### JUNE JUNGLES.

Leaves From the Notebook of Chronicle  
Reporters.

The river stood here at 8 o'clock this  
morning at 49.8.

The express office will be back in its  
old quarters Monday.

Pease & Mays big iron warehouse is  
standing squarely in the middle of the  
street.

We fancy it will be some time before  
the Baker is brought into the middle  
Columbia.

The local telephone line is being put  
in working order and next week the ser-  
vice will be as good as ever.

The Regulator left the Cascades at  
5:15 last night, arriving here at 9:45.  
She brought up 500 crates of berries  
from Hood River for the Montana  
market.

Our regular full-sized semi-weekly  
was run off yesterday. THE CHRONICLE  
only missed one issue of the semi-  
weekly, but the paper last Saturday was  
an infant in size.

The mercury registered 87 today and  
85 yesterday. The 105 reported yes-  
terday was taken in a tent, and a case  
of intense heat cannot be permitted to  
establish the record.

Eighty crates of strawberries, brought  
up last night from Hood River, are  
stored in J. O. Mack's building. They  
are in fine condition, will keep a week,  
and can be bought for \$1.25 a crate.

First street came to the surface yes-  
terday, and today is passable. The side-  
walks are pretty badly wrecked and the  
pedestrian has to come to the populist  
idea and keep in the middle of the road.

Most of the stagings have been re-  
moved from the sidewalks on Second  
street. If the braces put in to hold the  
sidewalks down were also removed it  
would make some improvement in  
present conditions.

In loading the race horses on the  
Regulator yesterday morning Strick-  
land's horse, "Tommy," fell from the  
gang plank. He is probably not injured  
permanently, but is, we understand,  
"knocked out" of the Salem races.

The Oregonian says the Union Pacific  
intends putting a lot of heavy blasts in  
the sliding mountain, and see if it can-  
not be forced to get along into the river  
and out of the way. If this is not

successful, a trestle will have to be built  
along the edge of the river, and this can-  
not be done until the water goes down.  
In our opinion the company, will have  
one of the most difficult problems to  
solve right there that ever confronted it.  
With a moving mountain on one side  
and a raging flood on the other, it is  
litterally a case of being between the  
d—l and the sea.

The weather yesterday was decidedly  
warm, and at once the question was  
asked, "Will it raise the river?" The  
weather bureau said yesterday that the  
temperature was somewhat higher, but  
that conditions were such that no matter  
how warm it turned the river here would  
continue to fall for four or five days.  
The Snake is falling steadily and if the  
river is to come up again, it must do so  
from the flood of the upper Columbia  
alone. If it is possible for the Columbia  
unaided by the Snake to give us another  
bath, then we had better move, and stay  
moved. It will not come back to the  
present mark.

### The Weather and River.

The Snake river at Riparia fell 2.2 feet  
for the twenty-four hours ending at 8  
o'clock this morning. For the same  
time the Columbia at Umatilla fell .8  
of a foot. The temperature yesterday all  
over the basin of the Columbia was  
high and the weather bureau reports in-  
dications of it being much higher today  
and tomorrow. Mr. Pague says this  
morning that the river will continue to  
fall until about a forty-two foot stage is  
reached, at which point it may become  
stationary for some time. The upper  
Columbia is holding up well, but the  
Snake is falling rapidly and is done for  
year.

### Another Spout.

A week ago Saturday, while The  
Dalles was being treated to a genuine  
thunder storm, a cloudburst visited the  
15-Mile country, its head and front seem-  
ing to be on Mr. Hensen McCoy's place.  
A grain field of seventy acres was badly  
washed out, gutters and channels being  
cut through it in every direction. The  
smokehouse, also used as a storehouse,  
was swept away and meat, flour,  
potatoes and in fact all the family pro-  
visions were destroyed. The loss is a  
severe one, but Mr. McCoy takes it as  
cheerfully as possible.

### The Ward Meetings.

At the ward meetings last night the  
programs were short. In the Second  
J. H. Phirman was elected chairman,  
Douglas Dufur secretary. S. S. Johns  
was nominated for councilman and H.  
C. Neilsen for water commissioner, both  
by acclamation. In the First ward N.  
J. Sinnott was chairman, Douglas Dufur  
secretary. M. T. Nolan was nominated  
for acclamation. For water commis-  
sioner J. B. Crossen and Will Moody  
were placed in nomination, and the  
latter declining, the secretary cast the  
vote of the meeting for Mr. Crossen.

When she became Miss, she clung to Castoria.

### Death of Captain John Gore.

Captain John Gore, an old and re-  
spected citizen of Washington county,  
died at his home near Tualatin, on June  
11th, aged 76 years. Captain Gore was  
born in County Clare, Ireland, on Feb-  
ruary 18, 1818, and at the age of 14 sailed  
with his parents to America. They set-  
tled in the state of New York, where he  
resided until he was 22 years of age.  
He then removed to Detroit, Mich., and  
followed the occupation of captain on  
the large lake steamers until he came to  
Oregon in January, 1874. After arriv-  
ing in this state Captain Gore settled  
upon a farm near Tualatin, where he  
lived a quiet and peaceful life until the  
end. He was married in Detroit when  
quite a young man to an estimable  
woman, who survives him, as do five  
of the six children born to them. Cap-  
tain George A. Gore, his son, is in  
charge of the Northern Pacific transfer  
boat Tacoma, which takes its trains  
across the river at Kalama; Charles  
Gore, another son, is chief engineer of  
the Tacoma; Captain John C. Gore, an-  
other son, has command of a steamer on  
the upper Columbia. Mrs. Fred Bron-  
son, another of the children, resides at  
The Dalles.—Oregonian.

### Getting Out of It.

A trip up Second this morning shows  
rocky sidewalks, a little water and lots  
of mud. Most of the store buildings  
have been cleaned out, and are, so to  
speak, "hung out to dry." Blakeley &  
Houghton are moving their stock back.  
Farley & Frank have already moved  
back and are open for business. Mays &  
Crowe will not get back for two weeks,  
taking advantage of the situation to  
make repairs and re-paint. Rorden will  
not be back until the latter part of next  
week. Pease & Mays will do a lot of  
painting, and will not be back for several  
weeks. Skibbe's hotel is again running  
on the lower floor. Joles Bros. are at  
their old stand. On First and on Second  
the houses are being cleaned but are not  
yet being occupied. Between Court and  
Union everybody is drying out, and next  
week will find most of them back. The  
Umatilla house is being overhauled and  
the lower floors will be occupied early  
next week. When the sidewalks are  
again cleaned, little will be left to show  
that the Columbia had been using our  
streets for its bed.

### It Might Have Been.

A few days ago a citizen purchased a  
pound of butter at a store whose pro-  
prietor does not advertise, and on cut-  
ting into it found a small tin box, which  
contained a piece of paper bearing the  
following, written in a neat feminine  
hand: "I am a girl 17 years old, good  
looking and an excellent housekeeper.  
Should this be found by some unmarried  
Christian gentleman, will he please  
write to the following address," etc.  
The finder, being a bachelor, decided to  
unravel the affair, and succeeded only to  
destroy the romance. The girl had died  
many years ago, leaving an aged husband  
and a grown family.—Ex.

### Hood River Berries.

Messrs. Henry Hibbard and N. C.  
Evans of Hood River have been here for  
two days in the interest of the berry  
growers of that place. They sent about  
600 crates of berries to Celilo yesterday  
and last night, which went on to Denver  
this morning, being taken to Umatilla  
on the Almot. They left about eighty  
crates stored here, being unable to find

transportation for them. This afternoon  
they borrowed a small boat and went  
Coxeys home.

They have energy enough to undertake  
to ship their fruit to Honolulu in a scow  
for the delectation of the acute brunette  
lady who, in times gone by, ruled the  
coffee colored amphibians of those sun-  
down isles. They have been trying to  
get the Union Pacific to run the Almot  
three trips a week, but had not the  
matter settled when they left.

### THE CHURCHES.

The Baptist church, Rev. O. D. Taylor  
pastor, will hold services at 11 o'clock  
tomorrow morning. All not worship-  
ping elsewhere are cordially invited.

Whisler pastor.—Preaching by the  
pastor at 11 a. m. and 8 p. m.; Sunday  
school after morning service; Junior  
League at 6 p. m.; Epworth League at  
7 p. m.; class meeting Sunday at 10 a.  
m. and Tuesday at 8 p. m.; prayer  
meeting Thursday at 8 p. m. Everyone  
is cordially invited.

The Congregational church, corner  
of Court and Fifth street—Sunday ser-  
vices as usual. At 11 a. m. and at 7:30  
p. m. worship and a sermon by the  
pastor, W. C. Curtis. Sunday school  
immediately after the morning service  
and meeting of the Young People's  
Society of Christian Endeavor at 6:30 p.  
m.; topic Temperance in all things  
(Prov. xxi:15-30). All persons not wor-  
shipping elsewhere are cordially invited.
