THE DALLES, OREGON, FRIDAY, JULY 27, 1894.

NO. 184

## JAPS CATCH THE KING

The Korean Monarch Captured and Sent to Japan.

### CHINESE SOLDIERS DROWNED

The Senate Sends the Tariff Bill Back to Conference, but Refuses Injunctions by a Tie Vote.

#### War Has Been Declared.

LONDON, July 27.—A dispatch received at 11:30 a. m. today from Lloyds Agent at Shanghai, China, confirms the announcement exclusively cabled to the Associated Press last Saturday, that war between China and Japan had been declared. Both the Chinese and Japanese ministers say they have not been officially informed that war has been declared. They also claim to be ignorant of the fact that the Japanese have captured the King of Korea. The immediate cause of the declaration of war is said to be the fact that the Japanese attacked Chinese transports conveying troops to Korea. It is reported that a number of Chinese ships have been sunk by the Japanese cruisers. Telegraphic communication has twice been completely interrupted beyond Nagasaki Japan and all messages have been delayed. If the treaty ports remain open England expects to make a continuous profit out of the war while the fact that Russia directly or indirectly is giving assistance to Japan is likely to place a perpetual stop upon Russian trade progress with China.

#### A Thousand Soldiers Drowned.

TIEN TSIN, China, July 27.—While no formal declaration of war has been made, the governments of both China and Japan recognize that an actual state of war exists and more collisions are expected hourly. The general opinion seems to be that while Japan may be looked upon as likely to score the first victories, the Chinese troops will eventually drive the Japanese out of Korea, even if millions of people have to be sent to the front. The first overt act of war occurred Tuesday, when the Japanese fired upon the junk steamship Kowshung, belonging to Hugh Mathieson of London, which had been chartered by the Chinese government to convey troops to Korea. The Transport was sunk with all hands. It is believed a thousand Chinese soldiers perished.

#### Japanese Capture the King of Korea.

WASHINGTON, July 27.—The king of Korea is a Japanese prisoner. This information was the important statement in the telegram dated yesterday, which Secretary Herbert received from Captain Day, of the United States steamer Baltimore, now at Chemulpo, Korea. Captain Day reported that he had dispatched marines to Seoul to protect the U. S. legation.

#### Labor Legislation.

WASHINGTON, July 27.—The commissioner of labor as ex-officio chairman of the strike commission, appointed by the president, has called a meeting in this city Monday.

The bill to create a national board of arbitration introduced by Springer, which follows the recommendation in the president's message of 1887, has been reported to the house favorably by the committee on labor.

#### Now With the Committee.

WASHINGTON, July 27.—The Senate today returned the tariff bill to conference without instructions. The vote on Washburn's motion to instruct the conferees to recede from the eighth of a cent sugar differential stood yeas 32 nays 32. Motion not agreed to.

#### The Strike Off in Sacramento.

OAKLAND, Calif., July 27.—At a meeting of the local lodge, A. R. U., last night, lasting from 8 o'clock until long after midnight, the union decided by a vote of 187 to 146 to declare the Southern Pacific strike off.

#### Crops Injured by Heat.

CHICAGO, July 27.—The hot wave today is central over Iowa, Wisconsin and Illinois. The temperature in many places is running over 100 degrees. In Montana and Dakotas the worst is passed. In Kansas and Nebraska growing crops sustained great damage.

#### Caused the Washington City Fire.

WASHINGTON, July 27.—The police have arrested W. T. Harris, inventor of a gasoline motor on suspicion of having caused the Knox building fire, in which three firemen lost their lives. The police believe Harris, while experimenting caused the explosion, which started the fire.

#### It's Put Up or Shut Up.

CHICAGO, July 27.—Mayor Hopkins said today that if the Pullman works were not started within a few days he would withdraw the militia. It is thought the works will be started Monday.

#### Couldn't Hurt the Latter that Way.

PARIS, July 27.—A duel with swords was fought today between M. Paul Deschanel a deputy and M. Clemenceau, a journalist; the former was wounded in the cheek.

#### The Arctic Expedition Safe.

LONDON, July 27.—Information received here today leaves no room for doubting that the Wellman Arctic exploring party is safe and well on its way North.

#### The Boss Has to Stay.

BROOKLYN, July 27.—The general term of the Supreme Court today denied the motion for a new trial for John Y. McKane, ex-boss of Gravesend.

#### Nominated For Governor.

GRAND FORKS, N. D., July 27.—The Democratic state convention today nominated Congressman W. G. Larimore for governor.

#### King of Korea Sent to Japan.

TIEN TSIN, July 27.—It is said the Japanese have sent the king of Korea to Japan where he will be kept until the trouble is over.

#### The Wheat Market.

PORTLAND, July 27.—Wheat unchanged. San Francisco—new, seller, 94. Chicago—Cash, 50 1/2. September, delivery, 52 1/2.

#### The Sugar Investigation.

WASHINGTON, July 25.—Mr. Seymour, of the brokerage firm of Seymour Bros. & Co., was before the sugar trust investigation committee today. Mr. Seymour declined to answer questions put to him as to the purchase of sugar stock by members of the senate, or as to his knowledge of the existence of an order for such stock which former witnesses testified had been made through his firm in the name of Senator Camden, pleading that the committee had no power to compel him to reveal to them his patrons. Mr. Allison's testimony was important, as corroborative of the statements of Mr. Guillard and other witnesses. While the details of his testimony cannot be given, he stated positively that he had seen the Camden order. Another witness of the day was George Bruce, a New York broker. It is understood that he testified to having seen an alleged order for the purchase of sugar stock, which purported to have been given by Senator Camden, and to have also seen a photograph and an electrotype of it.

#### Said by House Members.

WASHINGTON, July 25.—The action of the senate caucus was received with much satisfaction by members of the house, and throughout the evening they gathered at the public centers and discussed the prospects of a speedy settlement. Although the general understanding of the members was that the senators had not yielded on iron ore, and had only discussed a reciprocity clause on coal, yet the tendency was so strong for a termination of the struggle that there was no criticism of what the senators were expected to do. Springer said that the caucus action would readily be accepted by the house, as the point had been reached where the house wanted a bill without any further wrangle over details. This tendency in the house to end the controversy was very marked today and was participated in by members who have heretofore been unyielding.

#### Malaria in any of Its Forms.

Chills and fever, congestive chills, can be prevented or cured by the use of Simmons Liver Regulator, a purely vegetable medicine, superior to calomel and quinine.

#### Cheap Wall Paper.

Over 50 patterns, new and desirable designs, with borders to match, at very low prices. Jos. T. PETERS & Co. tjull.

Now good digestion wait on appetite, And health on both.

To assure both the above ends, good, wholesome, palatable food is demanded. It is next to impossible to present a sufficient variety of appetizing bills of fare for our meals without a liberal allowance of pastry and other food in which shortening is required. How to make crisp, healthful, digestible pastry has puzzled the cooks. A difficulty in all good cooking in the past has been lard. Always fickle, never uniform, most unwholesome—lard has always been the bane of the cook and the obstacle to "good digestion."

## COTTOLENE

comes now into popular favor as the new shortening—better than even the best of lard with none of lard's objectionable qualities. And

## COTTOLENE

comes attended by both "APPETITE AND HEALTH." Grocers sell it all about. REFUSE ALL SUBSTITUTES.

Made only by N. K. FAIRBANK & CO., ST. LOUIS and CHICAGO, NEW YORK, BOSTON.

#### The Secretary Had No Authority to Make the Withdrawal.

WASHINGTON, July 25.—The secretary of the interior today rendered a decision on motion for a review in the case of the Northern Pacific Railway Company vs. Jennie L. Davis, involving the question decided by Secretary Vilas in the case of the said company vs. Guilford Miller. In the case of Miller it was held by Secretary Vilas that under the grant of the Northern Pacific Railway Company there was no authority vested in the secretary of the interior to make a withdrawal of indemnity lands for the benefit of said company. The decision today rendered by Secretary Smith sustains the ruling laid down by Secretary Vilas. This decision will affect titles to the homes of many hundreds of settlers in the Pacific states.

#### Attempt to Wreck a Freight.

SAN FRANCISCO, July 25.—About 1 o'clock this morning an attempt was made to wreck a freight train on the narrow gauge road in Alameda, between Haight street and San Leandro. A tool chest which stands beside the bridge over the estuary, was broken open, a crowbar and sledges were taken out, and the draw moved when the night watchman and a deputy sheriff came along; the miscreants fled in the darkness. The night watchman succeeded in replacing the draw before the night freight arrived, thus preventing a disaster.

#### The First of the Grain Fleet.

ASTORIA, Or., July 25.—The British four-masted bark Crofton Hall, 2040 tons, the first of the grain fleet of 1894, arrived in tonight in ballast, after a fine but uneventful passage of 87 days from Shanghai. On the Crofton Hall's last voyage to the Columbia, she was in command of Captain Evans. The former it will be remembered, when he left the Crofton Hall, took command of a British steamer running to the west coast of Africa and died of yellow fever shortly afterwards.

#### Killed His Sister and Father.

BIRMINGHAM, Ala., July 25.—John Collins, a market gardener, last night thought he he heard thieves in his garden and started to investigate. He was heard by his daughter Maggie. Mrs. Collins heard the two, and supposing them to be thieves, aroused her son William, who took his gun and shot both father and daughter. The former is dead and the latter is dying.

#### An Old Soldier Dead.

HILLSBORO, Or., July 25.—Captain Erskine Carson died here today. Death was due to a bullet wound received in the battle of Bull Run. Captain Carson was the author of the famous dispatch to Governor Foraker, asking the latter not to surrender any rebel flag while he was governor.

#### These Will Investigate the Strike and its Causes.

WASHINGTON, July 25.—The president has appointed John D. Kernan, of New York, and Nicholas E. Worthington, of Peoria, Ill., to act with the labor commissioner, Carroll D. Wright, in the presidential commission to investigate the Chicago strike.

Special Sale  
Saturday, July 28, 1894.

## Castoria

For Infants and Children.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."  
EDWIN F. PARSONS, M. D.,  
111 South Oxford St., Brooklyn, N. Y.

"For several years I have recommended your 'Castoria,' and shall always continue to do so, as it has invariably produced beneficial results."  
EDWIN F. PARSONS, M. D.,  
123th Street and 7th Ave., New York City.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."  
CARLOS MARTIN, D. D.,  
New York City.

THE CHESTNUT COMPANY, 77 Murray Street, N. Y.
