THE LABOR TROUBLES

Like a Smoldering Volcano in Cleveland.

MILITIA UNDER ARMS ALL NIGHT

The Authorities Fear Another Outbreak This Afternoon—Miners Go Out in Minnesota.

CLEVELAND, May 3.—Nine hundred men slept in the armories last night, with bayoneted sentries watching ready to arouse them. There was no renewal of rioting. The authorities fear an outbreak today. Three of the largest motor cars have been placed under orders of the director of police. At 11:30 a squad of police under Captain Gates was sent to Newberg, where large iron mills are located, and where disorder was threatened. The Poles of that district met last night and determined to raid the wire mills today. The military are in readiness to go to the aid of the police, should that force be inadequate to handle the mob. The foreigners who compose the disorderly element live in Newberg principally. Socialist agitators have during the winter made a large number of converts among them.

Long before the earliest risers started down town today the police had taken possession of the public square. Little knots of yesterday's rioters gathered here and there, but were dispersed by the police. The first trouble today was at the Cleveland Spring Bed Company's, where a gang attempted to drive out the workmen. Patrol wagons full of officers were dispatched to the scene, but the crowd had already dispersed. While Superintendent Allen, of the Standard foundry, and friends were driving to the works, a volley of stones was thrown at the carriage, which was badly battered. A shot was fired from Casey bridge. A crowd assembled about the works, composed of striking molders and sympathizers.

Miners Seizing Powder.

DULUTH, Minn., May 3.—Fifteen hundred miners on the Mesaba range broke open a magazine and seized 14 kegs of powder. Sheriff Sharvey and Adjutant-General Muhlberg left for Virginia this morning. Company A state militia, followed on a special train at 10 o'clock. Fifteen hundred miners are out, mostly striking for \$1.50 per day. They have been receiving \$1 and 1.25. The strike began in the Franklin mine, 300 going out.

A Relative of Jay Gould.

WILKESBARE, Pa., May 3.—Jacob Gould, a relative of the late Jay Gould, was adjudged insane today. He was one of the wealthiest residents in Salem township, but developed the insane idea that his property was depreciating in value, and sold valuable tracts for very small prices. When placed on the stand he was unable to tell the value of different kinds of money shown him.

Dr. S. F. Scott, Blue Ridge, Harrison Co., Mo., says: "For whooping cough Chamberlain's Cough Remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the Remedy to babies, as it contains nothing injurious. 50 cent bottles for sale by Blakeley & Houghton, druggists.

ENDERSBY.

Miss Alma Johnson is down on a visit from Wamie.

Miss Jennie Wagner has been quite ill at her residence.

Our Sunday school is thriving, with an enrollment of forty-one members.

Mr. W. P. Angell of The Dalles and Mrs. O. B. Racer of Albina departed for The Dalles today.

The nimrod can now be seen deftly plying his bamboo for the speckled beauties, which are quite plentiful in our stream.

Spring grain will soon be in, and our industrious farmers will content themselves with waiting for the harvest, as the indications were never better for a bountiful crop in this locality.

Burt Campbell and Allen Fligg say they will stay at home next time they go on a journey. They were only absent a few days, but in that short time they succeeded in climbing Mount Hood, killing a horse, crippling another, and were compelled to foot it homeward in a half-famished condition.

We feel justly proud in not having joined the western contingent of the industrial army which passed through The Dalles en route to Portland. If the city is again visited by such a mob the council should present each with a sledge and turn them loose on Second street, which is a menace to the traveling public.

Mr. and Mrs. O. F. Angell were given a pleasant surprise by their many friends recently, which was highly enjoyable to all those in attendance, among whom were Messrs. Johnnie Johnson, Will Steele, W. Drummond, Roy Johnson, Geo. Campbell, Harry Drummond, Frank Steele, Roy Campbell, Ref Campbell, Frank Orvel, Ray Angell, Meadames Drummond and Campbell, Misses Amy Angell, Carrie Smith, Annie, Mamie and Myrtle Patterson.

May day at this place was observed with due ceremony and enthusiasm.

The day was one of those lovely May days, marred only by being somewhat cool, and the event was a signal success for social enjoyment. The exercises were opened by Rev. Brigham in a very appropriate manner. An excellent program was rendered, consisting of recitations and readings, interspersed with singing and music furnished by Miss Annie Patterson, who acted as organist. At the noon hour a bountiful lunch was spread, which all partook of with a hearty good will. The 8-Mile school children, under the supervision of their teacher, Miss Hattie Hill, filled a prominent part of the program, and their bearing and manner showed that they were thoroughly drilled for the event.

DUFUR.

Mrs. Balch and Mrs. Lizzie Dufur we regret to say are both confined to their beds by illness.

The ground at present is in a splendid condition for all growing vegetation and range stock is doing well.

Miss Lucy Staats went to Portland Monday, where she has been placed under medical treatment.

Tuesday morning was ushered in by quite a frost, which it is feared has injured the cherry and peach crop.

Wednesday and Thursday nights Rev. Parker, elder of the U. B. church, spoke to an attentive congregation. He is well liked and usually holds good attention.

The farmers have almost finished their spring work and early grain is looking fine and is growing rapidly under the influence of the warm days and dewy nights.

A. K. Dufur and Amos Gregg have planted 400 prune trees and expect to plant more, and have set out 10,000 strawberry plants, instead of 400, which was stated in last week's paper.

Dufur has another dressmaking and millinery establishment, and notwithstanding hard times, will never want for dressmakers, carpenters and politicians, of which there is a goodly supply.

Fred Frazier and our druggist, C. P. Balch, each have a new cycle and these gentlemen may no doubt be pleased to give instructions to anyone who is not

Druggists in Liquid, or in Powder to be taken dry or made into a tea.

The King of Liver Medicines. "I have used your Simmons Liver Regulator and can conscientiously say it is the king of all liver medicines. I consider it a medicine chest in itself.—Geo. W. JACKSON, Tacoma, Washington."

EVERY PACKAGE HAS THE Z Stamp in red on wrapper.

"As old as the hills" and never excelled. "Tried and proven" is the verdict of millions. Simmons Liver Regulator is the only Liver and Kidney medicine to which you can pin your faith for a cure. A mild laxative, and purely vegetable, acting directly on the Liver and Kidneys. Try it. Sold by all

acquainted with facts concerning bicycles.

There will be a May picnic given May 18, 1894, at Absalom Bolton's grove on 15-Mile under the auspices of the Dufur school and town as well as surrounding schools. A good time is anticipated as is generally to be had. Everyone is invited to come and bring their lunch and partake of the good cheer and lemonade.

Mr. and Mrs. E. A. Griffin lost their little girl, Mabel, aged about 1 year, May 2, 1894. The child never was real strong but a bright little thing, and will be sadly missed by its sorrowing parents, who had become doubly attached to it on account of its delicate health. We know not whom will be called next, for

The reaper Death with his sickle keen,
Cuts the bearded wheat at a breath,
And the flowers that grow between.

Grandma Easton of Center Ridge, who has been an invalid for a good many years, died at her farm near Nansene. She will be buried at the I. O. O. F. cemetery at this place. One more gone from the vale of tears to the mystical beyond where no traveler returns, and where all is joy and peace.

Mrs. Mary Humbert, wife of Isaac Humbert, died at Portland, Monday at 2 o'clock, April 30, after severe suffering, caused by the removal of a cancer. She was a native of Missouri, where she has two children, a son and a daughter. She has lived for several years on Tygh Ridge, but last winter she moved to Dufur where she has since resided. She leaves five children and a husband to mourn their loss. She was known by her friends as a kind wife, a loving mother and a good friend and neighbor. The sympathy of all is given them, for how great a sorrow to lose a mother—the one friend of our lives. She was buried at East Portland.

Let us then be patient: these severe afflictions,
Not from the ground arise,
But oftimes celestial benedictions
Assume this dark disguise.

We see but dimly through the mists and vapors,
Amid these earthly damps,
What's sent to us by sad funeral tapers,
May be heaven's distant lamps.

QUIZ.

Wamie Republicans.

WAMIE, Oregon, May 2d, 1894.

The Wamie republican club met at Wamie school house, Saturday evening, at 8 o'clock. The meeting was called to order by T. J. Driver. The first business was electing a temporary chairman and adopting the constitution used by republican clubs throughout the state. Then proceeded the election of permanent officers of the club. T. J. Driver was elected president, H. G. Lake, secretary, M. Porter, treasurer. The club will meet each Saturday evening at 8 o'clock. All republicans are cordially invited to attend, also citizens of the community.

NEWS NOTES.

If the program for a compromise on the tariff bill is arranged, and forty-three democratic votes are assured for it, an effort will be made to secure an agreement with the republicans upon the time for taking a vote. The air of confidence among the democrats is dissipating to the republicans.

News was received at the treasury department from New York that at least \$5,000,000 will be withdrawn for shipment from New York Saturday. These shipments will reduce the gold reserve to about \$92,000,000.

The Editor's Birthdays.

On Monday of last week the editor of the Goldendale Sentinel passed the 54th milestone on his journey through life, and an admiring friend and subscriber, no doubt instigated by a desire to get even with Bro. Gourley for something said about him in his paper, has sent him the following congratulatory note upon the event:

"O-coke ep mika quinum toltum pe locket. Spose mika charco ict tuck-a-mo-ne pe stotkin alta nika tum tum utle—skookum close tum tum. Wake cumtux claminiwhit. Wake cumtux muck-a-much oluck. Quanisam halo nin-a-poo."

Mrs. Sanders, wife of Professor Sanders, who is now in jail at Fresno, charged with the murder of William Wooten, has succumbed to the terrible mental strain under which she has been suffering almost since February last, and has become insane.

NEGROES AS SOLDIERS.

General Lord Wolseley Pays the Africans a High Compliment.

"I do not think Europeans learn drill as quickly as the Basuto or the Zulu. It is astonishing to see the zeal, the undisciplined interest and application these savages bring to bear upon all military lessons given to them, writes Lord Wolseley in the Fortnightly Review. They take the utmost pride in being soldiers and in acquiring any art or drill or exercise connected with the management and handling of arms, or the movement of armed bodies. There seems to be something in the disposition and genius of the common stock from which they come, some hereditary bias in their brain, in their very blood, which fits them for the easy acquisition of a soldier's duties. And yet many of these races who thus quickly acquire an excellence in drill, etc., can not be taught any mechanical handicraft; indeed, many can never even learn to draw a straight line.

The African in our West India regiments has always displayed the child-like affection for and implicit reliance upon the officers who treated him well, which is so marked a feature in the character of the negro slave. His obedience to orders, especially when a sentry, was remarkable. Many amusing stories on this point were current at Government House when I was at Cape Coast Castle. A previous Governor, finding that his native servants were given to robbing him by daily carrying away bundles of things from his kitchen, had orders given to the sentry before his door that no one was to be allowed out carrying any parcel with him. Very shortly afterward the Governor, in a hurry to consult his Chief Justice, put some papers into a dispatch-box to take with him to the judge's house. He reckoned without his host, however, for the sentry, standing in front of him with bayonet at the charge, would not allow him to pass with the offending dispatch-box. The Governor remonstrated, and urged that it was he himself who had given the order, but all to no purpose, for in the quaint and amusing gibberish which those men speak, and emphasizing his words in a very determined fashion with his bayonet, the sentry said that his "copral" had told him not to "low any one with a bundle to pass, and a "copral's" order was his law.

Kelley's army is in desperate straits. Starvation stares the men in the face, and the demonstration of the laboring people as a resort was not a success.

Castoria

For Infants and Children.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ANCKER, M. D.,
111 South Oxford St., Brooklyn, N. Y.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results."
ERWIN F. PANDER, M. D.,
125th Street and 7th Ave., New York City.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."
CARLOS MARTIN, D. D.,
New York City.
