WAR OVER COREA

China and Japan to Battle About What Neither Owns.

ARE SUED FOR ELEVEN MILLIONS

House Votes to Amend the Constitution So that Senators Will Be Elected by the People.

They Want the Senate Elected.

WASHINGTON, July 21.—There is a small attendance of members of the house today. Bowers demanded the regular order. A resolution proposing an amendment to the constitution providing that senators be elected by a direct vote of the people. Although a two-thirds vote is required for measures amending the constitution, the pending resolution was passed 137 to 49, thirteen votes to spare. The announcement was received with democratic applause. The house disagreed to the senate amendments on the Indian appropriation bill. Holman, Allen and Wilson of Washington were appointed conferees.

Sugar on Both Shoulders.

WASHINGTON, July 21.—Senator Allen of Nebraska, a member of the sugar investigating committee, made a report to the senate supplementing that of the committee. He says evidence shows that the sugar trust contributed to the campaign funds, both of the democrat and republican parties, with the expectation, if not implied promise, that its interest would be cared for, and that McPherson and Quay speculated in sugar during the pending of the tariff bill. He recommended that laws be enacted covering both these practices.

A Capitalist Threatens the Senate.

WASHINGTON, July 21.—Senator Jones, one of the tariff conferees, has received a dozen letters of which the following is a fair specimen: "To Congressional Committee on Tariff:—If you pass the tariff bill with income tax attached, don't forget to order your coffins. You will need them all as soon as you leave Washington. So help you God. Signed Democrat."

Sugaring Off.

WASHINGTON, July 21.—The conservative democratic leaders in the senate are discussing the advisability of holding a caucus for the purpose of trying to reach an understanding on the tariff measures. Their plan is for a repeal of the sugar bounty by an independent bill if the differential duty on refined sugar is stricken out of the tariff bill, and the bill defeated in consequence.

That's All! That's All!

NEW YORK, July 21.—The Kansas Pacific bondholders' committee, Silas P. Dutcher chairman, has entered suit in the United States circuit court for New York in the name of John Quincy Adams, against Russell Sage and the estate of Jay Gould, to recover \$11,000,000, the proceeds of securities.

To Fight—Not to Talk.

WASHINGTON, July 21.—The republican advisory committee of the senate today decided to recommend to the republican senators to allow democrats to do the greater part of the talking on the tariff and to vote solidly to strike out the differential sugar duty.

An Arrest at Tacoma.

TACOMA, July 19.—August Goldberg, William Cassidy and John Short were arrested tonight for contempt of court by disobeying Judge Handford's orders. They were bridge carpenters, and took a hand-car, on which they rode from the stampede tunnel to Kent.

Would Not Work Without Them.

CHICAGO, July 21.—The removal of the troops from the Lake Shore yards last night caused the men employed there to refuse to work this morning. President Newell secured the return of the company of militia and the men resumed their work.

Believes the Mail Troubles are Over.

WASHINGTON, July 21.—A rapid improvement in the condition of the Western mail service is reported by the post-office department dispatches today. The postal officials believe that all injurious effects of the strike will be overcome by the beginning of next week.

She Wins Again.

KINGSTONS, Dublin Bay, July 21.—The Vigilant won today under conditions heretofore considered unfavorable to her. She finished a fifty mile cruise three minutes and thirty-nine seconds ahead of the Britannia.

And the Hall Fell.

BOISE, Ida., July 21.—A cyclone swept over Elk county a day or two ago, leveling trees and destroying sheep and cattle. Hall stones to the depth of five inches fell in some places. Two prospectors were injured.

Now Arrest the Other Fellows.

CHICAGO, July 21.—R. Goodwin, R. E. Burns and J. Elliott, directors of the American Railway Union and E. P. Benedict, stenographer, were arrested today. Warrants are out for Directors John MacVeahan and Thomas Hogan.

A Mob at Pullman.

CHICAGO, July 21.—A mob at Pullman today attempted to intercept thirty Hollanders on their way to the Pullman shops. The police escorted the workmen through the crowd and remained on guard at the works.

Sixty Indictments at St. Paul.

ST. PAUL, July 19.—The United States grand jury today reported 60 indictments against strikers and others for interfering with the mails. Bench warrants were issued.

That Sweet Mess.

WASHINGTON, July 21.—The senate sugar investigation committee resumed work today. The most important witness is Harry Rood, the New York Herald reporter.

Fired Into the Mob.

CINCINNATI, July 21.—Deputy United States Marshal Schlesinger fired three shots into a crowd that was stoning him today. The policemen drove the mob away.

A Half Million Blaze.

BIRMINGHAM, Ala., July 21.—A fire this morning consumed the Caldwell hotel and adjoining buildings; loss, \$500,000; insurance, \$300,000.

War Declared Between China and Japan.

LONDON, July 21.—A dispatch from Shanghai says a rumor is in circulation that war has been declared between China and Japan.

The Wheat Market.

PORTLAND, July 21.—Wheat unchanged. San Francisco—December, 100, $\frac{3}{4}$. Chicago—Cash, 52, $\frac{3}{4}$; September, 54, $\frac{3}{4}$.

ASSUAGED BY PRIDE.

A Grief That Was Overcome by a Sense of Being Honored.

Many of the old country emigrants do not wish to give up their caste servility when they reach this democratic country, says the New York Times. The young wife of a man who has extensive coal interests in Pennsylvania told some friends the other day of a recent experience in this regard. Soon after she reached her new home, among her husband's mines, the child of a French "digger" died. Her husband, as was his custom, sent for the bereaved parent to offer any assistance under the sad circumstances. "There is nothing I want," said the man, "only," and he fumbled his hat, "that milady should come to the funeral. If this will happen the grief, which I have to lose my child will be lightened in the honor which I shall have to write to my parents in France that milady was there." Such touching deference, of course, was recognized, and "milady" went down to the little cottage on the day of the funeral. When she went in the father sat with bowed head at the head of the coffin. His eyes, however, were furtively watching the door, and the instant she appeared he stood up. A look of pride that he could not conceal spread over his face. With great respect he conducted her to his own place and she sat there, the man standing motionless at her side through the service.

W. H. Nelson, who is in the drug business at Kingville, Mo., has so much confidence in Chamberlain's Colic, Cholera and Diarrhoea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the remedy is a certain cure for the diseases for which it is intended and he knows it. It is for sale by Blakely & Houghton.

Indictments Returned at Chicago.

CHICAGO, July 19.—Twenty-nine indictments were returned by the special federal jury, charging offenses against the interstate commerce and postal laws. The jury completed its labors and was discharged. The district attorney refused to allow the names to be published until the warrants were served in the morning. No warrants were issued this evening, as the court wanted to give all an opportunity to furnish bail. The bail was fixed by Judge Seaman at \$10,000. There are cumulative indictments against Debs, Howard Keliher and Rogers; also against the other directors of the railway union. Sovereign, of the Knights of Labor, may be among the indicted.

The San Francisco Investigation.

SAN FRANCISCO, July 19.—The United States grand jury resumed its session this afternoon. Various acts in restraint of interstate commerce committed by railroad employes were under consideration. United States District Attorney Garter says no indictments will probably be returned until the investigation is completed.

Restrained from Interfering.

SPRINGFIELD, July 19.—The miners of the Big Muddy Coal Company, at Murphysboro, struck this week, and the company applied today for an injunction from the United States court restraining the strikers from interfering with operations of the mines. The injunction was granted.

One Hundred Strikers in Jail.

BIRMINGHAM, Ala., July 19.—One hundred strikers, charged with participation in Monday's riot at the Pratt mines, are in jail. The jail is heavily guarded tonight, as the officers have been informed of a threatened attempt to rescue the strikers.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well.
