## TO END TOMORROW

The Income Tax Will Be Up for Debate.

AND THE BILL WILL PASS

The Government Wants to Exchange Its Notes for Gold—Charged With Buying Votes.

No Contest Over Sugar or Wool.

WASHINGTON, June 20.—Very rapid progress was made on the tariff bill today. The income tax had been reached when the senate adjourned. Only 91 pages of the bill, the income tax and the internal revenue features, remain undisposed of, and the end of the long debate seems close at hand. The remaining features of the free list were completed today without friction. Both sugar and wool, the great controversial items, contrary to the expectation, did not give rise to debate. The contest over the income tax, which promises to be extremely interesting, if not sensational, will begin tomorrow. It is the general expectation that it will occupy two days. The debate will largely depend upon Hill, and he has expressed the opinion that two days will be sufficient to dispose of the matter. The disposition of the republicans is to let the democrats settle the matter among themselves.

When the debate was resumed today the pending question was Peffer's amendment to place salt on the dutiable list at 5 cents per 100 pounds. The present duty is 8 cents. Peffer explained that, personally, he favored free salt, but his constituents were interested in salt manufactures and believed they would be injuriously affected by placing salt on the free list. A vote was then taken and the amendment was lost, 24 to 35. The finance committee's amendment, restricting the free entry of raw silk to such as was not manufactured in any way, was agreed to. When sugar was reached Aldrich merely demanded a yeas and nays vote on the finance committee's amendment to strike it from the free list, where it was placed by the house, and the committee's amendment was carried, 35 to 22. The republicans, except Gray, voted solidly against and the democrats for it.

**A Would-be Bad Man Killed.**  
TABLEQUAH, I. T., June 16.—A desperate battle took place yesterday on the road between Tablequah and Rigner, between Deputy Sheriff Gourd and the Cook gang of outlaws. Sequoyah Gaston, one of the posse, was killed by the outlaws, and Bob Martin was captured. Several others of the sheriff's posse were wounded, some of them it is said, fatally. Cook and all but one of his gang escaped. Since the killing of Bill Dalton, the Cook gang is now considered the most desperate of the territory outlaws. They were intent upon robbing a stagecoach of people on their way from the Big Cherokee payment at Tablequah, when Deputy Gourd and his posse ran them down. A courier just in from the scene of battle brings news that the gang is surrounded, and another bloody encounter is inevitable. Reinforcements are flocking to the sheriff.

**Fifty Men Cut Off From Escape.**  
BIRMINGHAM, Ala., June 20.—Fire broke out in the Mary Lee mine, 10 miles from here, today, cutting off 50 men from escape who were working in the rear part of the mine. The work of rescuing went on for several hours, and by dark every man who was alive had been taken out. It is believed all the men have been accounted for. Those working far back in the mine could not pass out. They were loaded in tram cars and drawn through the smoke and flames. Four of the number were taken out dead. They were:

John Whalen, superintendent of the mine; G. W. Baskins, William McKenzie and an unknown white man.

**Charged With Buying Votes.**  
HEFFNER, Or., June 20.—Ed Holland, who was arrested for buying votes, had his preliminary examination yesterday at Lexington, and was bound over in the

sum of \$500. There is much talk among the populists of contesting the election of Boothby, representative, and Harrington, sheriff. If they do, it will be some time before affairs political assume their normal condition in this county.

There is now 1,500,000 pounds of wool stored in the warehouses here, waiting transportation. Buyers will not buy till they ship, and as a consequence sheepmen are cramped for money, and all other business interests suffer thereby.

Estee is their Choice.

SACRAMENTO, Cal., June 20.—Morris M. Estee, of Napa, is the republican nominee for governor of California, having been nominated on the first ballot by the republican state convention this afternoon. He had three-fourths of all the delegates, and it was a walkover. No other candidate at any time since the first delegations assembled in Sacramento had more than a fighting chance. The opposition, as a last resort, today vainly tried to make a change in the programme of the committee on order of business, placing the nomination of supreme justices first, and Blennerhassett, of Tehama, made a dramatic speech in support of the amendment, but it failed.

Morgan Looking for Gold.

CINCINNATI, June 20.—The banks and capitalist on the board of trade are exercised over a circular letter from United States Treasurer Morgan, instructing the subtreasurer to secure all gold possible here, and asking the banks and others to exchange gold in the sums of \$100 and multiples for new paper currency. The Ohio Valley bank had promised the subtreasury \$50,000 of gold today, but the prospect of a premium on gold renders it doubtful whether any coin will be released here. Thomas Emery, one of the largest investors here, has for some time made all his contracts payable in gold, and others today state they propose to adopt the same policy.

The Passenger Situation.

CHICAGO, June 20.—The Western Passenger Association today announced it would meet all reduced rates made by the Atchison & Topeka for excursion business to Colorado points. The Atchison & Topeka is still engaged in its detective work, and declared today it had discovered that the Union Pacific had given side-trips to the delegates to the homeopathic convention, despite its assertion that it had withdrawn all things of that sort. The Burlington is again accused of cutting the rates for the teachers, and although it stoutly denies the charge the other lines say they know better. The general outlook for peace is poor.

The Pacific Railroads' Debt.

WASHINGTON, June 20.—Ex-Governor Hoody, government special counsel in Union Pacific receivership, held a consultation with the house committee on Pacific railroads today. The Reilly bill, embracing Olney's plan, was commented on by Hoody as the most practicable solution of the financial relation between the government and the Union Pacific, and one which would protect all interested parties. An amendment met with favor which provides that in case it becomes necessary for the government to foreclose, the foreclosure shall be made on the entire property.

Stonemasons' Strike at Victoria.

VICTORIA, B. C., June 20.—Fifty stonemasons, at work on the government buildings, went out on a strike at noon today, because Contractor, Adams charged Jacob Durst for a dressed stone he had accidentally broken. Friday he was discharged. Yesterday, at noon, he applied for his full wages, but that not having been paid within 24 hours of the demand, the men went out under the rules of the Stonemasons' Union. The committee today waited on the contractor, who declined to confer with them. He says if the men go out they will have to remain out, for he has men coming from Montreal.

A Bank President Sentenced.

HELENA, Mont., June 19.—H. F. Batchelor, president of the Stockgrowers' National bank, of Miles City, was yesterday sentenced to five years' imprisonment for misappropriating funds.

**OUT OF THE FRYING PAN**

Has come not a little knowledge as to cookery—what to do, as well as what not to do. Thus we have learned to use

**COTTOLENE,** the most pure and perfect and popular cooking material for all frying and shortening purposes.

**PROGRESSIVE COOKING** is the natural outcome of the age, and it teaches us not to use lard, but rather the new shortening, **COTTOLENE,** which is far cleaner, and more digestible than any lard can be.

The success of Cottolene has called out worthless imitations under similar names. Look out for these! Ask your Grocer for COTTOLENE, and be sure that you get it.

Made only by **N. K. FAIRBANK & CO.,** ST. LOUIS and CHICAGO, NEW YORK, BOSTON.

Accident at Baker City.

BAKER CITY, June 19.—A fearful accident yesterday befel a young man named Eugene Johnson, employed in the Oregon Lumber Company mills. His right leg was caught in the cogs of live rollers, and the member was torn in shreds, necessitating amputation half way between the knee and hip.

A Powder Mill Explosion.

PLATTVILLE, Wis., June 19.—The powder mill of Laffin & Rand, one mile from town, containing more than 400 kegs of powder, exploded last evening. The employees had just left the premises, and no one so far as is known, was hurt. The roof was carried a quarter of a mile and was left in sections in the tops of trees.

A Crazy Father's Deed.

NEW YORK, June 19.—Crazed with grief at the death of his wife, James F. Forsyth yesterday afternoon shot and killed his son, Walter, aged 12, and then ended his own life with a bullet through his brain.

The late Judge Henry Tutt, of St. Joseph, Mich., when twenty-one commanded the independent company which acted as the bodyguard of the Marquis de Lafayette on his tour from Washington City to Richmond in 1825.

A NEW ORLEANS woman increased her weight from one hundred pounds to one hundred and twenty-five by drinking each morning, directly after breakfast, a wineglass of brown stout.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. ### A. M. WILLIAMS & CO.

**Deafness Cannot be Cured**  
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

Persons who sympathize with the afflicted will rejoice with D. E. Carr of 1235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three fifty-cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by Blakeley & Houghton, druggists.
