A VERY GOOD TEST

Carnegie and Frick Behind the Target.

UTAH WILL BE ADMITTED

Slavs and Hungarians Attack a Work Train, and Fire Promiscuously Into Passenger Coaches.

No Reasons for Apprehension.

WASHINGTON, June 25.—The president today, in speaking of the financial situation, said: "The offer of certain of the New York banks to replace from their vaults the gold withdrawn from the government treasury for shipment abroad is certainly thoughtful and patriotic. The elements which make up our financial situation, do not justify any apprehensions, and the administration still adheres to its pledge and determination to protect our national credit at all hazards and to keep the quality of our money equal to the best, so far as the limits of executive legislation permit. Of, course, croaking and disquieting tales are circulated during the stringent financial condition. I assume, however, there is too much patriotism among our people, and too much familiarity with our resources and capabilities to permit our reserved force and financial vigor to be discredited."

"When the last government bonds were issued to replenish our stock of gold it was nearly as low as now. While outside of our gold we had, in available money to pay the ordinary expenses of the government, only about \$19,000,000, we now have, besides our gold, and in money applicable to government expenses more than \$53,000,000. I understand it is charged in certain quarters that the payment of matured obligations is postponed to the amount of \$50,000,000 or \$75,000,000. This is not true. We are paying as we go, in the usual way. Last year, up to June, the balance against us, arising from the exports and imports of merchandise, excluding gold and silver, was \$64,552,040. The balance in our favor for the same period this year will be \$62,940,565, representing a change in our favor of \$127,492,602. The conditions taken in consideration with the willingness of our banks to help the treasury during any temporary and unusual drain of gold, ought to satisfy the most conservative of our safety. It must not be forgotten there is another feature to be taken into consideration, that we are no longer purchasing silver or issuing gold obligations therefore."

Attacked a Work Train.

HUNTSVILLE, Pa., June 25.—Since the men attacked the train loaded with coal and iron and the police at Adrian last night the women have put on war paint. At Walston, early today, they massed and charged upon a work train, but before any serious damage was done the guards drove them off. At noon Captain Clarke, of the coal and iron police in Adrian, was pounced upon and beaten by women. Stones were thrown at General Manager Fisher's train last night, and both engineer and fireman were hurt. The striking cokers seriously damaged the Posum Run railroad bridge, on the outskirts of New Haven, Pa., last night, with dynamite. The railroad is a branch of the Southwestern Pennsylvania, over which coke from the Trotter works is transported. Two hundred families in the company houses at the Panhandle mines, near Pittsburg, painters, etc., have been evicted. They firmly refused to sign the scale.

One Result of the Assassination.

WASHINGTON, June 25.—William A. Stone, a member of the judiciary committee, today presented the following bill in the house which was referred to the judiciary committee:

"That any person or persons who shall belong to or who shall be appointed or designated by any society or organization existing in this country or in any foreign country, which provides in writing or by verbal agreement, understanding or countenance, for the taking of human life unlawfully, or for the unlaw-

ful destruction of buildings or other property where the loss of human life is the probable result of such destruction of property, shall be deemed an anarchist.

"Any person or persons being anarchists, as defined by the first section of this act, who shall attempt the life of any person holding office, elective or appointive, under the constitution and laws of the United States, or who shall attempt the destruction of buildings, or other properties where the loss of life of any such official would be the probable result of such destruction of buildings, or other property, shall, upon trial and conviction of such offense in any circuit or district court of the district where such offense was attempted, be sentenced to death by hanging, which sentence shall be executed by the marshal of the district in accordance with the sentence of the judge before whom the case was tried."

Armor-Plate Frauds.

LINCOLN, Neb., June 25.—Farragut post, G. A. R., last night adopted the following: "Resolved, That we recommend the confiscation of the Carnegie plant as a military necessity, and the trial for treason of every person connected with this cowardly assault on the very citadel of our national liberty; that we recommend that in all future trials of armor plate from this plant, Carnegie and his man Frick be placed immediately behind the target till the test is completed."

"Resolved, That we call upon the press of the country to demand, in the name of all the people, such tests of material which enters into the construction of our national defenses as shall make it practically impossible for such treachery and scandals to occur; that if there be no constitutional law to bring such miscreants to the dungeon cell and gallows tree, the representatives of the press urge national legislation to the end that justice be done and the honor and glory of our flag be maintained."

Were on a Fishing Excursion.

NEW YORK, June 25.—The disaster caused by the capsizing of the tug James D. Nicholl, off Sandy Hook yesterday, is rendered more harrowing by the fact that most of the man leave large families. It is thought not less than thirty-three persons perished. So far, however, only seven bodies have been recovered. Those identified are Frank Dunn, Herman Evard, Keyser, Thomas Massett, Walter Buckridge. The two last named lived in Brooklyn, the others in New York. Among the missing are the following: Frank McAleer, William Moore, Albert Pabst, Frederick Vohling, Solomon Grisman, Christian Seahn. Among the wreckage washed ashore are two kegs of beer.

Escaped from Jail.

CORVALLIS, Or., June 25.—Ed Scott and George Hall, who have been in the Benton county jail several weeks, awaiting the action of the grand jury, the former on the charge of assault with intent to kill, and the latter for burglary, broke out about 5 o'clock this morning by cutting away a portion of the arched door at the entrance to the jail with pocketknife. The alarm was given by a passer-by, and soon after their departure the sheriff and posse were in hot pursuit. About 3 o'clock this afternoon, the fugitives were overtaken in a wheat field six miles west of the town, and were captured without resistance. They are both in jail again, and precautions will be taken to prevent a similar occurrence in the future.

Illinois Democrats.

SPRINGFIELD, Ill., June 25.—The democratic state convention convenes here Wednesday morning. General Black is the only active senatorial candidate who has put in an appearance so far. He expresses himself confident of success. Whether the convention will make any senatorial nomination at all is largely a matter of conjecture. Half the delegates now here believe there will be no nominations, and the remainder are equally confident the other way.

LEXINGTON, Ky., June 25.—Colonel Breckinridge spoke in Bourbon county today. The principal part of his address

was devoted to the Chicago press and the Union League Club. He said he had voted against the \$5,000,000 world's fair appropriation bill, and thus incurred their hatred. He spoke sarcastically about the candidacy of Major McDowell, saying his enemies had even called forth memories of the great commoner, Henry Clay, to beat him. He said the beautiful flowers sent him by the ladies caused him to forget the rigid sentences he had framed for those who had said hard things about him.

Want More Room for Grazing.

WASHINGTON, June 25.—A large number of petitions for opening lands of national parks of California for the accommodation of sheep herders have been received at the interior department. The department, however, has declined to take such action on the ground that it would constitute a violation of the act of congress under which the parks were set aside, and that congress can alone act. There are 1786 square miles of land embraced in the three parks, the Yosemite and Sequoia, and the General Grant.

For the Admission of Utah.

WASHINGTON, June 25.—It is understood to be Senator Faulkner's intention to call up the bill for the admission of Utah after the tariff bill is out of the way, as the bill was unanimously reported from the committee. It being the policy of both sides to admit the territory, it will probably pass.

Still Causing Trouble.

WASHINGTON, June 25.—The Salvadorean refugees now on board the United States steamship Bennington, at Libertad, are still causing this government much concern and their disposition was the subject of long conferences today between the president and Secretaries Gresham and Herbert.

The meaning of song goes deep. Who is there that, in logical words, can express the effect music has on us? A kind of inarticulate, unfathomable speech, which leads us to the edge of the infinite, and lets us for moments gaze into that.—Carlyle.

A. M. WILLIAMS & CO.

Persons who sympathize with the afflicted will rejoice with D. E. Carr of 1235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three fifty-cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by Blakeley & Houghton, druggists.

"Justice," remarked Jupiter, after he had read the morning papers, "you seem to be falling down pretty often these days." "Yes," replied the goddess addressed, regretfully, "I keep losing my balance."—Detroit Tribune.

La Grippe.

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

We never enjoy perfect happiness; our most fortunate successes are mingled with sadness; some anxieties always perplex the reality of our satisfaction.—Cornelle.

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my household. Mrs. W. L. Dunagan, Bon-aqua, Hickman Co., Tenn. For sale by Blakeley & Houghton druggists.

PEOPLE.

CARTOONIST KEPLER left an estate amounting to \$500,000. NOTHING, it is said, gives Comptroller Eckels so much enjoyment as the reading of financial books full of dry statistics. THE hospitality Senator Brice dispenses from the old Cochran house in Washington is said to cost him \$150,000 a year. JONAS LIE is a Dane who has written some "Weird Tales" from the Northern Seas. A man with a name like that couldn't fail to score a success in fiction.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARFEN, D. D., New York City.
