THE DALLES, OREGON, FRIDAY, JULY 20, 1894.

NO. 178

## OUR BILL OR NONE

So Says the Senate, and So Says the House.

ARIZONA, NEW MEXICO AND UTAH

All Will Be Admitted to Statehood—Hawaii Becomes a Republic On Our National Birthday.

Who is Responsible?

St. Louis, July 18.—The republic tomorrow will publish a page article to demonstrate that the stockholders of the Union Pacific are liable for the debt of the road to the government. A statement of a number of supposititious facts is made, which the republic says, contain so much of plausibility, as they appear on the records of the government, that to ignore them and proceed to a final settlement disadvantageous to the public, without the most exhaustive scrutiny of the rights of the government against the stockholders, would be negligence on the part of the executive and legislative branches of the government. The suppositions are printed as follows:

"By the terms of the contract offered by the United States government and agreed to by the Union Pacific railway, a trusteeship was created for certain great purposes, above and beyond which was the mere commercial act of constructing a highway for common carriage; that the company built the road for \$86,000,000, and pretends that it cost \$98,000,000 accepting from the government about \$38,000,000 in bonds and land grants, when its stock was sufficient to build and completely equip the road; that the stockholders did not pay cash money into the company's treasury for their stock, as explicitly required by the terms of the contract and the law of their franchise, but built the road with the proceeds of the government subsidies and pocketed the stock, the first mortgage bonds and the coal profits, without rendering any account of these proceeds to the government; that by these and other acts, before the date of the redemption of the subsidy bonds, the company has become bankrupt, meanwhile having averted the payment of interest to the government, as originally contemplated in the acts of congress; the government, finds itself by this series of fraudulent acts and fraudulent concealments deprived of the money due it from the company, and finds itself charged with the payment of bonds it issued in aid of construction; that the government finds it has the right of action against the stockholders, as trustees, who who have violated their trust, and further finds that the stockholders who are living, and the estates of those deceased, are sufficient to readily meet the obligation created by the trust and its gross violation."

The Republic then proceeds as follows:

"Is there not enough in these statements to compel congress and the executive to ask imperatively these questions: Was a trusteeship created by the acts of 1862 and 1864 and their acceptance by the company? Was the trust violated by concealments and frauds? Does any equity require indulgence toward these stockholders and their beneficiaries? Why a funding arrangement should be concluded which will continue for a century these entanglements until the powers and rights of the government to collect its debts are exhausted?"

Split on the Tariff.

WASHINGTON, July 18.—Speaker Crisp says there will be no report from the tariff conference committee today. The house democratic leaders evidently think it might prove independent to carry out the plan of reporting a total disagreement and asking for instructions, as such a report would only emphasize the character of the difference, and should the senate and house instruct their conferees to stand by their respective positions it would precipitate a deadlock. One of Mr. Crisp's closest advisers said one report would probably come in tomorrow. The house conferees desire to make a partial report of such agreements as are possible and ask for instructions on it, subject to disagreement. The senate conferees have stood for agreement or disagreement in toto. The democratic conferees today made

another ineffectual effort to reach an agreement, and adjourned with the understanding the full committee to meet at 2 o'clock was to report disagreement.

One of the house conferees said the report would be a disagreement in toto. It is expected to be the first business taken up by the house tomorrow. The republican conferees could cause delay, but such action is not anticipated.

Sugar, iron ore and coal were the points that forced the total disagreement.

The tariff conferees decided after a fifteen minutes' session this afternoon to report a disagreement on the entire bill.

To Coin Silver Dollars.

PHILADELPHIA, July 18.—Mr. Preston, the director of the mint, today, by direction of the secretary of the treasury, issued orders to the mint authorities at San Francisco and New Orleans to begin at once the coining of silver dollars, and during the present month to coin up to the ordinary capacities of the mints. The silver to be first coined will be blanks and ingots, of which there is sufficient to coin, about \$1,500,000 at these mints and at Philadelphia. As soon as this supply is exhausted, work will probably begin on the silver bars, of which there is a year's supply at San Francisco and New Orleans, and probably five years' supply at Philadelphia. So far as can be learned, it is not the purpose of the government to extend the coining of the seigniorage beyond a few millions, but it is stated that, after the coining of what gold may be necessary, and coining the abraded fractional silver, each of the three mints probably will be worked at their normal capacity on silver dollars for the next few months at least, and perhaps to the end of the present year. Whether treasury notes will be retired as fast as received by silver, so far as known, has not been determined.

The Union Pacific.

CHEYENNE, July 18.—The ultimatum has gone forth that the railway shops on the Wyoming and Idaho divisions of the Union Pacific, which were closed July 2, will not be opened for general repair work until business revives and there is a demand for motive power. The decision is a great disappointment to hundreds of employes and will paralyze business in all divisions towns on the system between Cheyenne and Portland. The men fully realize the trouble which has been brought upon them by Debs and his union. Hundreds of men will endeavor to secure employment elsewhere, many having availed themselves already of the free transportation offered by officials to enable them to reach terminal points.

Arizona and New Mexico Next.

WASHINGTON, July 18.—The senate committee on territories today decided to recommend the admission of Arizona and New Mexico as states, and instructed the committee having the bills in charge to make a favorable report at the next meeting of the full committee next Wednesday. After adjournment of the full committee the subcommittee on New Mexico, consisting of Messrs. Blackburn, White and Shoup, met and put the bill in shape for presentation.

The amendments made provide for a change of dates of election and a constitutional convention to correspond with the date in the Utah bill. The Arizona subcommittee has not yet taken action.

The Federal Troops Withdrawn From Chicago.

CHICAGO, July 18.—At 8 o'clock tonight General Miles appended his signature to the general order removing the federal troops from Chicago. The infantry will take trains for their respective posts, while the cavalry and artillery will march to Fort Sheridan and remain there until such time as General Miles thinks best that they may be sent to their posts.

SPRINGFIELD, Ill., July 18.—Tonight Adjutant-General Orendorff issued an order directing the entire 22nd brigade, Illinois state troops, and the battalion of naval militia on duty at Chicago to proceed to their homes at once. Three thousand men remain on duty.

Ayer's Pills possess the curative virtues of the best known medicinal plants. These pills are scientifically prepared, are easy to take, and safe for young and old. They are invaluable for regulating the bowels, and for the relief and cure of stomach troubles.

## A Revolution in Eating

has been brought about by the introduction of COTTOLENE, the new vegetable shortening. The discovery of this product, and the demonstration of its remarkable qualities, has attracted the widest interest. Hitherto the common shortening has been lard, or indifferent butter. Every one has probably suffered occasional discomfort from lard-cooked food; while it is well known that thousands are obliged to abstain entirely from everything of that kind. To such people, COTTOLENE is of peculiar value, widening as it does, the range of what may be eaten and enjoyed. COTTOLENE is a cooking marvel. It combines with the food—imparts to it a tempting color, a delicate flavor, and an appetizing crispness. No trace of greasiness remains to offend the taste, or disturb the digestion.

COTTOLENE is worthy of the careful notice of all those who value good food, of itself or for its hygienic properties.

Sold by Leading Grocers. Made only by N. K. FAIRBANK & CO., ST. LOUIS and Chicago, New York.

Asked to End This Horrible Suspense.

CHICAGO, July 18.—The following telegram, signed by two banks and 80 of the leading business firms, was forwarded to Washington this evening from Chicago:

To the senate and house of representatives: The whole country demands that congress terminate the pending tariff legislation immediately. A failure to dispose of the question quickly will work incalculable loss and irreparable injury to financial and industrial interests.

A Republic has Been Proclaimed in the Hawaiian Islands.

AUCKLAND, N. Z., July 18. Advice received here by steamer from Honolulu show that a republic has been proclaimed in the Hawaiian islands July 4. Sanford B. Dole, the provisional president, is the first president of the new republic. When the steamer bringing the advice sailed many persons had taken the oath of allegiance.

The Democrats' Dilemma.

NEW YORK, July 18.—A Washington dispatch to the Evening Post says Senator Gorman is quoted by a Missouri representative as saying to a group of representatives: "Gentlemen, there are two tariff measures, the McKinley law and the senate bill. You can take your choice." This is believed to be the tariff situation here today.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. one bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Snipes & Kinnersly.

Dew is the greatest respecter of colors. To prove this take pieces of glass or boards and paint them red, yellow, green and black. Expose them at night, and you will find that the yellow will be covered with moisture, that the green will be damp, but that the red and black will be left perfectly dry.

W. H. Nelson, who is in the drug business at Kingville, Mo., has so much confidence in Chamberlain's Colic, Cholera and Diarrhoea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the remedy is a certain cure for the diseases for which it is intended and he knows it. It is for sale by Blakely & Houghton.

For Colic and Grabs

In my mules and horses, I give Simmons Liver Regulator. I have not lost ne I gave it to.

E. T. TAYLOR, Agt. for Grangers of Ga.

## Castoria

For Infants and Children.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ANCKER, M. D., 111 South Oxford St., Brooklyn, N. Y.

"For several years I have recommended your 'Castoria,' and shall always continue to do so, as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., 123th Street and 7th Ave., New York City.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

THE CENTAUR COMPANY, 77 Murray Street, N. Y.
