VOL. VII. THE DALLES, OREGON, FRIDAY, AUGUST 17, 1894. NO. 202

REPUBLICAN TACTICS

Scheme To Repeal the Tariff Bill.

THINK THEY CAN GET THE VOTES

The Bills Were Referred to the Senate Finance Committee This Afternoon—The House Proceedings.

WASHINGTON, Aug. 16.—The republican steering committee today decided to support the motion to refer the four supplemental tariff bills to the finance committee, and to seek to amend in various ways, the principal amendment being a repeal of the tariff bill just passed. They count upon the votes of Hill, Caffery, Blanchard, Allen and Kyle. If the repeal amendment should fail, they would seek to substitute a bounty provision in the pending bill for free sugar, and would expect to secure the votes of these five senators, except Hill. They will also offer other amendments in certain contingencies, including one for duty on wool. They admit the sugar bill should pass, with an amendment providing, either for bounty or for the repeal of the main bill. The house probably would refuse to accept it, and yet likely would fail in conference, if they claim the senate, especially the republican senators, would not be responsible for that result.

Bad Effects at New Orleans.
NEW ORLEANS, Aug. 16.—The passage of the tariff bill has thrown a damper on commercial dealings in New Orleans. At least two-thirds of her population look to the sugar industry for support, and any legislation unfavorable to sugar has a decidedly bad effect on all other commerce, out of sympathy for Louisiana's principal product. The sugar exchange yesterday was in a turmoil, the members declaring that the industry would be ruined by the bill.

In the Senate.
WASHINGTON, Aug. 16.—Harris' motion to refer the free sugar bill to the committee on finance was carried in the senate today. Free coal, iron ore and arbed wire bills were also referred. Senator Harris, acting chairman of the committee, informed the members a meeting would be held for the consideration of the supplemental tariff bills today. He hoped to be able to report them tomorrow.

Tariff Bill Effects.
LONDON, Aug. 16.—The Daily News, in its financial article, says there has been great activity in all the markets since the passage of the American tariff bill. Metal, copper and tin are especially active in anticipation of a large American demand for tin plates.

In the House.
WASHINGTON, Aug. 16.—There was more than a handful of members present today in the house when the speaker called it to order. The deficiency appropriation bill was taken up.

Annual Tour of Inspection.
WASHINGTON, Aug. 16.—General Hampton, commissioner of railroads, left for the West yesterday to make his annual trip of inspection of the property of the bonded Pacific roads. Work will be commenced at Omaha. The books and accounts of the Union Pacific and Central branch of the Union Pacific have been examined in Boston by Bookkeeper E. C. Strom, who also examined those of the Sioux City & Pacific in Chicago and of the Central Pacific in San Francisco. The amounts due the government for 1893, under the provisions of the Thurman act, have been found to be in excess of the reports of the previous year, notwithstanding the industrial depression.

Their Mission a Failure.
WASHINGTON, Aug. 16.—Four members of the Hawaiian commission who came here to secure redress for ex-Queen Liliuokalani or to prevent the recognition of the new republic, left for Honolulu via San Francisco. Their mission was a complete failure. There is every reason to believe also that the royal envoys failed to see the president before his departure for Buzzard's bay. It is

understood the position taken by the state department was that when the United States offered to restore Liliuokalani on granting a general amnesty and she refused, the administration considered its relations with the ex-queen terminated.

Recruits For Japan.
LOS ANGELES, Cal. Aug. 16.—The Chinese and Japanese colonies here have been greatly stirred up lately by the presence of a mysterious white man who moves secretly and who, to those he has confidence in, exhibits credentials from the Japanese war department authorizing him to make contracts with persons or corporations in the name of Japan. It is learned that his purpose is to enlist 1,000 sturdy Americans, men who have had experience as soldiers, in the service of the mikado for the particular work of fighting Chinese. This emissary has made contracts with the steamship companies for the transportation of his men. He offers \$20 a month to men who can pass the physical examination, and promises them the best rations and accommodations. The prospect of looting some Chinese mandarin's palaces is not the least of the prospects which dazzle those adventurously-inclined young men who are flocking to the support of the crysanthemum dynasty, and as far as can be learned the regiment will soon be completed. The men will be armed with the latest pattern of military rifles, similar to the Mauser type and their uniform, it is claimed will be a thing of dazzling beauty, abounding in color effects. The men are guaranteed return passage to this country if they survive, or continuous employment in the army if they prefer.

Los Angeles Chinamen Excited Over a Slave Girl's Disappearance.

LOS ANGELES, Aug. 16.—The excitement in Chinatown here is still intense over the stealing of a slave girl last Saturday. The Chinamen first thought the girl was taken to San Francisco, but today a number of highbinders have attempted to enter several houses of white people, saying they are looking for the girl. Thirteen Chinamen are now guarding the residence of E. A. Rogers, a prominent attorney. It is suspected that Rogers is harboring the girl. Rogers appeared on the porch with a shotgun at noon and drove the Chinamen out of the yard, but they are still in the neighborhood. T. B. Burnett, general manager of the Terminal Company, who lives next door to Rogers has notified the sheriff's office, and 10 deputies are now on hand to keep the Chinese from violence. They tried to disperse the heathen, but without success. The police have been called for.

War Fever Intense in Japan.
LONDON, Aug. 16.—The Shanghai correspondent of the Times says 50,000 Japanese troops are already in Corea, and others are constantly landing. The Chinese fleet is passive. The correspondent adds: "The war fever in Japan is intense. The press and popular orators are advocating schemes for the conquest of Manchuria. There is a strict censorship over the news. Everything reported concerning the war is extremely partisan."

The Central News' Shanghai correspondent says: "A fleet of eight vessels is reported to have passed Chee Foo August 14th, bound westward."

Mars Is Not Peopled.
SAN JOSE, Aug. 16.—Professor Campbell, of the Lick observatory, has demonstrated with the spectroscopic that the planet Mars presents no evidence of having an atmosphere. Professor Holden says if any atmospheric pressure exists it is not as great as on our highest mountains, and thus popular fancies concerning the planet are overthrown.

Value of the Enemy.
LONDON, Aug. 16.—A Shanghai correspondent says that the government of Formosa offers 6000 taels for the destruction of any big Japanese warship, 4000 for a small warship, 200 for the head of a Japanese officer and 100 for the head of a private.

Ayer's Hair Vigor is cleanly, agreeable, beneficial and safe. It is the most elegant and the most economical of toilet preparations. By its use ladies can produce an abundant growth of hair, causing it to become natural in color, lustre and texture.

Charged With Bribery

DETROIT, Mich., Aug. 16.—Mayor Pinckney indulged in his second boodle sensation last night. He went to the rooms of the board of education while that board was in session, and six policemen followed him. Breaking into the proceedings, he asked that all of the 16 members who had been guilty of receiving or soliciting bribes resign at once. No one said a word. Then the mayor called on Milo H. Davis, Julius Lichtenberg, W. C. Lipphardt and Thomas Walsh by name, and asked each to resign. They refused, and the mayor produced warrants for their arrest. The six policemen took the four school inspectors to the police station, and locked them up for the night. The warrants charge the prisoners with receiving and soliciting bribes, and each is specifically charged with having taken \$25 from the Manitowoc Seating Company, of Manitowoc, Wis. L. H. Acheson, general agent of the company, is charged with having given them the money for their votes on a contract August 6th.

BRUIN AS A DEFENDER.

A Trapped Bear Whips a Mountain Lion and a Coyote.

A Montana ranchman, having lost a fine brood of ducks, set a bear trap baited with fresh beef, and that night heard a howl, which he recognized as that of a coyote. Knowing that the animal could not escape he turned over to sleep again, when he heard such a chorus of howls that he went out to investigate. He found a coyote and a cinnamon bear caught in the trap, showing that both animals had made a strike for the beef at the same time, while ten feet away was a mountain lion, waiting until one of the fighters had killed the other before finishing the winner. The bear and coyote seemed to know this, and made no hostile sign, so the lion sneaked around to the top of a sheep shed near by, where he lay crouched for a moment, and then made a spring, dropping squarely on the bear. A terrific struggle followed, in which the lion at first had the best of it; but finally the bear got a grip on his adversary's neck, and the lion's head dropped and he was strangled to death. The bear was not much better off, bleeding from many wounds, but he still had life enough to look after the coyote. He made two strokes at the coward of the plains and crushed the life out of him. Then the bear staggered around a minute and rolled over dead.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who use Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood.—Will drive malaria from the system and prevent as well as cure all malarial fevers.—For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed or money refunded.—Price 50c and \$1 bottle at Snipes & Kinersly's.

The Lead Trust's Dividend.

NEW YORK, Aug. 16.—The National Lead company has declared a dividend of one per cent on the common stock and 1 1/2 on the preferred.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
