchanged, the
tendency is a decline, as there is a feel-
ing of weakness. Butter comes in
freely and prices are skirting. The ar-
rival of poultry is limited, and former
quotations are maintained. Complaints
are made by some that the supply is
short of current demand.

Fruits—Green and dried are in fair
supply on a firm market, especially for
best quality of good keeping apples.

The grain market—There is nothing in
the present condition of the market to
comment upon. Reports from the grain
center, give out nothing to interest buy-
ers or sellers. Firmer cables were
posted in Chicago yesterday, but these
are intermittent flashes which are con-
sidered sensational and speculative, for
the purpose of relieving the distressed
holders who have bought largely on
shorts. Our own coast markets are very
quiet and have no export movement to
report. Walla Walla wheat is quoted at
46 cents per bushel for choice milling
and shipping.

The wool market reports are dull and
really dead in the free trade stocks. Sec-
ond lots of Eastern Oregon wool were dis-
posed of in Boston a few days ago at
prices ranging from 9 to 10 1/2 cents per
lb. in the grease.

— THE —
Oldest Agricultural Paper in America.

(ESTABLISHED 1819.)

To all cash subscribers of THE CHRONICLE
paying one year in advance.

The American Farmer,

1729 New York Avenue,
WASHINGTON, D. C.

THE AMERICAN FARMER, which is now enter-
ing upon its 75th year, is the pioneer farmer's
paper in the country.
It is a large eight-page paper, and contains 56
columns of the choicest agricultural and liter-
ary matter, plentifully embellished with fine
illustrations. It is

NATIONAL IN CHARACTER,

and deals with farming and farmer's interests
on broad, practical lines.

EMPLOYS THE BEST WRITERS IN
THE COUNTRY,

and everything that appears in its columns is of
the highest character. Every department of the
farmer's business is discussed in an earnest,
practical way, looking to the greatest profit and
benefit to the farmer and his family.
It appears on the 1st and 15th of each month,
and is furnished at the low price of

50 CENTS A YEAR

in advance. This makes it the cheapest
agricultural paper in the country.

FARMER LEGISLATION.

During the coming year there will be an im-
mense number of matters of the most vital in-
terest to farmers dealt with by Congress and the
Executive Departments at Washington. It is
highly important that the farmer be kept
promptly and fully informed as to what is being
planned and done affecting them at the National
Capital. They should all, therefore, take THE
AMERICAN FARMER, which, being on the ground,
has better facilities than any other papers for
getting this information, and devotes itself to
this duty. They will find in it constantly a
great amount of valuable information that they
can get in no other paper.

THE AMERICAN FARMER and THE CHRONICLE
will be sent one year for \$1.75.
