The Income Tax Debate Ended and that Feature of the Tariff Bill Retained.

**Income-Tax Debate Ended.**  
WASHINGTON, June 28.—Consideration of the income-tax of the tariff bill was completed by the senate at 12:35.

**In the Senate.**

WASHINGTON, June 28.—Hear started filibustering maneuvers today in the senate, which seemed to indicate it might be the purpose of the republicans to use the joint resolution passed by the house yesterday, continuing after June 30th the appropriations of the fiscal year, so as to blockade the tariff bill.

Cockrell, chairman of the appropriation committee, renewed his action of last night to refer the resolution to the committee.

Hear offered a motion that took precedence, instructing the committee to report back as an amendment the sundry civil appropriation bill as it passed the house. Hear protested against keeping the tariff bill before the senate to the exclusion of all other legislation. At 10:30 the resolution gave way to the tariff bill, the pending amendment being that of Hill to limit the time period between March and August 1st of each year, when the bonds of corporations should be open to inspection. There ensued a protracted discussion. Chandler, Teller, Manderson and Allison participating.

Hill made a motion to strike out the income tax feature of the tariff bill; lost, 24 to 40.

**The Southern Pacific's Stand.**

SAN FRANCISCO, June 28.—Superintendent Filmore of the Southern Pacific said: "Our trains are run for the accommodation of passengers, baggage and express matter. If we are not permitted to furnish these accommodations we will not run trains. That is our decision. We cannot tell what will develop, and our future plans will depend upon circumstances. As to the mail services, we carry mail on our regular trains. If unable to run these trains, I do not see how we can be expected to carry mails. We are not, I assume, expected to run special trains for the mails alone. Debar us from the use of Pullmans we cannot carry passengers. If people cannot have them to travel in they will not travel."

Speaking of the trains tied up at Sacramento and Los Angeles he said he did not know yet whether or not an appeal would be made to the civil authorities for protection, adding:

"It is better for the people to stop in San Francisco instead of being delayed at some way station. We do not propose to submit them to the latter annoyance, and unless assured our trains will run through they will not start."

**The Tie-Up in Montana Complete.**

HELENA, Mont., June 28.—There has been no change today in the situation on the Northern Pacific in this state. A report from Missoula says the men now intend to demand that the scale of wages in effect prior to last January be restored. They say as they are now out they might as well demand a restoration of wages. Members of the union in this city, however, deny that such action has been taken, but intimate it is likely to be. The tie-up in the state is complete. Not a train of any sort is running on the main or branch lines. The railway company is compelled to use the Western Union wires. No action has been taken in court.

**Fight to a Finish.**

CHICAGO, June 28.—The most significant action taken by railway officials since the strike was ordered was that of the General Managers' Association of Chicago, yesterday, when it was unanimously agreed the roads would fight the

boycott to a finish. They decided to import new men to take the places of all the strikers. Today the general managers organized the General Managers' Association Bureau and elected John M. Egan general manager. This bureau will have entire charge of everything relating to the strike, in behalf of the railroads. A committee was sent to Chief of Police Brennan to ask for additional police for protection for certain roads tonight. The chief promised to furnish all the men needed at any time. The general managers of two of the leading roads said today that they anticipated and were prepared for a general tie-up of all the roads. There was nothing for the roads to do but to resist the boycott. They reserved the right to haul any man's cars offered them, regardless of his business or political affiliations.

**Suicide of an Anarchist.**

PARIS, June 28.—Detectives in Montpelier decided to search the house of a man named Granier, who was heard to remark last Sunday: "By this time Carnot must have received his quietus." When Granier's house was surrounded and the detectives broke in the door, Granier, who was eating supper, sprang to his feet. He picked up a long and sharp knife, plunged it into his abdomen, and with a few swift turns disemboweled himself. He expired almost immediately.

The police authorities say they have established beyond a doubt that Santo, Granier, Labore, who was arrested Monday, and others not yet in custody, plotted the death of President Carnot, in order to avenge the execution of Ravachol, Vaillant and Henri. Santo will be tried July 23d for Parricide, instead of murder. The penal code decreases an attempt against the head of the state shall be so described and punished. Santo will be conducted to the place of execution in a shirt, barefooted and with his head covered by a black veil.

**Movement of Mails.**

CHICAGO, June 28.—Superintendent L. L. Troy, of the railway mail service, arrived here today. He warned President Debs and Vice-President Howard, of the American Railway Union if mail trains are interfered with, the United States government will be compelled to proceed against the strikers. Debs said the members of the union had refused to come into conflict with the government, and no strikers will interfere with the mails. He assured Troy he would issue instructions at every point where the boycott is in operation, that mails must be allowed to proceed.

**Northern Pacific Tie-Up.**

ST. PAUL, June 28.—A general strike on the Northern Pacific system went into effect at midnight. Not a wheel is moving on the eastern end, and a complete tie-up is reported from Fargo, Livingstone and other points. The strike is the direct outcome of the Pullman boycott, the employees demanding the reinstatement of the men discharged for refusing to handle boycotted cars, and demanding that the order for the discharge of all employees refusing to handle cars be rescinded.

**Will Depend on the Marshals.**

ST. PAUL, June 28.—The Northern Pacific say they will operate their trains, depending on the United States marshals for protection. The shops at Como are silent. Three Wisconsin Central engines are stalled on the Northern Pacific tracks. Officials tried to do switching this morning, but as the interlocked system is used, they made a failure. The overland train due last evening arrived on time.

**The Attorney-General's Orders.**

LOS ANGELES, June 28.—United States District Attorney Denis today received telegraphic orders from Attorney-General Olney to take all necessary steps to complete the transmission of the mails. Mr. Denis said he would enforce the law, which applied as much to railroad companies as to their employees. The United States marshal has sworn in a large number of deputies to protect mails.

**An Inquiry About Sleeping-Cars.**

WASHINGTON, June 28.—Senator Sherman today introduced a resolution in the senate, which went over under the rules, instructing the committee in in-

## I do not Eat Pastry.

How often you hear this expression, and the explanation that usually follows: "I am troubled with dyspepsia." The explanation is not far to seek. In the past lard has been used as the principal shortening in all pastry, the result—dyspepsia. The dyspeptic need no longer be troubled, providing

is substituted for lard in the preparation of all food. It is composed strictly of highly refined vegetable oil and beef suet. When used as a shortening, it produces wholesome and healthful pastry. terstate commerce to inquire into the expediency of regulating by law the employment and use of sleeping and parlor cars now owned by the railroad companies engaged in interstate commerce, the cost of operating them, the charges made for their use and what ought to be reasonable charges for the seats, berths and sections in such cars.

**Not a Wheel Moved at Spokane.**

SPOKANE, June 28.—No Northern Pacific train moved a wheel today. The main line and branches are tied up. At Wallace Idaho, the employes struck for a return to the wages allowed prior to January. The Poorman mine closed for lack of fuel at 6 this evening. The other mines will run for a few days. At Davenport, Wash., on the Washington Central, business is suffering. A few more days will close the industries there.

**Strength and Health.**

If you are not feeling strong and healthy, try Electric Bitters. If "la grippe" has left you weak and weak, try Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. **A Tie-Up at Ellensburg.**

ELLENSBURG, June 28.—The east-bound train is tied up here as a result of the strike. The entire Second regiment of the state militia, en route to encampment at Olympia, are also tied up here indefinitely. Not a wheel is turning on either division this morning. Nearly 1000 persons are detained here.

**New Mexico Admission Bill.**

WASHINGTON, June 28.—The bill admitting New Mexico passed the house without objection.

When the blood is loaded with impurities, the whole system becomes disordered. This condition of things cannot last long without serious results. In such cases, a powerful alternative is needed, such as Ayer's Sarsaparilla. It never fails, and has no equal.

A. M. WILLIAMS & CO.

Persons who sympathize with the afflicted will rejoice with D. E. Carr of 1235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three fifty-cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by Blakeley & Houghton, druggists.

### La Grippe.

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.

**Deafness Cannot be Cured**  
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

AN Edinburgh life insurance man says that the largest mortality rate in indoor occupations is found among liquor sellers. Among 1,000 sellers he found the average mortality to be 29.2. I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my housework. Mrs. W. L. Dunagan, Bon-aqua, Hickman Co., Tenn. For sale by Blakeley & Houghton druggists.

"It has cured others and will cure you" is true only of Ayer's Sarsaparilla. The motto suits the medicine and the medicine the motto. What better assurance could you have that a remedy will cure you, than the fact that it has cured such multitudes of others?
