THE AMICK TREATMENT.

Two Parties at Least in This Neighborhood Using It.

The discovery of a remedy for consumption by Prof. Amick of Cincinnati has recently received considerable attention by the press of the United States, though little has been said concerning it for several weeks. The experiences related tending to show its efficacy have generally been so far away and so hard to authenticate, that it has aroused but little interest locally. A reporter has, however, learned of two parties well known in the city, who are now using this treatment, and a recital of how it has affected them will be of direct interest. These are Mr. I. I. Burget and Miss Jennie Steele, both of whom are afflicted with consumption, that dread disease which is responsible for one-seventh of the deaths from maladies of the human kind.

Mr. Burget has had consumption for two years, and has been taking the Amick remedy for about six weeks. Though it is yet too early to designate it a fair test, Mr. Burget's greatly improved condition in these several weeks warrants the statement that it is beneficial. He said today that he feels stronger than for a year, and since using the medicine has had but one slight hemorrhage. He has not lost any weight and he believes that his lung capacity has already increased.

Miss Jennie Steele was in the last stage of consumption before she began using this treatment, and there is no hope of affecting a cure in her case, but the medicine has prolonged her life and made her existence more pleasurable while living. She has been taking the Amick treatment four months. At the time she began it was believed she could live but a few days, and was so weak that she was confined to her bed, from which it was believed she would never arise. An improvement took place at once, however, and soon after she was up around the house. But the seeds of the disease were too deeply set to be eradicated, and it is believed she cannot permanently recover.

If Mr. Burget regains his normal health, an event which gives every promise of being realized, the evidence will be enough to convince anybody who knows him that Prof. Amick is a benefactor of the human race.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Mrs. Gibson's Parents.

The Fossil Journal reprints the article in THE CHRONICLE concerning Mrs. Gibson and her child and comments thus on her parents:

Mrs. Gibson's parents are respectable but poor. As Mr. Bledsoe is in poor health, and Mrs. Bledsoe takes in washing to help support the family, it will probably be best for all parties to let the child remain where she is. The unfortunate woman eloped with Gibson against the wish of her parents, who prior to the elopement had sternly forbidden her to have anything to do with him. He is part Indian and has been a morphine fiend for many years; and to him is attributable the sad condition of his wife and child.

Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If "la grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. PERSONAL MENTION.

Mrs. Sears, mother of the little child who died this morning, arrived in the city last night.

Miss Blanche Rothrock went to High Prairie today, to enter upon her duties as a school teacher.

Mrs. J. F. Haworth was a passenger on the Regulator this morning for Portland to visit friends and relatives.

The many friends of William Beezly, who was lying at the point of death in Baker county, will be glad to learn that he is now in a fair way to recovery.

MARRIED.

At the residence of W. D. Richards, near Fairfield, Wasco county, Or., March 4, 1894, Richard Elmer Haworth to Miss Lillie A. Richards, by Rev. G. W. Barnhart.

The bride is the accomplished daughter of W. D. Richards, and the bridegroom a successful contractor of Portland, Or. The wedding was a quiet one, only the relatives and a few of the intimate friends being present. After the ceremony the friends were invited to the dining room, where the table almost groaned under the many good things that had been prepared by Mrs. Richards. Immediately after dinner Mr. and Mrs. Haworth left mid a shower of rice and old shoes for Portland, where the bridegroom has a home prepared for them. We join with the many friends in wishing them a happy journey together through life.

NEWS OF THE STATE.

Deputy Sheriff Wm. Cowan of Grant county, writes to a friend in Baker City that the officers have located Jack Hamlet, the murderer of Ben Gammie, between Caleb and Mitchell, Grant county, and that he will either starve to death or be compelled to give up. The murderer's horse has been taken from him and he has no means of escape.

The meanest man on record has been discovered in Douglas county, near Stockton. He sold his son-in-law half a cow and then refused to divide the milk, maintaining that he sold only the front half. The son-in-law was required to provide the food the cow consumed and carry water three times a day. Recently the cow hooked the old man and now he talks of suing the owner of the front half.

A party of Jacksonville belles arrayed themselves in masculine attire and went quietly out to view the city by lamplight, but their awkward gait soon gave their cute ruse away, and they fled precipitately to their homes. The questionable comment that the circumstance has occasioned since, will probably convince the young ladies that it will be best not to outrage the proprieties by such thoughtlessness again.

An Old Colonial Horror.

At Freehold, N. J., a negro was once executed in a manner that would have made the torturers of the middle ages blush with envy. An old document in the clerk's office at that place tells the tale: " * * * Therefore the court doth judge that thou, the said Caesar, shall return to the place from whence thou camest, and from thence to the place of execution, where thy right hand shall be cut off and burned before thy eyes. Then thou shalt be hanged by the neck till thou art dead, dead, dead; then thy body shall be cut down and burned to ashes in a fire kindled for that purpose, and may the Lord have mercy on thy soul."

BUSINESS OF BAPTISTS.

Proposition Rejected--Delegates Elected--A Missionary for the Field.

The Baptist Missionary Board was in regular session today. A proposition to co-operate with the Home Missionary Society of New York was rejected, without argument.

The election of a representative and alternate to attend the Southern Baptist convention, which meets at Dallas, Tex., in May, resulted in the selection of the corresponding secretary of the board, J. E. Horn, of Haines for representative and Rev. J. W. Oliver of McMinnville for alternate.

A motion was made to place a general missionary in the field for the North Pacific coast, and after an extended discussion, it was unanimously carried. The occasion of discussion related more to the matter of funds than anything else, some of the board being of the opinion that the times were too hard to justify the board going to this expense, unless the individual employed was enthusiastic enough to take the field without a guaranteed salary. The prevailing opinion, however, was that the board should guarantee this salary in the usual payments, and it was so ordered. To a committee of three--Revs. J. E. Horn, J. W. Oliver and E. P. Waltz--was referred the task of making the selection. After prayer by Rev. Woody the board adjourned to meet at the call of the chairman.

There were today, at the Baptist convention, besides those mentioned yesterday, Rev. J. E. Horn, president of the Board, of Haines, Rev. C. P. Bailey of Dayton, Wash., Rev. E. F. Waltz of North Powder, Rev. M. F. S. Henton, field editor of the Baptist Sentinel. Among the visitors are Rev. C. A. Woody of Portland, Rev. Sherman, pastor of Emanuel church, Portland, and Rev. John Lynch, McMinnville.

Talks with God.

Frank Parrish, the boy preacher, writes to his sister in Fossil as follows, from 8-Mile, Morrow county, under date Feb. 22d: "Still in the ring. Have had about seventy conversions since I started in my meeting here. It's wonderful how the Lord is with me. I have preached nearly every night for four weeks. The country is taken by storm it seems. One was converted by going into a trance--went to heaven and saw hell. He was a cripple, but is cured now--entirely cured. God is good. Everyone here is thoroughly awakened. I may start out as an evangelist and take the man with me. He talks face to face with God."

DIED.

High Living.

If you keep at it, is apt to tell upon the liver. The things to prevent this are Dr. Pierce's Pleasant Pellets. Take one of these little pellets for a corrective or gentle laxative--three for a cathartic. They are the smallest, easiest to take, pleasantest and most natural in the way they act. They do permanent good. Constipation, Indigestion, Bilious Attacks, Sick or Bilious Headache, and all derangements of the liver, stomach and bowels are prevented, relieved and cured. They're guaranteed to give satisfaction in every case or your money is returned.

The worst cases of Chronic Catarrh in the Head yield to Dr. Sage's Catarrh Remedy. So certain is it that its makers offer \$500 reward for an incurable case.

The snowfall is from five to ten inches deep throughout the country near The Dalles.

The dancing school of '94 will meet tomorrow night at Armory hall. Friends are invited.

Mr. A. C. Sanford informs us that snow fell at Wamic on the 5th, to a depth of six or seven inches.

Sheriff Ward left this morning for Salem, having in charge young Wetle, sentenced to one year in the penitentiary.

Rev. C. A. Woody, editor of the Pacific Baptist, delivered a sermon in the court house last evening, a very stirring and logical plea for the unconverted to lay hold upon eternal life. Tonight Rev. C. B. Bailey of Dayton, Wash., will preach in the same place.

Work was begun today in laying the new rails designed for use between The Dalles and Portland. The track is to be re-laid entire with heavier rails, suitable for heavier engines, and it will require the services of a train-load of men for a year. The work was begun in the yard here. The heaviest work will begin three miles west of this point.

That was a mean joke they played on Tibbetts, or rather his dog. The animal was run over by a delivery wagon, splitting his foot. Some of the boys tied splints on it, so that the animal could not put down 3 and carry 1, as is the custom with canines in problems of this kind, and the dog was compelled to put down his injured foot at every step, causing the animal considerable unnecessary pain.

The weather continues stormy, interspersed with rain and snow. Higher altitudes are covered with snow, varying in depth from five to fifteen inches, all of which has fallen during the last thirty-six hours. At this place, the light snowfall of yesterday and this morning all disappeared before eleven o'clock in the forenoon. The temperature ranges from 33 to 48 degrees.

Oldest Agricultural Paper in America.

(ESTABLISHED 1819.)

To all cash subscribers of THE CHRONICLE paying one year in advance.

The American Farmer,

1729 New York Avenue, WASHINGTON, D. C.

THE AMERICAN FARMER, which is now entering upon its 75th year, is the pioneer farmer's paper in the country. It is a large eight-page paper, and contains 50 columns of the choicest agricultural and literary matter, plentifully embellished with fine illustrations. It is

NATIONAL IN CHARACTER,

and deals with farming and farmer's interests on broad, practical lines. It

EMPLOYS THE BEST WRITERS IN THE COUNTRY,

and everything that appears in its columns is of the highest character. Every department of the farmer's business is discussed in an earnest, practical way, looking to the greatest profit and benefit to the farmer and his family.

It appears on the 1st and 15th of each month, and is furnished at the low price of 50 CENTS A YEAR in advance. This makes it the cheapest agricultural paper in the country.

FARMER LEGISLATION.

During the coming year there will be an immense number of matters of the most vital interest to farmers dealt with by Congress and the Executive Departments at Washington. It is highly important that the farmers be kept promptly and fully informed as to what is being planned and done affecting them at the National Capital. They should all, therefore, take THE AMERICAN FARMER, which, being on the ground, has better facilities than any other paper for getting this information, and devotes itself to this duty. They will find in it constantly a great amount of valuable information that they can get in no other paper.

THE AMERICAN FARMER and THE CHRONICLE will be sent one year for \$1.75.
