NEW IMPROVED Little Wonder Fire Lighter.

NEVER WEARS OUT.

A great labor- and money-saver, as it does away with the necessity for kindling of any description in starting either wood or coal fires. It is always ready for use, and a most convenient household contrivance.

Directions for Use.

Take a can and put in sufficient coal oil to cover the lighter, which should remain in the oil for three or four minutes. Then light with a match and place in front of or under the grate. If the blaze goes directly to the fuel, the fire will be quickly started. Keep the lighter in the can of oil and it will always be ready for use.

MAY MINORS.

Leaves From the Notebook of Chronicle Reporters.

Sing a song of springtime—
Flashy lines in books;
Feller with the lightning rods,
Nuts or one with books;
Flower in the cornfield
Headin' off the shoots;
Can't date a hollerin'
An' biddin' for your votes!

The diphtheria patients of the city are well on the road to recovery, and no new cases are reported.

The soiree Saturday night will be given at the new Armory hall, and will be the last for the season.

The Wasco warehouse received nine loads of wool today, which is a prime, clean staple and weighed out 27,000 lbs.

Hon. J. B. Cleland, a prominent republican and attorney of Portland, will speak at the opera house next Friday evening.

The Coxey army at Portland are weeding out the convicts and all but native-born or naturalized citizens of the United States.

Eight cars of sheep were sent out from Saltmarsh's stock yards last evening. They were shipped to Troutdale by Mr. J. W. Ketchum.

Marriage licenses have recently been granted to Chas. Fagan and Cora J. Davis, Jacob Dircks and Emma P. Roher, and Patrick J. McGrath and Gusta Guyette.

Thirty-five hundred sheep will arrive at the stock yards tomorrow and we are informed will be shipped to Omaha by Mr. Bastian, a Nebraska buyer, in the afternoon.

Cooler weather is reported throughout the Rocky Mountain region, extending throughout the Snake river region and up into British Columbia. As a consequence the Columbia is falling above this point.

It is reported that some good gold-bearing quartz ledges have been discovered within ten miles of The Dalles. As the sandbars along the river are full of fine gold, the report does not seem improbable. The gold must be washed from some neighboring source.

Mr. Van Woodruff of Tygh Valley is in the city. Mr. Woodruff reports a narrow escape of Mr. M. J. Anderson's shop at Dufur from being consumed by

fire, but for the timely aid of Mr. Woodruff, who with a bucket drenched the fire and Mr. Anderson thoroughly. Van says it was a lucky thing for the shop as well as for M. J. that he was so prompt.

The silent concert at the Methodist church last night was a very pleasant affair. The program, as published, was carried out with the exception of the vocal solo by Mrs. Bradshaw. The "silent concert" proved to be a guessing contest, the names of musical selections being represented in some way. Miss Evelyn Newman won first prize and Mrs. Whisler second prize for correctly guessing the titles represented.

The Evans-Sontag Company.

The Evans-Sontag company, which has had so much difficulty in playing in Southern Oregon towns, are in Portland. The company consists of eighteen performers, including the wife and daughter of Chris Evans, the noted bandit. Of course there is blood and thunder in the play, but its authors claim it is not a whit more demoralizing to public morals than the popular Burglar, or hundreds of other theatrical attractions. As nearly everybody wants to see the wife and daughter of the man hounded from pillar to post, and who kept officers of the law at bay for months, the play takes well. Eva Evans, a pretty girl, was married four months ago to a worthless scamp, whom she has already separated from. He was kicked out of the company a few days since, and may now be one of the Coxey "soldiers" for all anybody knows. Miss Evans is but 17 years of age, and a very good actress, considering her experience upon the stage.

The City Jail.

The old city jail looks quite like a new building in the interior, and will hereafter be a most comfortable place, both in winter and summer. There are three roomy cells, though somewhat dark, but the corridor is well lighted. A water closet has been partitioned off and a sink and wash basin is being prepared. The marshal's office will be in the northeast corner instead of the northwest, as formerly. The carpenters expect to complete the work in a week.

Frost This Morning.

This morning a light frost was discernible in places in the city. In the country it is reported that ice formed to the thickness of a sixteenth part of an inch. It is not believed the fruit is injured in the least.

Up Mill creek the frost was so severe as to prostrate the bean vines, cucumbers, melons and corn to the ground and killing them. Water froze in the hose so that it would not flow.

Notice.

A drill of the hospital corps occurs tomorrow evening at 8 o'clock at the Baldwin opera house. By order of O. C. HOLLISTER, Surgeon Third Reg't.

Notice.

All city warrants registered prior to October 3, 1891, are now due and payable at my office. Interest ceases after this date. I. I. BURGET, City Treas. Dated Dalles City, May 1, 1894.

Destroy the Pests.

We have a fresh lot of San Juan lime, the strongest and best for this purpose. Also sulphur and salt at current rates. Jos. T. Peters & Co.

Crop-Weather Bulletin.

The Oregon State Weather Service gives out the following bulletin, No. 5, for week ending May 1st for Eastern Oregon:

Weather—Cooler than the average temperature and excessive precipitation were the weather conditions last week which were prominent. Frosts occurred frequently in the interior counties. The sunshine was below the average.

Crops in the Columbia river valley have had no unfavorable weather conditions to prevent their rapid growth. A constant improvement is noticeable. Cheerful reports are received from all. The fall wheat crop bids fair to realize the expectations of all classes concerned. Fall wheat covers the ground in Umatilla county and the spring seeding is coming up. The ground has an abundance of moisture. While the temperature has been cool it has not checked the growth of grasses or have the light frosts injured fruit bloom. One report states some damage done by squirrels and also notes the growth of weeds in some wheat fields. Grain and fruit prospects are good, even flattering in many sections. Garden work is progressing. Many potatoes have been planted. Seeding spring grain is being completed in many sections. In some counties the average crop has been sown and in others there has been a falling off. Crops in the interior counties made a slow growth last week. The temperature remained cold and the excessive precipitation was undesirable for fall sown grain in the valleys, many of which have been overflowed several times from the high water in the creeks. The rains will benefit grass on the range and cause spring grain to sprout. Some fall sown wheat will have to be resown; some was winter-killed. Apples, cherries, prunes and apricots are blooming in favored places. Bloom is backward, owing to the cool weather, and the frosts which have frequently occurred failed to injure. Lambing is progressing with slight loss.

PERSONAL MENTION.

Hon. W. H. H. Dufur of Dufur called on this office last evening. Mr. Dufur reported a severe frost at that place yesterday morning.

There are several wool buyers in the city, all from abroad. Among them we noticed Mr. Judd, of Judd, Root & Co., Hartford, Conn., and J. K. Russell of San Francisco.

Mr. George Herbert moved his family and household effects to Grants by last night's train. Mr. Herbert has entered upon his duties as government storekeeper at that place.

Mavor Paul Kref returned last evening from the Warm Springs agency, where he has been for two months, engaged in painting the agency buildings, a church and parsonage and other work of the kind. His many friends were glad to welcome him home.

DIED.

May 1st, at Nansene, the infant child of Mr. and Mrs. Edward Griffin.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Now is the time to kill squirrels. Sure Shot at Snipes & Kinersly's.

KENT.

Over one inch of rain fell last week. Most farmers are behind with their work.

Crops are doing fine, but will be late if we do not get warmer weather soon. The prohib. meet Saturday night. The program will be good. All are invited.

The special school meeting Saturday resulted in the election of E. Hannafir and J. D. Wilcox directors, to take the places of W. F. Guyton and Joseph Patterson resigning.

The republican speaking, as announced on the 28th, came off in grand shape. We wish to congratulate them for the way they conducted the meeting. They were a little hard on our populist friends, but think they need all they got, and perhaps more.

Mr. O. C. Hogue returned from his trip out south, and reports roads in a fearful condition. The last rain will not improve them any. It will be almost impossible for wool teams to get anywhere. Methink teams will be scarce on account of the bad roads.

UNCLE ISAAC.

Where the Czar Buys Jewels.

The shopkeepers of Copenhagen make special preparations every year for the visit of the czar, who patronizes them extensively. He purchases goods at jewelers' shops, and gives Danish artists large orders. The jewelry is intended mostly for presents, especially among the police. The latter have during the czar's stay extra work, as they must watch sharply every stranger, and all ships and railway trains must be thoroughly examined. The Copenhagen police would not be able to do this without the assistance of the Russian secret police agents, who are there during the czar's visit. In spite of this, however, his visit is always awaited with the greatest pleasure in police circles, for their trouble is richly repaid by the large sums of money given them, and the valuable presents, such as rings, scarf pins, watches and charms.

DELMONICO PUDDING.—One quart of milk, three tablespoonfuls of corn-starch, six tablespoonfuls of sugar, the yolks of five eggs. Mix, and cook five minutes in the double boiler. Pour into a pudding dish and bake one-half hour. Beat the whites with six tablespoonfuls of sugar, flavor with lemon or vanilla, spread over the top and brown in the oven.—Good Housekeeping.

Dr. S. F. Scott, Blue Ridge, Harrison Co., Mo., says: "For whooping cough Chamberlain's Cough Remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the Remedy to babies, as it contains nothing injurious. 50 cent bottles for sale by Blakeley & Houghton, druggists.

Cheap Fencing.

The cheapest and best barb wire is the "Waykegan." This stretches about 25 per cent. further to the same number of pounds than any other wire in the market. Call and examine it and you will be convinced that we have the wire you want.
