NO. 170

FIGHT AT SACRAMENTO

Expected Today, Should the Regulars Arrive There.

MARTIAL LAW IS NOT DECLARED

Regular Soldiers Are Ordered to Open the Northern and Union Pacific Lines.

They Failed to Strike.

CHICAGO, July 11.—[Special.]—Reports from all parts of the country, and especially the principal cities, are to the effect that Knights of Labor did not strike anywhere in response to Sovereign's request. No strike can take place without the consent of the local assemblies, and they as yet have had no opportunity to consider the matter. After an exhaustive investigation, covering practically every field of labor, the Evening Post finds that 1700 cigar makers have struck, and 800 German bakers will go out tonight. All other lines of industry are going on as usual.

Debs Arrested.

CHICAGO, July 11.—[Special.]—The indictment on which Debs and others were arrested yesterday, contains but one count—that of interfering with the mails. Sovereign today said: "Proceedings will be commenced today under direction of the executive committee, to impeach Attorney-General Olney. We have the first legal talent in Washington and are advised that we have a strong case against him."

Sacramento Excited.

SACRAMENTO, July 9.—The startling information was received at 11:30 o'clock tonight that martial law will be proclaimed at 3 o'clock tomorrow afternoon. This would indicate that the regulars are on their way to the city to disperse the strikers. The announcement that martial law will be proclaimed here has caused the wildest excitement. The strikers are quietly arming themselves and are prepared to resist any attempt to disperse them. A prominent striker tonight stated that if any attempt is made to bring in regulars blood will surely flow. Guards have been stationed along the river banks to warn the strikers of the approach of the steamer carrying the regulars. There is no doubt that, if the regulars reach here tomorrow, a bloody conflict is inevitable. So far as can be ascertained the strikers are in possession of about 1600 rifles, and are prepared for a long siege.

The citizens' committee held a meeting tonight and thoroughly discussed the situation. Harry Knox, chairman of the committee on mediation, was present, and promised that the strikers would not attempt to injure the railroad company's property. He further declared that the men were not anxious to shed blood, but would resist any attempt of the regular troops to drive them from the depot. The Federated Trades also met tonight, and decided not to walk out in case they were ordered to do so by Debs. They claim such a course would be unwise, as the members of the trades unions are ready to contribute to the support of the strikers, but would be financially crippled if they were ordered out. For this reason they concluded not to obey any order to quit work, pending a settlement of the strike.

The court-martial which has been going on for several days was concluded tonight. The result will not be known until tomorrow, but it is generally known that the convicted soldiers will be dishonorably discharged.

Last Wednesday a number of strikers forced an entrance into the headquarters of the Bersaglieri Guards and stole about 40 rifles. The arms were taken to the strikers' headquarters and stored away, to be used in case an attempt was made by the regulars to drive them from the depot. This afternoon a committee from the guards waited upon the strikers and demanded the return of the rifles. The strikers strenuously denied they were in possession of the weapons, and positively refused to allow the com-

mittee to search their headquarters. Subsequently the committee visited the district attorney of this county and sought his advice as to how they should proceed to regain possession of the rifles. Acting upon his advice, the guards will tomorrow proceed against the strikers to recover possession of the weapons.

The Union Pacific.

OMAHA, July 9.—George M. Vrooman, chairman of the grievance committee of the Brotherhood of Locomotive Engineers; S. D. Clark, president of the Brotherhood of Railway Trainmen; J. N. Corbin, general secretary of the Union Pacific Employes' Association, and secretary of District Assembly 92, K. of L.; C. A. M. Peters, chairman of the Brotherhood of Locomotive Firemen; F. E. Gilliland, chairman of the Federated Board of the Order of Railway Telegraphers, and J. Kiesick, chairman of the Order of Railway Conductors, came here tonight as representatives of the federated board to hold a conference with General Manager Dickinson. They say the object is to discuss the means of assisting the managers in restoring complete harmony and regular traffic on the Union Pacific system. They say that in no event will the organizations comprising the federated board walk out now. Having agreed with the court, they will now, if a grievance arises, submit it to the court. They condemn the method pursued by Debs in involving parties not directly interested in the fight with the Pullman company, and say that if Sovereign should call out the Knights of Labor the call would be of no effect on the Union Pacific system.

Chicago Odds and Ends.

CHICAGO, July 9.—The Ninth infantry, U. S. A., Col. C. Bartlett commanding, arrived in the city at 4:30 today on a special train from Sackett's Harbor, N. Y., over the Michigan Central. The soldiers were marched to the camp already established on the Lake front.

A special agent from the treasury department sent a report to the department stating that among the cars burned in the railroad yards were many containing goods which were in bond, being in transit from the port of New York and other seaports to the Chicago custom house.

The president's proclamation against the assembling of crowds and advising citizens to absent themselves from mobs or other gatherings, caused much renewed excitement in Pullman. Forward persons were not slow to claim the federal authorities had entered into a combination with the Pullman interest to break up the open-air meetings that have been a daily feature in the town.

Nearly a thousand militiamen arrived in Hammond today. They were from the Second, Third and Fourth regiments, Indiana troops. Soon after their arrival the United States troops were ordered away and left for Chicago.

At Spokane.

SPOKANE, July 9.—The twelve prisoners who were arrested for rioting in the Northern Pacific yards here, and ordered taken to Seattle by the United States court, were secretly taken from the county jail last night by deputies and conveyed in carriages outside of the city. They hailed a westbound Great Northern train this morning and went West thereon. The train which left here yesterday for the East with troops aboard is tied up at Hope, Idaho, where several engines have been derailed.

At Denver.

DENVER, July 9.—President Jeffrey will try to open the Rio Grande road west today. A special was sent south this morning with a committee of 26 employes, representing organizations in this district, which refused to strike. They go to plead with the strikers at Pueblo, Salida, Grand Junction and other points to return to work. It is understood they will be taken back without prejudice. Fifty United States deputy marshals were sent to Salida for duty under Judge Hallett's injunction. The Union Pacific will be opened west of Cheyenne as soon as the troops are distributed along the line.

What is It?

A substitute for lard? Upsetting the customs, habits, and prejudices of centuries? Yes, all this and more. Cottolene is a new cooking product—it is better than lard or butter for cooking, so say such noted housekeepers as
Marion Harland, Catharine Owen, Christine Terhune Herrick, Emma F. Ewing, Mrs. S. T. Forer, Mrs. F. A. Benson, Amy Barnes, Margaret Wister, and many others; it is healthier—so says every thoughtful physician; and it is cheaper as every housekeeper knows when she finds that one-half the quantity answers every purpose.

COTTOLENE

is the purest clarified cottonseed oil mixed with pure beef fat. It is the best cooking material ever devised for frying anything and everything—easily digested and highly nutritious.

Beware of imitations. Ask your grocer for the genuine Cottolene.

Remaining Companies Ordered Out.

SPRINGFIELD, Ill., July 9.—Upon the request of Mayor Hopkins, of Chicago, Gov. Altgeld this afternoon ordered out the remaining regiments of militia in the state, ordering Gen. Barkley, commanding the Second brigade, to proceed at once to Chicago with all his brigade, excepting five companies on duty at interior points.

The Cruiser Monterey.

VALLEJO, Cal., July 9.—The Cruiser Monterey has been ordered to steam up preparatory to taking the United States marines and sailors to Oakland. Ten days' rations for the men, four small galling guns for shore service and 50,000 rounds of ammunition are now on board the Monterey.
