The committee on order of business next reported. The report is as follows:

1. That the temporary organization be made permanent.

2. That the state delegates be elected first and that they be elected by districts.

3. We recommend that the following order prevail:

Sheriff.
County school superintendent.
County treasurer.
Assessor.
Coroner.
County surveyor.
County commissioner.

The report was adopted, Mr. Dufur of the minority arguing against its adoption on the ground that section 2 of the report should not come until after the county candidates were chosen.

Mr. Moody moved that a committee of five be appointed to district the county for the purpose of naming delegates to the state convention. The motion was carried and a recess of twenty minutes was declared to enable the committee to transact that business.

Messrs. M. A. Moody, A. E. Lake, H. C. Rooper, A. C. Cooper and H. H. Dufur were named as such committee.

Upon reassembling the committee recommended the following districting for delegates to the state convention:

Columbia, 2; Des Chutes, 2; Nansene, 3; Baldwin, 3; 8-Mile, 2-12; Dufur, 4; Kingsley, 3; Tygh, 2; Mosier, 2-11; Hood River, 7; Locks, 4-11; Wamic, 3; Oak Grove, 2; Bake Oven, 2; Antelope, 4-11.

The precincts of The Dalles 3 and one delegate-at-large by the whole convention.

The report was adopted and a recess taken till 3 o'clock.

At 3 o'clock the committee reported the delegates named for the state convention as follows: Albert Roberts, M. J. Anderson, J. C. Murphy, E. S. Olinger, Wm. Floyd, L. L. McCartney, Malcolm Moody and A. E. Lake, the last-named a delegate-at-large.

Balloting for county candidates was then taken up. F. C. Sexton was nominated for sheriff.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

An Old Farmer Buncoed.

OAKLAND, Cal., April 3.—Daniel Culp, an old farmer of Hayward, was buncoed out of \$1000 by three men yesterday. After discovering that he had been swindled, Culp went out to a cabin, about five miles from his home. An hour or two later two workmen found that he had shot himself with a rifle. He had a fearful gash alongside of his head, but was still living, and the doctors say they do not think the bullet reached the brain. Some years ago Culp was wealthy, but he had been embarrassed with debts, and it is said that he had intended using the \$1000 which he lost to meet some pressing claims.

Mrs. Emily Thorne, who resides at Toledo, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain Balm and that she has also used it for lame back with great success. For sale by Blakeley & Houghton, druggists.

NEWS NOTES.

Admiral Ronham has been ordered home. He is to be placed on the retired list.

Representative Wilson is expected to be on hand to manage the tariff bill when it reaches the house.

The house got a quorum yesterday and Joy was declared not entitled to a seat and John J. O'Neill was voted in.

The Tacoma city election yesterday was overwhelmingly republican. The democracy did not elect a single candidate.

The election in Omaha, Neb., yesterday cut no political figure. The question was license or prohibition, and resulted in defeat of the prohibitionists.

Albuquerque, N. M., had the hottest city election ever held yesterday. The entire republican ticket was elected. Too much democratic rule did the business.

Governor Tillman addressed the militia yesterday. He said he was more determined than ever. If the mayors do not make the police do their duty, he will ask the legislature to empower him to remove them.

The Denver Typographical Union has notified Congressman Bell that they will endeavor to indorse the bill establishing a postal Telegraph system, and putting the telegraph system under governmental control.

There was a riot yesterday afternoon in Kansas City between A. P. A. and anti-A. P. A. politicians. One man was killed, two mortally wounded, and several seriously injured by stray bullets. The trouble was over swearing in deputy marshals who attacked the A. P. A. workers.

Interest in the Breckinridge trial was intensified yesterday over the presence of two strange ladies sitting at the table with the Pollard forces. It is surmised that one is Louise Lowell, the stenographer to whom the alleged letters were dictated by Colonel Breckinridge. Judge Bradley does not seem to relish the testimony of Colonel Breckinridge.

NEWS OF THE STATE.

A baseball club was organized last week in Erineville.

William Slavin, a blacksmith 50 years of age, who came to Portland from Seattle shortly before last Christmas, was accidentally drowned in the Willamette there. His body has just been recovered.

Mr. W. P. Putnam, has just closed a bargain with Taylor Hill, by purchasing Mr. Hill's ranch, about 500 acres and 1,000 head of cattle, the consideration being \$14,500. The ranch is one of the finest hay farms in Eastern Oregon.

J. L. Downing and J. Law, two men who started from Eugene for the Bohemia mines a little over two weeks ago, are supposed to have perished in the mountains in that region. They were followed by their tracks until a fresh fall of snow covered them. The search has been kept up for 11 days now. They have undoubtedly perished.

Copp's Settler's Guide—New Edition.

Henry N. Copp, the well-known land lawyer of Washington, D. C., has issued a new edition of his popular Guide for homestead and other settlers on the public domain. The price is 25 cents. More than 500,000 copies of this valuable exposition of the public land system have been disposed of. It is the settler's "vade mecum," and should be in the possession of every man and woman who seeks a home on Uncle Sam's farm. Mr. Copp wants immediately the address of every settler who paid \$2.50 an acre for government land inside any forfeited railroad grant. He has valuable information for such settlers or their heirs. Send your address at once to Henry N. Copp, Washington, D. C.

OUT OF THE FRYING PAN

Has come not a little knowledge as to cookery—what to do, as well as what not to do. Thus we have learned to use

COTTOLENE,

the most pure and perfect and popular cooking material for all frying and shortening purposes.

PROGRESSIVE COOKING

is the natural outcome of the age, and it teaches us not to use lard, but rather the new shortening,

COTTOLENE,

which is far cleaner, and more digestible than any lard can be.

The success of Cottolene has called out worthless imitations under similar names. Look out for these! Ask your Grocer for COTTOLENE, and be sure that you get it.

KENT.

George Daughterty, a son of William Daughterty and brother of Andrew and Mary Daughterty, is stopping with his father this spring.

Fall grain and volunteer looks well and is growing fine. Most farmers are busy trying to get in a little spring grain. Some are plowing sod.

We are having fine weather in this part, but lots of moisture. If we could only have a dry spell of three or four weeks and then more of this rain, we would have one of the best crops that Oregon ever produced.

Rev. Morrison preached at the school house yesterday to quite an attentive audience. A Christian Endeavor society was organized after the meeting. They have twenty-two members to begin with and prospects for more.

A short time ago I read in THE CHRONICLE that there were some German families who wanted to come to this country to buy farms. I would like to say for the benefit of those who are looking for land that there is every amount of land here that can be taken as homesteads. The land is that which has been held by The Dalles Military road, and was only opened for settlement last June. It is as good land as there is anywhere in Eastern Oregon, and we have quite a number of Germans here. They all seem to be doing well too.

The republicans held their primary at the school house on last Wednesday. They nominated John Donahue our democratic squire for justice, and as Sherman county did not have any brave men they went over into Wasco county and nominated Louis Schadewitz constable, a democrat also, (perhaps I should say reformed democrat.) They also organized a W. R. Ellis club. There is to be republican speaking at the school house on the 19th, and it will be followed soon after by the populists and the prohibitionists. Quite an interest is being taken in politics in this precinct, but as yet the democrats are not in it. We would like to see them come out and show their colors, if they have any. Now is the time. Don't stand back because the republicans think you are the cause of the present hard times, for we do not all think so.

UNCLE IKE.

ENDERSBY.

Rev. Brigham gave the residents of 8-Mile a discourse Sunday evening.

Miss Annie Patterson has returned from The Dalles where she has been visiting friends.

The faithful followers of Josiah Walton can occasionally be seen plying their vocation along the banks of the turbulent streams.

Miss Hattie Hill of The Dalles, who taught in this district last fall and winter, began a three months term Monday. Miss Hill is a universal favorite among her pupils and they welcome her return.

There will be a political lecture on hard times at the Grange hall this even-

ing. The principal speaker is a populist and we anticipate a lively tumult as the Pennoyer sentiment is quite high in this locality.

The ground has been dried out considerably by the blustering winds of the last few days. Farmers are improving their opportunity by running two or more teams, as they have been delayed by the recent rains.

A Sabbath school was organized at Endersby, Sunday, by Rev. W. R. Winans of Salem, who is traveling throughout the state establishing Sabbath schools of different denominations. G. W. Fligg was chosen superintendent with Mrs. William Endersby assistant and G. R. Campbell as secretary and treasurer.

The democratic primary was well attended considering the present financial depression, and resulted in the election of John Doyle, Charles Wagonblast and Harry Mayhear as delegates to the county convention. Frank Marsh was nominated for the office of constable and Harry Mayhear as justice of the peace.

Crop-Weather Bulletin.

The first of the series of bulletins for the present season, issued by the Oregon State Weather service, has been received by this office. These bulletins convey much valuable intelligence for the producers. The following is the report for Eastern Oregon:

Weather—The weather conditions in eastern sections during the winter were similar to those encountered in the western portions; the weather was cool and the precipitation excessive. The precipitation in the form of snow in the counties of Union, Klamath, Lake and Harney. In the Columbia river valley counties mostly rain fell. Since the 20th of March the sunshine has been much more than the average, showers have been less frequent and the temperature warmer.

Crops—The season is later than the average. Cool weather has hindered progress in vegetation. This condition is more noticeable in the counties south and east of the Columbia river valley, where the presence of snow has delayed farming operations. However, farmers hail with delight the present favorable conditions, knowing that the moist condition of the soil will produce flattering results. In counties where farming is done by irrigation, the ground is wet deeper than it has been for years. Much moisture is expected from melting snows.

Wheat, the staple product of the Columbia valley, is in the best condition known for years. The prospects for a good wheat crop in the Columbia and Walla Walla valleys are excellent. Stock wintered in good condition. Horses and sheep have been turned into the hills, but cattle are still being fed. Some peach trees have commenced to bloom along the Columbia river.

Now is the time to kill squirrels. Sur-

CASTORIA

for Infants and Children.

THIRTY years' observation of Castoria with the patronage of millions of persons, permit us to speak of it without guessing. It is unquestionably the best remedy for Infants and Children the world has ever known. It is harmless. Children like it. It gives them health. It will save their lives. In it Mothers have something which is absolutely safe and practically perfect as a child's medicine.

- Castoria destroys Worms.
- Castoria allays Feverishness.
- Castoria prevents vomiting Sour Curd.
- Castoria cures Diarrhoea and Wind Colic.
- Castoria relieves Teething Troubles.
- Castoria cures Constipation and Flatulency.

Castoria neutralizes the effects of carbonic acid gas or poisonous air. Castoria does not contain morphine, opium, or other narcotic property. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is put up in one-size bottles only. It is not sold in bulk. Don't allow any one to sell you anything else on the plea or promise that it is "just as good" and "will answer every purpose."
