JUNE JUNGLINGS.

Leaves From the Notebook of Chronicle Reporters.

Chrisman & Corson are back in their old stand.

The Dalles National bank is back in its old quarters.

The Regulator brought up about forty tons of freight last night.

With another foot or two fall the boat will land at her wharf again.

Don't forget that Hood River will have a grand celebration July 4th.

The Miller bridge has been put in shape for travel and is being overhauled and strengthened.

Dr. Hollister has moved back to his residence, where he can be found hereafter for night calls.

W. A. Kirby, the grocer, has moved from the basement of the M. E. church back to his old place of business on Third street.

The Glacier in speaking of the death of H. A. Pratt says that "he was master mechanic for the O. S. N. Co. and set up the first locomotive used by that company on the portage road at the Cascades, probably the first used on the coast."

D. McRae arrived from North Yakima yesterday, coming by way of Goldendale. He has brought down a large number of teams which will be put at work on the Union Pacific as soon as the stage of water will permit. His teams are at Rockland.

At Missoula, Montana, June 19th, Miss Flora Mulligan was married to Mr. J. Phelan of that city. Miss Mulligan was a resident of The Dalles for several years, and has a large number of friends here, who, knowing her, will congratulate the groom.

The ladies of the Methodist church will serve strawberries, ice cream and cake in the rooms formerly occupied by Mrs. LeBallister, next door to I. C. Nickelsen's next Wednesday evening, from 7 o'clock until 10:30. Ice cream and cake, 15 cents, with strawberries, 20 cents.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Cord Wood.

We again have an abundant supply of dry fir and hard wood for immediate delivery at the lowest rates, and hope to be favored with a liberal share of the trade. Jos. T. Petrus & Co.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, June 15, '94.

It matters little what the verdict of the senate investigating committee may be, as the testimony of Mr. Havemeyer, president of the sugar trust, has made it certain that "guilty as indicted" will be the verdict of the honest people of the country regardless of political lines. Mr. Havemeyer clearly established the truth of the charge that the sugar trust had been a liberal contributor to the democratic party and he actually had the audacity to complain of Senator Hill because he refused to join Secretary Carlisle and Senators Brice, Smith and Gorman in getting the sugar trust what it wanted from the senate. About the only charge connected with the scandal that Mr. Havemeyer threw no light upon was that concerning the speculation in sugar stock by senators. He said he knew nothing about that, but that had been previously proven in other directions. He told the committee that the trust had made about \$35,000,000 during the last three years and that the present sugar schedule of the tariff bill would add at least one cent a pound, perhaps more, to the price of sugar. His statement that he came to Washington last winter for the purpose of controlling the sugar schedule of the tariff bill was as glaring an example of unblushing effrontery as was ever seen in the capitol building. He spoke as though the controlling of congress and state legislatures were common affairs with the sugar trust.

The sugar trust people are very much alarmed lest their bargain with the administration and the democratic senators be repudiated by the house, and, unless something can be done to quiet the democratic opposition to the schedule, in the house, there may prove to be ample foundation for their alarm. Leading democrats in the house are now openly announcing their intention to try to beat the sugar schedule, and the solid republican vote will go against it.

Such New York democrats as Cord Meyer, who was on the democratic state ticket last year and who was in Washington this week to testify in the sugar trust schedule investigation, and Representative Covert, of the first district, have said publicly this week that they considered a republican victory in New York a certainty this year.

The decision of the state republican committee of Virginia, which met in Washington this week, not to put up any congressional tickets this year, was the natural sequence of the repeal of the federal election laws by the present democratic congress. The Virginia election law, under which the congressional elections will have to be held, is so notoriously unfair that it has been denounced by some of the most prominent democratic newspapers in that state, and it is not surprising that the republican committee should have concluded it to be a waste of time to put up candidates who would be declared defeated regardless of the number of votes that might be cast for them.

This is the date that was announced weeks ago by the democratic managers of the tariff bill for the passage of that measure by the senate. They now see that the announcement was premature, and so anxious have they become to get

putting the loose wool in shape for shipping. It is one of the busiest places in the state. Strawberries are being utilized in several different ways. More have been canned than ever heard of before, to the exclusion of other fruits, which it is hoped will find better sale. Quantities are being dried, syrup is being made of some and wine of others and still many are going to waste. Oh for a cannery!—Glacier.

The roads south of us are in pretty bad condition, owing to the water spouts that have chosen that section for their bursting grounds, and the consequent washout. Teamsters coming in have to in places build the roads. Owing to this the freight on wool from Prineville, Dayville and other points about one-fourth of a cent per pound.

Young & Son are trying an experiment in sheep-raising. Last year Mr. Fred Young went east and bought fifty Shropshire bucks, and the attempt is being made to make sheep-raising for mutton, instead of wool, pay. Mr. Young tells us that many of the 2-month-old lambs will weigh seventy pounds each, and some of them as much as eighty pounds.

Hood River is to have a grand celebration July 4th. There will be races of all kinds including the indigenous Indian, a parade by companies D and G, of the Third regiment, tug of war, ball game and everything else. In the evening there will be a grand ball, the music being furnished by The Dalles Orchestra. The committee extends a special invitation to The Dalles and all the balance of Wasco county to join in celebrating the day.

Mr. W. D. Richard reports a weed in his wheat which is doing great damage. He describes it as a milkweed with whiskers on it, and says it is hard to tell whether it is a milkweed or a thistle. Parties who pretend to know, tell him it is Russian thistle. Last year he noticed a few scattering ones among the wheat, but this year they have come up in patches, entirely choking out the wheat. He makes mention of this that the farmers may take steps to fight it, as he considers it a very dangerous pest.

Captain H. C. Coe came up from Hood River this morning on his little steamer Irma, making the run in three hours. The trip was made part of the way overland, the little boat coming over the meadows and fields and taking the straight cuts through the cottonwoods. On one of these cut-offs the boat ran aground under full speed and the captain and crew, engineer and passengers had to remove their trousseaus and climb out to push it off. Those who assisted in this good work were Ed Williams, James Hoag, Tom Pierce, Geo C Jones and Marion Loy.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

A FRESH LOT OF NEW STYLES

Just Received.
SUMMER MILLINERY GOODS.
STILL LATER STYLES OF
Summer Hats and Bonnets.
Something New in Flowers.

MRS. M. LeBALLISTER, The Dalles.
