## NOW KING CAUCUS

The House and Senate Feeling for Each Other.

## THE MURDERER GETS TEN DAYS

The Cholera is Raging in St. Petersburg, But the Death Rate is Comparatively Low.

## A Caucus on Tariff.

WASHINGTON, Aug. 7.—Chairman Holman called the house caucus to order at 3 o'clock today, 119 members being present. Bynum offered a resolution reciting the fact of the disagreement on the tariff bill and declaring the conferees should meet in a spirit of liberality and by mutual concessions agree upon a measure that will meet with the approval of both bodies. The resolution further provides for an adjournment until 6 o'clock Friday next, and if no agreement is meanwhile reached, the democratic senators be invited to meet that day in joint caucus. Bynum said above all things an agreement was necessary. He was not prejudiced for or against the senate bill, and would give his support to any the conferees might agree upon, but he spoke for the people of his state, who demanded the bill be speedily passed. His tone was mild and conciliatory. Speaker Crisp entered while he was speaking. Chairman Wilson replied to Bynum. He said one of the conferees' greatest troubles was just such movements as this for a caucus by which the house conferees were subjected to fire in the rear. He deprecated the adoption of the Bynum resolution.

Livingston of Georgia offered a substitute expressing confidence in the house conferees, and leaving all action to their judgment.

## Race for Her Majesty's Cup.

COWES, Aug. 7.—In the race for her majesty's cup, in the royal yacht squadron regatta today, for all yachts belonging to the squadron, over the old queen's course revised the Prince of Wales's cutter Britannia, Emperor William's cutter Meteor, formerly the Thistle, Admiral Montague's 40-rater cutter the Czarina, Lord Dunraven's 62-rater cutter L'Esperanza, W. R. Cookson's 40-rater Castanet and the 61-rater Mohawk, started at 10 a. m. The Britannia crossed the line before the gun was fired and was therefore disqualified. The Czarina led, followed by the Meteor. The Meteor finished first, but the Czarina won on the time allowance.

## The House Caucus.

WASHINGTON, Aug. 7.—The house democratic tariff caucus at 3 o'clock today and the interview of Senator Voorhees pronouncing in favor of the house position on free iron and coal are the absorbing topics among the members of the house. Those who projected the caucus assert they have not intended to discredit the conferees. The anti-caucus men denounce the caucus, however, as a flank movement toward a surrender to the senate. From the general tenacity of the caucus, as well as the anti-caucus men it seemed evident at noon there would be no resolution instructing the house conferees to recede or otherwise discrediting their course.

## Forty-Eight Hours to Agree.

WASHINGTON, Aug. 7.—Gorman, in an interview, says the house conferees on tariff have just forty-eight hours longer to agree. If an agreement is not reached then he says the senate will break off further negotiations and put sugar on the free list. He declares a bounty on sugar, which the Louisiana senators want, will not be continued for this year. Rather than do this, sugar will be placed on the free list, and this, he added, will be a loss of \$20,000,000 annually. He declares the president and senate conferees want sugar taxed.

## Chinese Seize Japanese Passengers.

SHANGHAI, Aug. 7.—A dispatch says the captain of the Chung Kiang, which arrived today, made the following statement with regard to the seizing of Japanese by Chinese soldiers. While the ship was at Tunku the Chinese proposed seizing the Japanese passengers. They bound the Japanese and flung them over on the wharf. Li Hung Chang,

when informed of this outrage on the British flag, commanded that the Japanese be returned at once to the vessel and that the soldiers who made the raid be punished severely.

## Bynum and Springer Confer.

WASHINGTON, Aug. 7.—Bynum and Springer conferred at noon and drafted a resolution to serve as a basis of caucus action. It does not direct the house conferees to recede from their position, but urges that they reach a speedy agreement. Provision is also made, if this agreement is not effected by Friday next, that there be another caucus. After congratulation among the friends of the house conferees, it was decided to introduce a substitute resolution, but to vote down the Bynum-Springer resolution.

## Investigating Judge Ricks.

WASHINGTON, Aug. 7.—Steps were taken by the judiciary committee of the house today for the investigation of the charges against Judge A. J. Ricks, made by the Central Labor Union of Cleveland. It was agreed that no steps toward impeachment should be taken until more was known of the matter, and the case was referred to a subcommittee, of which Bailey is chairman. Bailey will introduce a resolution authorizing the judiciary committee to investigate the case.

## Changes in the Ministry.

COPENHAGEN, Aug. 7.—King Christian has accepted the resignation of Premier Jacob Broennum Scavenius Estrup, who retires on account of old age, and has appointed Baron Reedtz Thott minister of foreign affairs. Premier Lutichan becomes minister of finance. General Thompson succeeds General J. J. Bahnsen as minister of war, and Bardenfleth takes the place of Abgoss as minister of public works and instruction.

## The Britannia Outjockeyed.

LONDON, Aug. 7.—The prospects of a race between the Vigilant and Britannia tomorrow are doubtful. Both will probably have to undergo repairs when docked. The Vigilant is now about Hampton waiting to be docked. There is some chagrin at the manner in which the Yankee outjockeyed the Britannia yesterday.

## Sugar May Be Free.

WASHINGTON, Aug. 7.—Conservative democratic senators guardedly admit there is no foundation for the report that a movement may be made soon to put sugar on the free list. One said today it was liable to come in the shape of a motion to discharge the tariff conferees, and have the senate recede from the amendment on sugar.

## To Die in Ten Days.

LYONS, Aug. 7.—Caesario Santo Geromino, the assassin of President Carnot, has persisted in his refusal to appeal to the court of cassation and papers were sent to Paris today for the signature of President Casimir-Perier, fixing the execution 10 days hence.

Kenneth Bazemore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lewiston, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by Blakely & Houghton, druggists.

## Bluefields Captured.

WASHINGTON, Aug. 7.—Dr. Gusman, minister from Nicaragua, has received a telegram from Managua, officially announcing that Bluefields, on the Mosquito coast, has been taken by the Nicaraguan army.

"I know an old soldier who had chronic diarrhoea of long standing to have been permanently cured by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Edward Shumpik, a prominent druggist of Minneapolis, Minn. "I have sold the remedy in this city for seven years and consider it superior to any other medicine now on the market for bowel complaints." 25 and 50 cent bottles of this remedy for sale by Blakely & Houghton druggists.

## Evicted Tenants Bill.

LONDON, Aug. 7.—Member of Parliament Russell, of Tyrone, urges that the evicted tenants bill be amended so as to make the reinstatement of evicted tenants voluntary. This, he thinks, will appease the house of lords, and the bill be passed.

## Cholera Raging in Russia.

WARSAW, Aug. 7.—During the fortnight ending August 4th there were nearly 5000 cases of cholera and over 300 deaths in St. Petersburg, and in Warsaw in the same period 394 cases and 213 deaths.

## Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

## The Porto Alegre All Right.

LONDON, Aug. 7.—The German steamer Porto Alegre, supposed to have been sunk last night by the steamer Lismore Castle off the French coast, passed the head last evening in an apparently safe condition.
