Of sorrow, grief and sin,
Short sighted man goes and buys his skates
Just before the thaw sets in.

City council meeting tonight.

A few scattering flakes of snow fell
this morning.

The jury failed to agree on the Davey
case and were discharged.

Dr. Snedaker bought the chameleon
which has been on exhibition at W. E.
Garretson's.

The auction sale at W. E. Garretson's
jewelry store will be continued this
evening at 7:30.

We are in receipt of a communication
from Portland, but cannot publish it be-
cause no name is signed.

"Sim Reed," the famous old horse be-
longing successively to Mr. A. Fergu-
son, Jud Fish and L. Burham, will
from this on be in the employ of The
Dalles City water works.

Mr. Lydell Baker has designated
Tuesday evening, the 20th instant, the
date for his lecture on Julius Caesar, in
The Dalles. We bespeak that gentle-
man an appreciative audience.

We violate no confidence in openly
announcing that old man Winter has
fled for parts unknown. In this connec-
tion we are pleased to announce that
Miss Spring, a sprightly young damsel,
has taken up her residence with us,
after an absence of ten months.

Miss May Clark, a Goldendale school
teacher, was tried before Justice Camp-
bell this week for inflicting severe cor-
poral punishment upon a pupil. She
was promptly acquitted, as the prosecu-
tion failed utterly to prove its case, and
the lady's friends made up a purse to
pay her lawyer's fee. The judge, jury
and plaintiff were loudly cheered at the
conclusion of the trial.

Mr. Robert Mays is in town from an
extensive country tour. He finds that
in all quarters stock is fat and in splen-
did condition. There has been uni-
formly excellent grass and all the stock-
men are encouraged. Feeding has not
been necessary, and if fair prices rule,
the stockmen will realize handsomely.

Stock can be taken right from the range
in prime condition for the butcher's
block.

Mr. G. B. Jacobs, travelling for the
Oregon City Manufacturing Co. of Port-
land, is in the city today. His company
has been operating one of the largest
woolen mills west of the Mississippi
river, but has been compelled to shut
down on account of being overstocked.
When asked if he was here to buy wool,
Mr. Jacobs said: "Of course not; I am
here trying to sell goods that have been
on our hands for some time. We have
quantities of wool, but cannot afford to
manufacture cloth when it only over-
stocks our warehouses."

Loyal Democrats.

A Spokane paper says Collector Black-
man has made his appointments for
Eastern Washington and they will give
general satisfaction to the citizens of
this part of the state. Col. Frank J.
Parker of Walla Walla, who is said to
have accepted one of the deputyships, is
one of the pioneers of civilization in the
Pacific northwest and a man of great
ability and unblemished integrity. Mr.
John Nestor, who has been appointed to
the other deputyship, is a well known
citizen of Bismarck, highly esteemed in
point of character and business ability
"and a loyal democrat in every respect."

JAMES SMITH.

Proposes to Collect the Taxes.

The tax roll has been placed in the
hands of the sheriff for collection, and
will be delinquent if not paid by the
first of April. The sheriff, in speaking
of the matter said: "I am going to col-
lect these taxes before I go out of office.
I don't expect to be a candidate again
for sheriff and I might as well collect
them as anybody else. Warrants would
be nearer par now if these back taxes
had been paid." The inference is plain
enough that the sheriff is going to con-
stitute himself into a vigorous collecting
agency, and tax-payers will do well to
do a little hustling before the 1st of
April.

A Rare Bottle of Wine.

Mr. M. M. Cushing, of lower 5-Mile,
showed us a fine sample of wine of his
own vintage, which is a credit to any
country. He has about 300 gallons that
with a little age will match California's
best. The grape industry in this section
is only in its infancy and in a few years
Wasco will be known for its fine wines
as well as for its fine fruits. A gentle-
man who has lived in California and
been in the wine business for many
years, has decided to make this his
future home, being satisfied that the
grape culture offers better inducements
for wine making than California does, as
the grapes are richer in flavor.

day with relatives in the city.

day.

Mrs. J. Whisler arrived from Denver,

course in the Business College, Portland,
returned home yesterday.

Judge Raleigh Stott, who has been
here for a day or two making out a bill
of exceptions in the case of Schmidt vs.
J. G. and I. N. Day, returned to Port-
land on this morning's train.

Hon. Daniel Butler of Union county,
a former resident of Wasco county, and
one of the oldest pioneers, is in the city.
He has just returned from Idaho, where
he has been on a prospecting trip for
over a year. It is reported he has dis-
covered a fine mine in that state.

R. W. Baxter, E. S. VanKuran and A.
J. Borie have filed articles of incorpora-
tion for the Columbia River Railroad
Company, with headquarters in Port-
land. The capital stock is placed at \$3,-
000,000, divided into 30,000 shares of
\$100 each. The articles state that the
corporation is intended to build and
operate a railway and telegraph line
from Portland to the town of Gobel,
and thence along the Columbia river to
Astoria. The projectors also propose
constructing a line from Flavel to Tilla-
mook Head, and into the lower Nehalem
valley, and to Vernonia fields in the
upper Nehalem valley. R. W. Baxter
and A. J. Borie are appointed by the
incorporators to open stock-books.

Pleasant Ridge News.

PLEASANT RIDGE, Or., March 1, 1894.
[Correspondence.]—As there has not
appeared any news in your paper lately
from this point, I will send you a few
notes.

Like all other places Pleasant Ridge
complains of hard times, but neverthe-
less we have been enjoying ourselves
during the winter.

We have had seven weeks of good
sleighing during which time we have
enjoyed a revival of religion and have
organized a literary society called the
Gordian Literary Society of Pleasant
Ridge, which meets every Tuesday
evening. The program for last meeting
was composed of dialogues, tableaux,
recitations and readings, interspersed
with music, followed by the discussion
of the question "Resolved that horses
are of more value than cattle." The
affirmative led by J. E. McCormick and
the negative by Joe Means, followed by
others. At times the debate became
quite spirited. The judges, Messrs.
Pugh, Root and Wagonblast rendered a
decision in favor of the affirmative. The
question for next Tuesday evening is
"Resolved that winter is more pleasant
than summer," John Pugh leading the
affirmative and Lewis Martin the nega-
tive.

The farmers on the Ridge are prepar-
ing to do considerable grubbing as soon
as the snow is gone. The south slopes
are mostly bare now.

The ground is full to overflowing with
water, and we expect a fruitful season.

The American Farmer,

1729 New York Avenue,
WASHINGTON, D. C.

THE AMERICAN FARMER, which is now enter-
ing upon its 75th year, is the pioneer farmer's
paper in the country.

It is a large eight-page paper, and contains 56
columns of the choicest agricultural and liter-
ary matter, plentifully embellished with fine
illustrations. It is

NATIONAL IN CHARACTER,
and deals with farming and farmer's interests
on broad, practical lines. It

EMPLOYS THE BEST WRITERS IN
THE COUNTRY,
and everything that appears in its columns is of
the highest character. Every department of the
farmer's business is discussed in an earnest,
practical way, looking to the greatest profit and
benefit to the farmer and his family.

It appears on the 1st and 15th of each month,
and is furnished at the low price of

50 CENTS A YEAR

in advance. This makes it the cheapest
agricultural paper in the country.

FARMER LEGISLATION.

During the coming year there will be an im-
mense number of matters of the most vital in-
terest to farmers dealt with by Congress and the
Executive Departments at Washington. It is
highly important that the farmers be kept
promptly and fully informed as to what is being
planned and done affecting them at the National
Capital. They should all, therefore, take THE
AMERICAN FARMER, which, being on the ground,
has better facilities than any other paper for
getting this information, and devotes itself to
this duty. They will find in it constantly a
great amount of valuable information that they
can get in no other paper.

THE AMERICAN FARMER and THE CHRONICLE
will be sent one year for \$1.75.
