Santo Sentenced After a Very Brief Trial.

AN AGREEMENT IS REACHED

So Says the Cabinet Officers, But the Conferees Deny the Truth of the Statement.

Doomed to Death on the Guillotine.

LYONS, Aug. 3.—There were few people around the palace of justice when the trial of Santo, assassin of President Carnot, was resumed today. The prisoner was even more defiant than yesterday, and took his seat with a mocking smile upon his face. Leblanc a fellow-prisoner with Caesario at Marseilles, testified that Caesario told him he intended to kill President Carnot, probably at Lyons when the chief magistrate visited that city.

"That is a lie," interrupted Caesario excitedly. "I never told you or anyone else anything about my plans." Leblanc continued: "Caesario confessed to me he was designated by lot." "That is untrue," shrieked Caesario.

"How untrue?" asked Leblanc, turning to the prisoner. "I said to you after you had made that remark, 'But who would be so bold as to kill President Carnot? I saw him in Paris surrounded by troops and police. You answered: 'He will be chosen by lot.'"

There was great excitement in court while the prisoner and Leblanc were speaking to each other. Later Leblanc said: "Caesario told me he had often seen King Humbert in the streets, but he added that to kill him it would be necessary to have a rifle and shoot him from the street, as he would be surrounded by soldiers."

"It is a lie," shouted the prisoner. "I was never chosen to kill President Carnot. Moreover, absolute liberty of action prevails among anarchists."

The prosecuting attorney reviewed the details of the trial and demanded the jury not to hesitate to do their duty. M. Daudreuil, for the defense, made an appeal for the prisoner. At noon the jury retired, and after an absence of fifteen minutes announced the verdict, "Guilty, without extenuating circumstances." Presiding Judge M. Breuil pronounced the sentence, "Death by the guillotine." Caesario exclaimed "Vive la Revolution Sociale!" The prisoner was immediately hurried to his cell. As he left the courtroom he cried, "Courage, comrades; vive la Anarchie!" In spite of the prisoner's defiant attitude, his habitual smile disappeared when sentence was pronounced. M. Daudreuil gave notice of appeal, and asked that the presiding judge's charge to the jury at the opening of the session be entered on the records.

The Tariff Situation.

WASHINGTON, Aug. 3.—After the meeting of the cabinet today, four members announced, each to a different person, that an agreement had been reached by the senate and house conferees on the tariff bill. The basis of the agreement was not disclosed, but one of the more distinguished members of the cabinet said to a press association representative:

"You can announce that the president will sign a tariff bill within ten days."

This statement was bulletined by the association. It spread rapidly throughout the city, and caused much excitement. No one of the cabinet officers who spoke of the settlement would divulge the terms, but the inference was strongly conveyed that the senate bill, with not very material concessions, is the basis of agreement. The paramount reasons that seem to have brought about an adjustment were stated to be the absolute necessity for the cessation of the period of uncertainty in order that government finances might recuperate, gold exports stop, and the country be given an opportunity to resume business, which has come almost to a standstill because of the long-drawn-out delay.

A radical free trade member of the house is quoted as saying that if he were in a desert famishing from thirst he would not refuse to drink of a pool of water because it was not as clear as

crystal, and that if the tariff bill was not altogether foul he would accept it, and hope for better in the future.

News From English Correspondents.

LONDON, Aug. 3.—The Daily News correspondent in Berlin says that the German colonel who commands the Japanese forces in Corea, Major Freiherr von Gotschreiber, formerly of the Korean general staff, is organizing the national general staff of Japan.

The Shanghai correspondent of the Times says: "The inquiry into the Kow Shung affair was conducted by the commissioner of customs in Tien Tsin in the presence of the foreign consuls. It was concluded today. Forty-five survivors stated that the morning of the 25th the Japanese ordered the Kow Shung to anchor off the island of Shopa. The transport remained there until noon, being twice boarded, when, having given no provocation, she was struck with a torpedo and sunk. The Japanese fired with gatlings at the swimmers long after the Kow Shung had foundered."

The Russian and British ministers informed the correspondent that China had shown the utmost moderation and had won the sympathy of foreigners.

The Times says editorially: "If the declaration of the Russian newspaper that no power will be permitted to occupy a portion of Corea is a hint to England, it is scarce necessary, for not even the most sincere desire on our part to see Corea decently governed would lead us to interfere with that interesting but dangerous country."

An Answer to Japan.

TIENTSIN, Aug. 2.—The emperor of China has issued a manifesto in response to Japan's declaration of war. The manifesto says that he accepts the war which Japan has thrust upon him, and orders the viceroys and commanders of the imperial forces to "Root these pestilential Japanese from their lairs." The emperor throws the blame for the shedding of blood on the Japanese, whom, he asserts, are fighting in an unjust cause. The emperor has expressed a desire to come to Tien-Tsin in order to be near the center of interest, but Viceroy Li Hung Chang is opposed to the movement on the ground that Tien-Tsin does not afford suitable accommodations for his majesty.

Wee and Desolation.

LONDON, Aug. 2.—A dispatch to the Daily News, from Vienna, says: "A doctor of the Galician town of Caleszky reports that sometimes people who attend the funerals of persons who died of cholera are attacked with pains on their way home, lie down and die in a few hours. The town is isolated. There is no commerce or industry. All the shops and factories are closed. The rich have fled, while the working people walk the streets in a starving condition, take the disease and die."

An Investigation to Follow.

GREAT FALLS, Aug. 3.—Every wheel in the yards of the Montana Central railroad stopped at 12 o'clock today and the west bound train was delayed two hours. The American Railway Union decided in the forenoon they would uphold Engineers Bowker and Murphy, and the strike was inaugurated because the master mechanic refused to reinstate them. About 4 o'clock the men decided to go to work, pending an investigation.

A Hardened Criminal.

LOS ANGELES, Aug. 3.—An old man named Henry Hunt, who enticed Samuel Holroyd out in the country July 22 and tried to kill him with a piece of lead pipe, for robbery, was brought into court today. Officers say they have discovered that Hunt is one of the most hardened criminals on the coast. He has killed several people, robbed banks and stage coaches and has been in the penitentiary many times.

Lost His Yellow Jacket.

SHANGHAI, Aug. 3.—The emperor has divested Li Hung Chang of the yellow jacket, in consequence of his supposed remissness in prosecuting the war.

Twenty thousand Chinese have crossed the Yellow river, and 8000 have left Moyden for Seoul. Ships' officers have been promised double pay as a douceur. Deserters from Tien Tsin have been beheaded.

To prevent the hardening of the subcutaneous tissues of the scalp and the obliteration of the hair follicles, which cause baldness, use Hall's Hair Renewer.

CEDAR RAPIDS, Ia., Aug. 3.—A fire at Marion today destroyed \$125,000 worth of property in the business part of the town. The fire originated in the gas and electric light works, and was followed by an explosion. One of the principal losses was the gas plant and bank building owned by the Daniel estate.
