Weather Forecast.

Weather forecast—Wednesday fair; Thursday rain or snow, slight temperature changes.

MARS' MONTH.

A Record of Lesser Events for the Thirty-one Days.

Woodman, chop that tree! Spare not a single twig; Its switches have caused me To dance full many a jig.

The cause of the delay of the local train yesterday was a washout this side of Rowena.

The circuit court at Moro indicted two men named Douglas for house-breaking. There will be one civil case for trial.

The marshal gives public notice of his intention to strictly enforce the ordinance relating to cows and dogs, and the pound will probably soon resemble a menagerie.

Mr. Saltmarsh dislocated his arm yesterday, by falling, while chasing a dog. Luckily a bystander knew what to do and he pulled the bones in place again. This morning, barring a soreness, he is as well as ever.

Last Saturday night a large deer came down from the mountains into the city limits, and undoubtedly his introduction to electric lights and things that are vain changed his deership's course to the fields of snow again.

A report is current that Stacy Show was instantly killed by being thrown from a horse and breaking his neck, at Seattle. It is quite positive the report is an error, since no news of such a nature has passed over the wires.

Mr. C. J. Crandall left for Hood River this morning. Hood River is to have a fine school building erected this year, and Mr. Crandall, who is the architect for this county, has gone down to that thriving little city to look over the plans, etc.

Some small-minded and criminally-disposed parties have been stealing the timbers used for railings on the Des Chutes bridge. Mr. J. E. Harris believes he knows who the guilty parties are, and will have them indicted unless they return the stolen property.

Workmen on the brewery bill yesterday unearthed the bones of an infant child, which at some time past had been

laid in the rocks, secure from probable discovery. Only a few partly decomposed rags accompanied the remains. It is thought it was formerly a papoose.

No. 1 has not yet arrived, nor can it arrive before tomorrow at least. The cause of the delay is a heavy washout in Idaho. The train has not passed the washout yet. There is also a disastrous freight wreck reported this side of Huntington, but this will be cleared up before the train reaches it.

Now that the Union street cut is about finished why cannot the sidewalk be put in place on the east side, that pedestrians can get along without stumbling over rocks, rubbish and through the mud. It occurs to us that this could be done at once, and in so doing accommodate the people going and coming off the bluff addition.

CORRESPONDENCE.

Neighborhood News Contributed by Local Writers.

WAMIC.

We are having high winds and very disagreeable weather.

The snow has all left us, going off with a heavy rain, causing high waters and much mud.

Sheep shearing crowds are already organizing for the spring shearing but expect a fall in price of wags.

Although a great many sold their hogs from this locality on foot last fall still we have eight or ten tons of bacon cured here which will be put on the market in the spring.

Stock all look fine, a large number having wintered on the range without any care. Even hogs have come through the winter without having been fed a grain of wheat and look well. This fact accounts for the prosperity of the farmers of this locality, notwithstanding they seem to be so far from market.

I see by your last paper that the sheriff intends to try and force collection of taxes. As this, it seems, is a very unwise act, as there is not enough money in the county outside of The Dalles "even if it was distributed among the farmers" to pay their taxes, and to sell our property under the hammer means ruination to many, and the question arises, who has the money to bid in these tax sales that will do it? As I understand the law, a person has one year to redeem his property and the purchaser would only be loaning out his money until that time. If there is not enough money with the county treasurer to pay off the outstanding warrants, the holders of them are compelled to wait until there is money to pay them with, and if we are compelled to wait on the county, why not the county wait on us until we have had a chance and opportunity to raise it in the spring. This will not injure anyone and help all to ride over the hard times which none of us could help. If there is no other way we had better run our present sheriff for a second term.

REPORTER 9.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Mexican Silver Stove Polish causes no dust.

A WAMIC SCHEME.

A Good Thing to Hug, if It Is Only a Phantom.

WAMIC, Or., Mar. 12, 1894.

In these hard times—made harder still by the tax-gatherer's yellow miseries, bearing on their face a message which "doth provoke grief and consternation"—the taxpayer is forced to think, and to think of ways to lessen the tax and, if 'twere possible, to avoid it altogether.

While in this mood ye writer dropped on to a scheme, which, with patience and fair management, promises this long-wished-for result. This little, innocent, newly-formed and unchristened child of my brain I lay unwashed, as he is, before you. Here he is:

Suppose that the county of Wasco, as a county, should at some convenient time issue 8 per cent bonds for the amount of \$200,000, and with the proceeds construct an electric railroad from The Dalles to White River Falls, distance 35 miles. Look at the map of Oregon and you will see that the trade will be very great. All of the wheat, hogs, wool, beef cattle, etc., for a vast inland region will be tapped. It costs only about one-half as much per mile to build and equip electric roads as it does to build the old-fashioned steam power roads. The careful economist, who cares to study the question, will conclude that this electric road will earn enough in ten years to pay off the bonds, interest and all. The after earnings can be used to pay the expenses of the county government and to pay each citizen's state tax.

This is a pleasing hope; perhaps only an illusive phantom of hope. Let's hug it a while, anyway. F. S. G.

A Reply.

Having noticed in Tuesday's CHRONICLE that one of the city councilmen, a Mr. Butts, wished to have the fire warden censured for not having an outside stove pipe, running out of the roof of a China house adjoining the Columbia hotel, properly fixed, I wish to say that James Benton, of Maier & Benton, took down the old pipe which ran alongside of the building, and which was very dangerous, replaced it with a new pipe, put on an angle, and it now stands out from the hotel about three feet and has a hood on the pipe properly wired, etc. This work was done by my orders, and I consider the work properly done and quite safe. I did not report my orders to the council, as I considered it unnecessary; but, in obedience to their orders, will have the work done as they request. J. S. FISKE, Warden.

Arrangements Completed.

Mr. J. H. Thatcher returned to Portland today, having completed arrangements for a telephonic exchange in The Dalles. The Dalles will start in with an initial membership of thirty-five and others may join at any time. The CHRONICLE has ordered an instrument and will thus be among the first of the offices placed. Printed cards will be furnished each office or "call," designated by number. The line is expected to be in working order by the first of the month, and work will be soon begun stringing the wires. The uniform rate will be \$2 a month.

Independent Workers Again.

Monday evening the I. O. G. T. people again met at Fraternity hall. Chair-

man H. H. Learned called the meeting to order and the secretary made the report that there were now forty-one names on the application for a new charter; and the whole amount of the charter fee was in the hands of the treasurer. The secretary was instructed to send list of names and the charter fee to the G. C. T. The following committees were then appointed: Committee on invitations, E. H. Merrill, C. H. Brown, D. C. Wagle. Committee on refreshments, Mrs. E. Joles, Mrs. C. Frazier, Mrs. M. Learned. Committee on music, Mrs. Frazier, Mrs. Daniels, Mrs. C. E. Dufur. Then the young people spent a pleasant evening, some in social conversation, and others in a little hop.

KNOW NOTHING.

PERSONAL MENTION.

Attorney H. H. Riddell returned from Moro this morning.

Mr. and Mrs. J. H. Taffe of Celilo are in the city today shopping.

Geo. R. Drake is lying dangerously sick at Mr. Jas. Ferguson's.

Mr. J. H. Kolman, a merchant of Heppner, is in the city today.

Mr. C. J. Coatsworth will start on a trip to Southern California next week.

Mr. A. Bettingen was a passenger for Portland this morning on the Regulator.

Deputy Sheriff Phirman has gone on a short run to the Cascade Locks today.

Mr. T. L. Roberts was an outgoing passenger this morning on the steamer Regulator.

Mr. J. C. Luckey arrived in the city yesterday from Warm Springs, and this morning left for Portland.

Mr. D. L. Cates of Cascades is in the city. He reports everybody busy at the locks and the contractors pushing things lively on the canal.

A letter received in the city a day or so ago from the Rev. Bronsgeest states that he will finish visiting friends in Europe and return home the first week in April.

BORN.

In this city, March 14th, to the wife of Jas. Ferguson, a son.

Real Estate.

J. W. Condon, assignee for P. T. Sharp, to Mrs. Grace Coatsworth, 471 acres in sections 12 and 13, township 1 north, range 13 east, W. M.; \$13.

John M. Davis to Eliza Davis, 120 acres in section 25, township 4 south, range 14 east, W. M.; \$300.

GOOD NEWS.

Even at a Time When There Is a Plethora of It.

Mr. A. M. Kelsay returned this morning from Antelope, and gives the most encouraging news from that precinct, even at a time when encouraging news is somewhat at a discount by reason of the supply. He states that there is but one democrat left at Antelope and he is at the mourner's bench. The most prominent neophyte is Mr. A. Keating, a democratic patriarch of Virginia for long years. At a recent mass meeting he recounted his long connection with the party, and said that for the few remaining years of his life he proposed to work with the people among whom he was situated and in the country where he gained his livelihood, and would henceforth vote with them. The old gentleman was greeted with a storm of applause. Among the most prominent young republican workers is Bro. E. M. Shutt, of the Herald, who is running a sprightly country newspaper at Antelope, which is eagerly looked for on publication day each week. The republican club just organized at Antelope begins with a membership of 62, which will be increased to 100 before it is two weeks old. Mr. C. V. Lane was elected president, Wilbur Bolton vice president, E. M. Shutt secretary, Frank Irving treasurer, and E. C. Dickinson sergeant-at-arms.

Mothers, and especially nursing mothers, need the strengthening support and help that comes with Dr. Pierce's Favorite Prescription. It lessens the pains and burdens of child-bearing, insures healthy, vigorous offspring and promotes an abundant secretion of nourishment on the part of the mother. It is an invigorating tonic, made especially for women, perfectly harmless in any condition of the female system, as it regulates and promotes all the natural functions and never conflicts with them. The "Prescription" builds up, strengthens and cures. In all the chronic weaknesses and disorders that afflict women, it is guaranteed to benefit or cure or the money is refunded.

For every case of Catarrh which they cannot cure, the proprietors of Dr. Sage's Catarrh Remedy agree to pay \$500 in cash. You're cured by its mild, soothing, cleansing, and healing properties, or you're paid.

A REACTION on the separatist question has set in in Norway, and the separatist party, who want the union between Norway and Sweden repealed, is losing ground in the country districts. The rural populations are, it is said, beginning to realize that the union is a source of strength to Norway, and while they can see what they would lose by separation the advantages to be gained are not clearly apparent.

A Million Friends.

A friend in need is a friend indeed and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs, and Colds. If you have never used this Great Cough Medicine, one trial will convince you that it has wonderful curative powers in all diseases of Throat, Chest and Lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at Snipes & Kinersly's drug store. Large bottles 50c and \$1.00.
