VOL. VII.

THE DALLES, OREGON, WEDNESDAY, JUNE 20, 1894.

NO. 153.

THE WATERS FALL

The Oregon Navigation Company to Have a Receiver.

NO MATTER WHERE HE DIED

The Armies of Idleness and the Navies of Laziness--Another Cloud Burst.

As The Waters Fall.
VANCOUVER, B. C., June 18.—Latest advices from different points state that the Fraser has receded fully six feet from the high water mark at all points between Popeam and Langley and plowing and seeding of the land covered by the floods a few days ago has commenced. Steamers leave New Westminster tomorrow, with seed for settlers, and, if the fine weather lasts, a large area will be under crop by the end of the week. The weather is still very hot, and this caused a light rise in the interior. At Yale, the river rose one inch Sunday night, at Katz landing it is now stationary. Even if the water should rise several inches, no damage would be done owing to the steady fall during the past week.

Trains are now being sent out daily on the Canadian Pacific, and transfers are made without much difficulty. A large gang is still at work repairing the line, which is thought will be in good condition much earlier than was at first anticipated. All mails to date have been received. The city of London, Ontario, subscribed \$500, and its citizens over \$800, to the relief fund for the sufferers from the flood. Eastern papers containing exaggerated reports of the flood have just been received, and much indignation is expressed by the citizens. The railroad reports state that the Fraser river rose 105 feet above low water, in high gorges; the Columbia, near Juanita, 70 feet, and the Pend d'Oreille river 50 feet.

The Oregon Navigation.
CHICAGO, June 18.—In railway circles it is believed that E. McNeil, general manager of the Iowa Central, is soon to become receiver of the Oregon Railway & Navigation company. Mr. McNeil was at Union Pacific headquarters today and left for Portland this evening. He carries with him a bound volume of orders made in the Union Pacific case, in order probably to familiarize himself with the duties of a receiver, and the action by the circuit court in a multiplicity of matters brought to its attention by the receivers of Union Pacific. While nothing is known at Union Pacific headquarters regarding the intention of the bond and stockholders of the Oregon Railway & Navigation Company, it is thought a bill asking for a separate receiver will be filed July 1, the day default in the payment of interest takes place on the part of the Union Pacific. It was decided to file the bill June 15, but conditions arose which prevented the consummation of Dougherty and Cook's recommendation, and the high water, in the Columbia country may have had something to do with the withholding of the bill of July 1. It is expected, however, that Mr. McNeil's visit west at this time will have very much to do with the appointment of an Oregon Railway & Navigation receiver.

Along the Northern Pacific.
TACOMA, June 18.—General Superintendent Dickinson, of the Northern Pacific railroad, who returned tonight from Idaho, says through trains will be run without transfer by next Monday. Trains are now running over the main line, with a transfer of sixteen miles by boat on Lake Pend d'Oreille, from Sand Point to Hope, Idaho. The main trouble now is at the Priest river trestle, six miles west of Hope, 100 bents of the trestle having been washed away. Desolation reigns in the valley of Clark's Fork, the flooded settlers having lost their all.

Saved Expenses.
GERSHAM, June 18.—Joseph Eichourst, a German, aged 45 years, who resided near Rigner's mill, three miles south of this place, committed suicide at 8 o'clock

this morning by placing the muzzle of a shotgun to his heart and pulling the trigger with his toes. Eichourst came to this place from California several years ago, and has suffered with a disease which was incurable so long as he remained in this damp climate. Yesterday he appealed to his mother, with whom he has resided and who is the financial agent of the family, for money to go east of the mountains in search of health. She replied that if he was going to die, he might as well die here and save expenses. It is believed that this is what caused him to commit the act. The deceased left a wife and one child. Coroner Hughes was notified by wire.

A Storm Cloud Burst.
BRADDOCK, Pa., June 18.—A cloud burst over Turtle creek valley, six miles from this city, this afternoon, destroyed growing crops and hurled houses from their foundations. The loss of three lives is reported. The storm cloud covered an area several miles in length and was from two to three miles wide. Turtle creek and Thomson's creek were raised 10 feet above high-water mark in fifteen minutes. The strongest force of cloud broke upon the mining towns above Plum creek and Sandy creek. Houses were picked up by the current and carried with it. John Hodovsky, a miner, was in the house. Mike Boski, another miner, is reported to have been drowned while sleeping in one of the lower rooms of his home. A daughter of John Wanzel, 16 years old, is also said to have been lost in the flood. The total damage is estimated at \$100,000.

The Situation Serious.
MOUNT OLIVE, Ill., June 18.—The mining situation here is now assuming a serious and threatening aspect. The Seventh Regiment, I. N. G., arrived this afternoon. It is here to assist the United States marshals in arresting unruly miners, who for the past week have been conducting things with such a high hand, stopping freight trains, breaking car seals and, when coal was found, not permitting it to be carried through the city, but unloading it and taking it home. Saturday night United States Marshal Brinton and his assistants made an effort to arrest the guilty persons, but to no avail, for they were surrounded by the angry miners and forced to release their prisoners. Owing to the presence of the militia, however, this evening the guilty parties are being arrested when found.

Along the Wheeling & Lake Erie.
STREBENVILLE, June 18.—Very few miners along the Wheeling & Lake Erie in this county accepted the Columbus compromise, and the situation along the line is critical. Serious trouble may develop before a settlement is reached. The Long Run miners accepted the compromise and went to work today. The company tried to start the Laurel and Dillonvale mines, but the miners refused to allow them and threatened violence. The trouble grew out of starting up the Long Run mines, and the congregating there of miners from Dillonvale and Laurel. No violence was offered today, but the miners are organizing at both the latter places and are expected to march to Long Run in the morning to prevent miners working.

The Army of Idleness.
Sanders' army was yesterday found guilty of train stealing at Leavenworth, Kan. A number of them tried to escape, and one was shot. Louisville, Ky., has made preparations to give Kelly's navy a hot reception. Hogan's navy sailed from Bismarck, N. D., for Pierre, S. D. The citizens of Ogallala, Neb., threaten to lynch "wealers who have been burning houses there. Coxe says that he will push his candidacy for congress. Christopher Columbus Jones has opened headquarters in Philadelphia for the purpose of recruiting another army.

Free School Books in Chicago.
CHICAGO, June 18.—The city council tonight adopted a resolution to provide each pupil of the public school with free school books, in order to remove the inability of a large percentage of poor children to receive a common school education on account of their parents' financial circumstances.

THE CHRONICLE prints all the news.

Better Than Pills

Druggists in Liquid, or in Powder to be taken dry or made into a tea.

The King of Liver Medicines.
"I have used your Simmons' Liver Regulator and can conscientiously say it is the king of all liver medicines. I consider it a medicine almost in itself.—Geo. W. JACKSON, Tacoma, Washington.

EVERY PACKAGE Has the Z Stamp in red on wrapper.

Southern Pacific's Capacity Taxed.

The Southern Pacific, in addition to its regular business, brought into Portland yesterday, by special trains, forty-two carloads of diverted freight, which will be delivered as promptly as possible from the company's warehouse, Park and Hoyt streets. This is freight that was coming to Portland, via the Union Pacific and Northern Pacific, and was diverted on account of the recent wash-outs. A large number of such cars are enroute and will continue to arrive daily for some time.

Struck a Street Car.
PATERSON, N. J., June 18.—The Deckerion express on the New York, Susquehanna & Western Railroad, going 35 miles an hour, ran into and demolished an electric street car at the River street crossing today. There were eight passengers, the motorman and the conductor on the electric car. The police say that the gates of the railroad crossing were up, and that a switch filled with box cars obstructed the view of the track.

The Missouri Still Rising.
ST. JOSEPH, June 18.—The Missouri river rose over a foot last night, and is one foot and five-tenths above the danger line. Many acres of farm land have been eaten away. A heavy rain fell today and the river will probably rise higher.

Tried According to Law.
NEW YORK, June 18.—The Rev. Dr. John R. Paxton today paid a fine of \$10 for neglecting to record the certificate of marriage of Representative Breckinridge and Mrs. Wing.

Will Visit Portland.
SAN FRANCISCO, June 18.—The supreme lodge, A. O. U. W., adjourned today, and this evening most of the members left on a special train for Portland, where they will dedicate a new hall.

A Strange Suit.
An Oklahoma merchant carelessly allowed a few castor beans to get mixed with his oats. He probably thought nothing of it at the time, and sold the oats to a stablekeeper. Several of the horses to which the grain was fed sickened and died. Veterinary surgeons said it was the result of eating the castor beans. The stablekeeper sued for damages and the careless grain dealer was compelled, by order of the court, to pay five hundred and fifty dollars.

Dr. Ochsle has invented a new cartridge, the charge of which is acidulated water. This, on decomposition by electricity, gives oxygen and hydrogen, and on ignition of these gases suddenly develops a pressure of 5,800 atmospheres.

One hundred domestic servants are killed annually in England in the process of window cleaning. An invention recently patented is a window of which the outside may be cleaned without exposing the cleaner to any chance of a tumble.

WOOD'S KIDNEY PILLS.
The Great English Remedy. Promptly and permanently cures all forms of Nervous Weakness, Emission, Sperrmatorrhea, Impotency and all effects of Abuse or Excess. Been prescribed over 35 years in thousands of cases; is the only Reliable and Honest medicine known. Ask druggist for Wood's Kidney Pills; if he offers some worthless medicine in place of this, leave his dishonest store, inclose price in letter, and we will send by return mail. Price, one package, \$1.00. One will please, six will cure. Pamphlet in plain sealed envelope, 2 cents postage. Address: The Wood Chemical Co., 131 Woodward Avenue, Detroit, Mich. Sold in The Dalles by Snipes & Kinersly.

"As old as the hills" and never excelled. "Tried and proven" is the verdict of millions. Simmons' Liver Regulator is the only Liver and Kidney medicine to which you can pin your faith for a cure. A mild laxative, and purely vegetable, acting directly on the Liver and Kidneys. Try it. Sold by all

Deafness Cannot be Cured.
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
F. J. CHENEY & Co., Toledo, O.
Sold by Druggists, 75c.

A QUAINT custom, which has been practiced for centuries, still prevails in Holborn, England. The time of night is hourly shouted by the watchman, somewhat in this style: "Past one o'clock, and a cold, wet morning."

"Many of the citizens of Rainville, Indiana, are never without a bottle of Chamberlain's Cough Remedy in the house," says Jacob Brown, the leading merchant of the place. This remedy has proven so much value for colds, croup and whooping cough in children that few mothers who know its worth are willing to be without it. For sale by Blakeley & Houghton druggists.

Keep your eye on this proposition. We will give free to every new cash subscriber to the WEEKLY CHRONICLE a year's subscription to the great New York Weekly Tribune. This offer will be open until the first of July. Don't forget it—You get THE CHRONICLE for one year for \$1.50 and the Tribune as a premium. Old subscribers can have both papers by paying up arrears and renewing subscription at \$1.75.

Persons who sympathize with the afflicted will rejoice with D. E. Carr of 1235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three fifty-cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by Blakeley & Houghton, druggists.

REV. K. VAUGHAN, brother of Cardinal Vaughan, archbishop of Westminster, England, has come to America to superintend the publication of his book by the Paulist fathers of New York.

Dr. S. F. Scott, Blue Ridge, Harrison Co., Mo., says: "For whooping cough Chamberlain's Cough Remedy is excellent." By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the Remedy to babies, as it contains nothing injurious. 50 cent bottles for sale by Blakeley & Houghton, druggists.

LET me have music dying and I seek no more delight.—Keats.
THE soul of art best loved when love is by.—Rev. J. B. Brown.

A lady at Tooleys, La., was very sick with bilious colic when M. C. Tisler, a prominent merchant of the town gave her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says she was well in forty minutes after taking the first dose. For sale by Blakeley & Houghton, druggists.
