

## THEY ALL TAKE SUGAR

A War of the Races Declared in Indiana.

## THE HEAT COOKED THE CORN

Debs Doesn't Know the Strike is Dead and Expresses a Desire to Rot in Jail.

## Still Jobbing on Sugar.

WASHINGTON, July 26.—By agreement the conference report on the tariff bill was deferred when the senate met today until 2 p. m. for the purpose of giving the republicans time to consider.

The republicans, after consultation, found they could not carry the free sugar amendment proposed by Senator Quay yesterday. It decided that Quay should withdraw all amendments, but they should be renewed in different form by some other republican. Manderson and Perkins expressed the fear that the sugar proposition would go through and the bill would pass, as it is understood in case free sugar is added Peffer would vote for it. The republicans felt that the only proposition that would go through which will endanger the bill is that instructing the conferees to strike out the eighth of a cent differential. This would carry by a margin of one vote if all the republicans, all the populists, and Hill and Irby vote for it. At 2 o'clock Jones called up the conference report on the tariff bill. Quay withdrew the sugar amendments he offered yesterday. Vilas replied to the assault on Cleveland.

## He May Change His Mind.

CHICAGO, July 26.—At a meeting of the American Railway Union today President Debs said: "I have not forfeited my right to free speech and if Judge Woods yesterday enunciated the law, I would rather rot in jail than be a free man. If I alone were concerned, I would permit no defense to be made in my behalf, for I consider it an honor to be in contempt of the court that is going to try me."

## White Against Black.

SULLIVAN, Ind., July 26.—A race war has broken out between the white and colored miners employed at Linton. In the fight last night one white man was killed and the excitement is at a high pitch. The telegraph and telephone wires are cut. The white miners propose to drive out or exterminate their colored competitors.

## Stewart Takes Sugar in His'n.

WASHINGTON, July 26.—There is little hope that the republicans will be able to strike out the one-eighth differential on sugar. It is understood that Stewart, populist, of Nevada, whose vote is necessary to carry the proposition, will not vote with them.

## Japanese Minister Recalled.

WASHINGTON, July 26.—M. Tateno, the Japanese minister to the United States, has been recalled. His recall it is stated is due not to anything connected with the present Japanese-Corean-Chinese difficulty, but to matters growing out of the recent treaty negotiations.

## A New Way to Tie Them Up.

YOUNGSTOWN, O., July 26.—The street railways are again tied up tight today, some miscreants having grounded the trolley wires in such a manner that the electricians are so far unable to locate the trouble.

## War May Be Averted.

LONDON, July 26.—Up to noon today the Chinese and Japanese ministers have received no news regarding the situation in Korea. The opinion is gaining ground that war will be averted.

## It Swallowed the Other.

NEW YORK, July 26.—It is reported the United States Cordage Company has practically absorbed the Pearson Cordage Company. The purchase price is said to be \$100,000.

## Upham for Governor.

MILWAUKEE, Wis., July 26.—The republican state convention today nominated Major William H. Upham for governor.

## They Quit Easily.

SCOTTSVILLE, Pa., July 26.—There was no trouble today over disarming the coke strikers under orders from the sheriff.

## Pooling With the Dead.

CHICAGO, July 26.—The directors of the American Railway Union today issued a call for a convention in Chicago August 2d. Debs said the convention will decide whether the strike be continued, extended or declared off.

## Bean Shooters for Two.

PARIS, July 26.—The chamber of deputies today passed the government's anti-anarchist bill. Deputy Deghanet has challenged M. Clemenceau in consequence of the attack upon him in Clemenceau's newspaper, La Justice.

## Hell and Kansas All the Same.

KANSAS CITY, July 26.—For three days intense heat has prevailed all over this section, doing incalculable damage. The thermometer stood at over 100 in many places.

## It Popped the Corn.

OMAHA, July 26.—Unprecedentedly hot wind has done irreparable damage to the corn crop today. The thermometer registered 102 in the shade.

## The Wheat Market.

PORTLAND, July 26.—Wheat unchanged. San Francisco—new, seller 94. Chicago—cash, 50½. September delivery, 52½.

## Not Stopped by the Strike.

CINCINNATI, July 26.—The free for all trot was won today by Alix in 2:08, beating Maud S' famous record on this track.

## Uncivil Civil Service.

WASHINGTON, July 26.—It is learned that Tateno is recalled simply in pursuance to Japan's rigid civil service rules.

## All Quiet at Sacramento.

SACRAMENTO, July 26.—Nearly one thousand men are now at work in the railroad shops here.

## Baker County Placer Mines.

BAKER CITY, Or., July 24.—The output of gold from the Baker county placer mines for 1894 already exceeds that of any previous year in the history of the county. The old Jordan bar, on Burnt river, just a few yards away from the road bed of the Union Pacific railway, was reopened this season by Sissley & Henderson, and although thought to have been worked out years ago, is now yielding \$100 per day. Only two or three men are required to operate the claim. Mrs. Squires, of Portland, is making extensive arrangements to crush rock from the Dolly Varden mine. A quartz-mill is en route from Portland. The mill building is ready to receive it. A \$2000 bar was received here this week from Shelton mine, on Burnt river. J. C. Young's group of mines are yielding handsomely since his Crawford mill started. The Chloride group, situated on Rock creek, is attracting considerable attention at present. It is base ore, but an excellent proposition, as soon as one smelter is in operation.

## Gorman Slapped Hard.

BALTIMORE, July 24.—Queen Anne county, the native county of Senator Gibson and formerly a firm supporter of Senator Gorman, today in convention gave the Maryland senator a hard slap. The convention, held to elect delegates to the district congressional convention, adopted resolutions demanding that "no one in the district shall accord Gorman his support, and shall be sound on tariff reform, as the people are not disposed to true democratic principles."

## Working With the Populists.

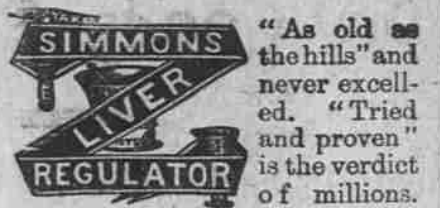

OMAHA, July 24.—The session of the executive board of the Knights of Labor today was devoted to the situation in Nebraska. State Master Workmen D. Allemand was called in consultation and, after hearing his statements, it was resolved to lend the influence of the order in the pending campaign to the populists. It was decided to send organizers over the state in conjunction with the populist state committee to thoroughly organize the workers.

## The Arkansas Republican State Convention in Session.

LITTLE ROCK, July 24.—The republican state convention met here today and nominated H. L. Rommel for governor, the only nomination made. The platform reaffirms the national platform of 1892; declares in favor of protection; denounces the attempts to repeal the McKinley bill, and demands both gold and silver as standard money.

## Disastrous Eruption in Coffeyville, Kansas.

COFFEYVILLE, Ks., July 24.—Between 1 and 2 o'clock this morning Coffeyville experienced a subterranean explosion, strongly resembling an earthquake, which terrified the citizens for miles around, and caused much damage. Just north of the town is situated a strong natural gas well. Several distinct explosions, rapidly following each other, awoke the startled citizens, who jumped out of bed to find the town brightly illuminated. As far as known, however, no one was hurt. Houses had been shattered, barns toppled over and masses of earth appeared where before the ground was level. The strange phenomenon is unaccountable.

## Selections Approved.

WASHINGTON, July 24.—Secretary Smith has approved lists of railroad selections, embracing 196,841 acres of land in Utah, included in a grant to the Central Pacific, and 5,983 acres within the primary limits of the grant of the Southern Pacific. The approval has been on supplemental lists of sections of land made on account of grants to aid in the construction of the Oregon & California road in Oregon, Central Pacific in Utah and Southern Pacific in California.

## A RECEPTIVE MIND.

The Wonderful Memory of a Noted French Author.  
Theophile Gautier, the French author, was gifted with an extraordinary memory. Whatever he had heard or seen remained engraved upon his mind.

On the day on which the two first volumes of Hugo's "Legende des Siècles" were published, the author dined in Gautier's company at the house of another friend. There were several literary men present, all allied more or less closely to the tribe of romanticists, admirers of Victor Hugo, and counting upon finding a feast of good things in his new work.

In the course of the talk Gautier remarked: "Let us prove what we advance. I will recite 'Les Lions' to you." And in a clear voice, his eyes gazing steadfastly as though he were reading from afar a book visible to himself alone, he recited the whole piece, not repeating himself once, never hesitating, and not mistaking a single syllable.

Yet he had read it that morning for the first time.  
Many times his friends, doubtful upon some point of history, language, geography, anatomy or art, referred the matter to him, and received immediate satisfaction. They used to say then: "We have only to turn over the leaves of Theo."

A horse kicked H. S. Shafer, of the Freemyre House, Middleburg, N. Y. on the knee, which laid him up in bed and caused the knee joint to become stiff. A friend recommended him to use Chamberlain's Pain Balm, which he did, and in two days was able to be around. Mr. Shafer has recommended it to many a bruise or sprain. This same remedy is also famous for its cures of rheumatism. For sale by Blakeley & Houghton.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."  
—H. A. ARCHER, M. D.,  
111 South Oxford St., Brooklyn, N. Y.

"For several years I have recommended your 'Castoria,' and shall always continue to do so, as it has invariably produced beneficial results."  
—EDWIN F. PARSONS, M. D.,  
125th Street and 7th Ave., New York City.

"The use of 'Castoria' is so universal and its merits so well known that it needs a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."
