FROST IN WISCONSIN

The Weather Bureau Says They Will Have it Tonight.

SANTO SENT TO THE GUILLOTINE

Santo's Trial Commenced Yesterday and Was Sentenced Today—Senate and House Flirting.

The Tariff Muddle.

WASHINGTON, Aug. 3.—The tariff conference appears to have reached very nearly the point at which either an early agreement will be reached, or a decision to report disagreement. The senate conferees apparently have arrived at the conclusion that there has been already a sufficient exchange of views upon general lines, and the time has come when a direct issue must be raised. It is stated that a sugar schedule has been prepared, which the senate will accept. The schedule, it is said, still provides a differential duty on refined sugar, and in other particulars maintains the protective features of the senate schedule.

Representative Bland has introduced a resolution instructing the committee on ways and means to report a bill placing all sugars on the free list, and for raising a \$100,000,000 revenue by an income tax. Bland says, concerning the resolutions: "I have not consulted Mr. Wilson nor anyone else, but have acted on my own judgment in submitting this resolution. My purpose is to press it if there are any indications that the general tariff bill will fail."

The Case at Woodland.

WOODLAND, Cal., Aug. 3.—At the opening of the train wrecking case this morning Justice Fisher apologized for having called prisoner Worden a vile name during his excitement yesterday evening. He said he would have held any of the attorneys accountable for such language as he used. Almost the entire morning session was consumed by arguments, quarreling and bickering among the attorneys, but for the interference of others, attorney Cook and Gaddis would have come to blows. Gaddis openly charged that false testimony had been given for the prosecution and that the attorneys for the prosecution countenanced it.

Just Nothing at All.

WASHINGTON, Aug. 3.—The only telegram of public interest received at the Japanese legation today, related to the request made by the Japanese government concerning the protection to be afforded Japanese interests in Pekin by the Americans in charge there. The legation is without official news concerning the reported repulse of Japanese troops at Asan. Considerable doubt exists in the minds of officials as to the exact location of that place.

The Dispatches are Correct.

BREITLIN, Aug. 3.—A dispatch from a German official in the service at Tien Tsin says the German gunboat Itis witnessed the sinking of the transport Kow Shung. The crew of the Itis rescued 150 Chinese who were struggling in the water. The dispatch confirms the report that the Chinese were victorious over the Japanese in the recent battle at Asan, Corea.

Burned in a Wreck.

BUYER, Ohio, Aug. 3.—A west-bound freight on the Pennsylvania line broke in two this morning, the two parts colliding. A car of coal oil and one of gasoline took fire and consumed half the train also destroying 500 feet of track. Four tramps stealing a ride on the oil car were burned to death.

Will Have to Work or Quit.

OMAHA, Aug. 3.—All the South Omaha packing houses did little killing today, but few new men having been obtained. The men were notified that unless they reported for work by noon tomorrow they should be discharged. Violence is feared should new men be put at work.

Frost in Wisconsin Tonight.

CHICAGO, Aug. 3.—The weather bureau has ordered the frost signal displayed throughout Wisconsin tonight. Last night broke the record for cool weather in August in Chicago, and serious damage to the crops in the Northwest is feared.

American Railway Union Convention.

CHICAGO, Aug. 3.—The second day's session of the American Railway Union convention was devoted to hearing reports from local organizations on the various railroads. President Debs urged a more complete organization.

A Close Call for the Passengers.

HOLLAND, Mich., Aug. 3.—The Steamer City of Holland with 80 passengers aboard was beached here today in a heavy gale. The boat was badly damaged and the passengers were rescued with difficulty.

New Mexico and Arizona Next.

WASHINGTON, Aug. 3.—The senate committee on territories has reported favorably on the house bill for the admission of New Mexico and Arizona.

A Southern Man for Hawaii.

WASHINGTON, Aug. 3.—Ellis Mills of Virginia was today nominated secretary of legation and consul general for the United States at Honolulu.

The Printing Bill Hung Up.

WASHINGTON, Aug. 3.—The house today voted non-concurrence in the senate amendments to the public printing bill and it was sent to conference.

Quick Returns for a Murderer.

LYONS, Aug. 3.—Caesaro Santo, the murderer of President Carnot, was found guilty and sentenced to be executed by the guillotine.

All Things Possible, in France.

PARIS, Aug. 3.—Dr. Cornelius Hertz, the Paris lobbyist was sentenced today to five years imprisonment, and fined 3,000 francs.

The Wheat Market.

PORTLAND, August 3.—Wheat unchanged. San Francisco—December, 1.01%; Chicago—Cash .52%; September, .53%.

Sharp Medicine.

LONDON, Aug. 3.—A dispatch from Tien Tsin says that all deserters from the troops marching to Taku will be beheaded today.

Going to Work at Pullman.

CHICAGO, Aug. 3.—The force in the Pullman shops was increased today. At noon 552 men were at work.

Agreement Reached by River and Harbor Conference.

WASHINGTON, Aug. 1.—(Oregonian office, Corcoran building.)—Dolph has had a rather hard struggle, but he has pulled out of the conference committee with all the Oregon appropriations in the river and harbor bill. Practically an agreement to that effect has been reached, and the agreement will probably be reported tomorrow. The amount for a boat railway at The Dalles has been reduced to \$100,000, but Dolph says that will be sufficient to acquire the right of way and begin the work. The main thing is to have it started. The other appropriations for Oregon remain undisturbed. Washington is also fortunate. Every increase made by the senate remains in the bill, as also does the provision made for the Lakes Union and Washington waterway. The Oregon and Washington delegations are feeling very jubilant. Oregon has a \$400,000 increase, nearly double the amount in the house bill, with the entire amount for the completion of the work at the mouth of the Columbia. Dolph says boats will be passing over the dalles of the Columbia in four years.

Refuse to Indorse Cleveland's Administration.

ST. PAUL, Aug. 1.—Some time ago the democrats of Minnesota issued an address standing by the president and denouncing the 12 United States senators as Benedict Arnolds. Today at a meeting of the democratic state central committee, attended by many of the men who issued the celebrated address, a resolution commending the president for his stand on the tariff in his letter to Mr. Wilson and indorsing the action of the house on the tariff bill, was tabled by the overwhelming vote of 20 to 3. Some of the members of the committee explained that they voted against the resolution in the interest of harmony. A resolution opposing fusion with the populists was unanimously adopted.

May Build a Pacific Cable.

MONTREAL, Que., Aug. 1.—The outbreak of war between Japan and China has revived interest in the proposed Pacific ocean cable between Vancouver and Japan. C. R. Hosmer, general manager of telegraphs of the Canadian

and saw enough of it, your digestive organs may perhaps be equal, ostrich like, to any task you impose—even to the digestion of hard-cooked food.

If however, like thousands of other people, you have learned that you must "draw the line at lard," this is to remind you that there is a clean, delicate and healthful vegetable substitute, called

Pacific railway said in an interview today that sufficient progress had been made financially in 1891 for putting through this scheme, had the Japanese government given it the assistance that was expected of them. He believes the present war will extend to other nations in the far East, and that it will result in the laying of a Pacific cable either to Japan, China or Australia, as the existing cables pass through so many foreign countries where serious complications are likely to arise at any moment. The distance from Vancouver to Japan is 3,600 miles. A cable is estimated to cost less than \$4,000,000.

Will Try the Law.

FORT WAYNE, Aug. 1.—Today some of the discharged strikers on the Pennsylvania and Nickel Plate roads declared they would file affidavits against all men employed on these roads who work Sundays. The strikers say they have the names of the men who will probably work next Sunday, and they will be arrested Monday for Sunday desecration. It is said the threat will be positively carried out. Fort Wayne is very puritanical on Sunday, under the new municipal administration.

Under Which Flag.

YOKOHAMA, Aug. 1.—The declaration of war puts in a peculiar position those English army officers who were taken recently into the Chinese ports. The officers in question will be liable to arrest under the foreign enlistment act the moment they come within the jurisdiction of British authority in any treaty port. At the same time they will have no valid claim upon Great Britain's protection, if they are caught by the Japanese.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,
111 South Oxford St., Brooklyn, N. Y.

"For several years I have recommended your 'Castoria,' and shall always continue to do so, as it has invariably produced beneficial results."

EDWIN F. PAULSEN, M. D.,
123rd Street and 7th Ave., New York City.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."
