The Oregon City platform favors dispensing with the state militia. They were very handy yesterday to Gov. Waite.

The populist platform slurs the tariff issue entirely. If they shricked for free trade, as they did two years ago, they would irrevocably offend the wool growers of Oregon. Hence they grind out some other tune.

It rarely happens that a man does not know in what state he lives, but the surveyors who located the boundary between Pennsylvania and Delaware discovered such a case. A stanch democrat, who supposed he lived in Delaware, was running for office in a democratic county, and finds that he lives just 100 feet within the state of Pennsylvania, in a republican district.

Some of the Southern Oregon papers are trying to boom Charlie Nickell, of the Democratic Times, for congresssman in the place of Binger Hermann. What's the matter with Hermann? He has been and is filling the position with marked credit to Oregon and himself, and to make a "change" would be on a parallel with November 8th, 1892. The people have had enough of "change," without any more monkeying business.

Bill Nye has gone into politics. He says: "Go where you will in this country today, and you will find men talking about the tariff and tax on raw material who haven't had a mouthful of raw material or any other kind in their house for weeks, except as their wives have earned it and brought it to them. The country is full of men who have thought so hard for the commonwealth that the seat of their trousers shines like the dome of the Iowa state house."

While populist and democratic demagogues are laying their heads together and considering how best they can defeat the republicans in the June elections, the intelligent voter is asking himself the question "How shall I work as to bring about a treturn of good times?" That is just now the real question at issue. The one great thought that now perplexes the minds of most men, is not whether he will fuse with this one or with that one, but where the next dollar is coming from, and few men will care who they elect so long as they can get a chance to earn a living. Mere politics don't count for much in these days; but wherever elections have been held so far in this year of grace, it would seem that the large majority of voters look upon "republican success" and "returning prosperity" as synonymous terms .- Portland Chronicle:

The voting population of the city of Ashland is about 400, of whom forty or fifty are populists. Last Monday, says the Tidings, the populists concluded to capture the school meeting, and they did so. They mustered about twothirds of their whole voting force, and other people paid as little attention to the school meeting as usual, so that only about sixty votes all told attended the meeting and the populists had a majority of the votes. They had been very slyly preparing for this great coup in secret caucuses for several weeks-the plutocratic office holders of the school district must be cleaned out and the new era of populism planted at once. The school election was a good place to plant it, and the edict went forth to turn out and populize the school meeting. When the election came up, no populist seemed to be anxious to sacrifice himself upon the thorny eminence of the school directorship for three years of unpaid public duty of a very annoying kind-there is no salary attached to the office of school director. But when it comes to school clerk, that is a different matter-the clerk gets fees for his work. The populists concluded that the clerkship was their oyster-and so it was. They nominated and elected T. W. Bryant over C. H. Gillette, who is one of the most efficient and careful school clerks the district has ever had.

The dancing contest, which was to take place at Armory hall Saturday night, will occur April 7th. Badges are good for one soirce only.

UNCLE SAM'S BIG FLEET.

It Is Scattered All Over the Earth Pro-

tecting American Interests.
At no time within recent years has the United States government been so well represented in foreign waters by an armed naval force, nor so poorly provided for in ships at home, as at present. Three big cruisers are at Rio Janeiro, two more are on their way there, and this number will be increased to six by the monitor Miantonomoh. The gunboat Yorktown is at Callao, Peru, and the corvette Alliance has sailed to join her, from La Libertad. The old Yantic is stationed permanently at the mouth of the Rio de la Plata, charged with the duty of attending to American interests in adjacent territory.

The Ranger, which sailed from La

Libertad recently for Corinto, Nicaragua, is assigned to the west coast of Central America, where revolutionary outbreaks are so frequent, while the corvette Kearsarge, now en route from New York to San Domingo to afford protection to American life and property in the threatened uprising theres will cruise about the West Indies, and, until relieved by the cruiser San Francisco, along the east coast of Central America. The Philadelphia and the Adams are at Honolulu. The Asiatic or China station, which has become se important through the hostile feeling of the Chinese toward Americans over the exclusion law, has six vessels at tached to it, and it is expected that the Machias, now at Brooklyn, will sail soon to join them.

The North Atlantic or home station has nominally five, but actually only one vessel in commission to its credit. for the San Francisco is on her way to Rio, the Kearsarge is bound for San Domingo (which can hardly be called "home" port, although within the lines of the station), and the Machias is destined for China. The dynamite cruiser Vesuvius is therefore likely to be the sole war vessel left for service on the eastern coast of the United States, and the practicability of the Vesuvius as an effective battleship is in serious doubt. At the navyyard at Mare Island, Cal., the old Mohican is fitting for sea service, presumably in the South Pacific. The coast defense vessel Monterey is also at Mare Island.

LAND BARONS.

They Hold Millions of Acres of Swamp Land in Louislana.

The New Orleans Picayune prints a table of the land barons of Louisiana and their holdings of unimproved timber and swamp tracts, from which it appears that alien syndicates, compa-nies and individuals own more than 2,200,000 acres. One syndicate claims 400,000 acres, several possess 100,000 and more and holdings of from 20,000 to 90,000 acres are not uncommon. Most of this land is owned in the western states, but to capitalists of New York and Philadelphia several hundred thousand acres belong. The Picayune explains that origin-

ally the United States owned all of the lands in Louisiana other than those which at the time of the cession by France were held by private persons or corporations. Subsequently what were known as swamp lands, that is to say, lands that were subject to tidal overflow from the sea or were annually flooded by the Mississippi, became the property of the state, with the provision that it should sell them for the purpose of raising a fund to build levees. A considerable territory, consisting of prairie and forest lar retained by the United States to besold as homesteads. Such a disposition was made of this land, but it is now largely in possession of syndicates. The Picayune's table includes the swamp, homestead and sea-marsh The last named, a lion's share lands. of which has been acquired by the Watkins syndicate, must be drained and diked like the Holland coast, and some progress in this work has already

Mothers, and especially nursing mothers, need the strengthening support and help that comes with Dr. Pierce's Fa-vorite Prescription. It lessens the pains and burdens of child-bearing, insures healthy, vigorous offspring and pro-motes an abundant secretion of nourishment on the part of the mother. It is an invigorating tonic, made especially for women, perfectly harmless in any condition of the female system, as it regulates and promotes all the natural functions and never conflicts with them.

The "Prescription" builds up, strengthens, and cures. In all the chronic weaknesses and disorders that afflict women, it is quaranteed to benefit or cure or the money is refunded.

For every case of Catarrh which they cannot cure, the proprietors of Dr. Sage's Catarrh Remedy agree to pay \$500 in cash. You're cured by its mild, soothing, cleansing, and healing proper-ties, or you're paid.

THE opera of "Richard III.," by Salvayre, has been produced in Rouen with tremendous success. It is said to be a production of the first rank and bound to be heard in all the principal opera houses of Europe.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.

S. P. SMITH, of Towanda, Pa., whose constitution was completely broken down, is cured by Ayer's Sarsaparilla. He writes:

"For eight years, I was, most of the time, a great sufferer from constipation, kidney trouble, and indigestion, so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never in so good health. If you could see me before and after using, you would want me for a traveling advertisement. I believe this preparation of Sarsaparilla to be the best in the market to-day."
