OFF THE TRACK.

Our populist friends are good citizens and neighbors, and command our respect for discernment and intelligence on all subjects save politics.

Attention

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences. Indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills.

ATHLETIC EXERCISES.

The Ages at Which to Begin and Leave Off Physical Training. There is an error in the commencement and the ending of the athletic life that should be remedied.

At eighteen the organs of the body have fairly developed and yet are not so matured as to have lost any degree of their elasticity, power and facility for affording graceful and powerful movements.

If elastic tissue grows in the body in youth and adolescence there comes an early period when it fails to grow, and, as occurs in a piece of India rubber, there comes another period when it begins to lose its elasticity.
