NO JOB FOR THE MILITIA.

The California militia when called upon to attack California working men, refused. That such a result should follow an attempt to use the state militia against its own citizens is not only probable under all circumstances, but almost certain.

Of course much can be done to give the militia, and doubt an effort will be made to do away with the system on the ground that they are not of any practical utility.

meat dealers in Portland, to whom the retailers look for supplies; and second, the greatest carelessness on the part of the farmer, who, when through harvesting last year, left his machinery exposed to the weather and to damage, or put it away in a damaged condition.

The care of farm machinery is one of the most important things on the farm, and on this alone success often hinges. It is useless, of course, to preach on this subject now, because the conditions cannot be changed for this season, and by next spring—or for that matter, by the time harvest is over, the lesson we have just had will have been forgotten.

One of the first industries to feel the effect of the strike, was the Coxe movement. The glaring head-lines disappeared from the dailies, and the great army of commonwealers got irretrievably lost in what may well be called the common woe.

"When a girl at school, in Reading, Ohio, I had a severe attack of brain fever. On my recovery, I found myself perfectly bald, and, for a long time, I feared I should be permanently so. Friends urged me to use Ayer's Hair Vigor, and, on doing so, my hair

Began to Grow,

and I now have as fine a head of hair as one could wish for, being changed, however, from blonde to dark brown."

"After a fit of sickness, my hair came out in combfalls. I used two bottles of Ayer's Hair Vigor

and now my hair is over a yard long and very full and heavy. I have recommended this preparation to others with like good effect."—Mrs. Sidney Carr, 1400 Regina st., Harrisburg, Pa.

"I have used Ayer's Hair Vigor for several years and always obtained satisfactory results. I know it is the best preparation for the hair that is made."—C. T. Arnett, Mammoth Spring, Ark.

Ayer's Hair Vigor

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

The American manager who has engaged Slivinski, the pianist, sent him a cable dispatch before departing: "On no account have your hair cut."

Something Unusual.

As a medicine, is Dr. Pierce's Golden Medical Discovery. And, because of that, there's something unusual in the way of selling it. Where every other medicine of its kind only promises, this is guaranteed. If it ever fails to benefit or cure, you can have your money back.

It's the only guaranteed remedy for every disease caused by a disordered liver or impure blood. Dyspepsia, Biliousness, the most stubborn Skin, Scaly and Scrofulous affections, even Consumption (or Lung-scrofula) in its earlier stages, are all cured by it.

It purifies and enriches the blood, rouses every organ into healthful action, and restores strength and vigor. In building up both flesh and strength of pale, puny, scrofulous children, or to invigorate and brace up the system after "Grippe," pneumonia, fevers, and other prostrating acute diseases, nothing can equal the "Discovery."

Catarh is positively cured by Dr. Sage's Remedy.

The site of old Boston is now given up to the poorest residents in the city. Fashionable Boston is built on the Back bay on land made by filling up the harbor.

Deserving Praise

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, as we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Snipes & Kinerly's druggists.

The harvest is about upon us, and many a farmer is hustling for machine extras and to have headers or other harvesting machinery put in order.
