News is received in this city today of the first overt act made by the common-wealers. At Billings, Mont., an army captured a train and were met by a number of deputy marshals who ordered them to surrender the train.

The "Si Perkins" company arrived this forenoon in a special car from the East. Shortly before 12 o'clock the band, attired in grotesque costumes, met in front of Blakeley & Houghton's and discussed some very beautiful music.

People in Heppner Sunday morning were treated to the sight of a man receiving a pommeling at the hands of his wife. The only resistance he offered was to ward off the blows from a parasol.

Wedding Anniversary

The many friends and relatives of Mr. and Mrs. W. H. Sharp spent Tuesday very pleasantly at their home on 5-Mile creek in honor of their fifth anniversary of their wedding.

Among the presents was a wooden ring given to the hostess, which would be lined with gold in honor of the 50th anniversary and at the 75th, to be set with diamonds.

How They Did It.

The trainmen simply outwitted the Coxey brigade at Portland this morning. They were divided in two parts. A portion of them were in the East Portland yards, who intended to board the train just after being started.

We have been enjoying some of the finest of spring weather the last few days.

Farmers are almost through plowing and sowing. Some have commenced to plow sod. Don't hear of any going out to haul wool.

The prohibition club met at the school house on Saturday evening. Quite a good time was had. Speeches were made by J. K. Craig and W. H. Bennett.

UNCLE ISAAC.

WAPINITIA.

We are having fine weather. Every body is getting about through seeding.

The supervisor has warned hands to work on the road Tuesday and Wednesday, but most of them are of the hobo element.

By the way a certain young man is seen pretty often in the vicinity of the McClure school house of late, but you don't want to think anything strange of that, for his cattle run in that part of the country. But you don't want to be misled. Johnnie is a sly cat.

There is a young men's republican club organized at Wapinitia and there is a membership of about forty. The republicans expect to carry the day by a large majority. O. L. Paquet was chosen chairman; J. B. Goit secretary; Judge Bentley was nominated for justice and John G. Carter for constable, and John says if he is elected he will go loaded for bear all the time.

A False Report.

DUFUR, Or., April 24, 1894.

Editor of THE CHRONICLE: In behalf of Prof. Frazier, nominee for county school superintendent, concerning the report which has been circulated, saying he is addicted to drink and which statement we would hastily attempt to correct, we would say that as a man Mr. Frazier has as few bad habits as one generally finds in men of his age, and we unhesitatingly recommend him as

one well qualified for that position. Of his general abilities and character we can speak from experience and long acquaintance. He is a member of the Christian church and a Mason of good standing. He is possessed of good, sound judgment pertaining to all educational matters. I thus speak as one being uninterested, only that full credit be given his attainments and his "everyday walk and conversation."

A NEIGHBOR.

"SI PERKINS."

A Farce Comedy, Constructed for Laughing Purposes.

"Si Perkins" is a rural comedy, brimming full of comical situations and laughable incidents, and its sole purpose is fun. It furnishes 180 laughs in 180 minutes. The comedy makes no pretense to plot or dramatic interest, but as a panacea for the blues and dyspepsia "Si Perkins" can't be beat. It is absolutely irresistible. Along with the laughs is interspersed at frequent intervals some of the sweetest and most entrancing music it is possible to produce upon human instruments by human tongues and hands.
