

TO STOP THE PROGRESS OF Consumption, you will find but one guaranteed remedy - Doctor Pierce's Golden Medical Discovery.

The scrofulous affection of the lungs that's caused Consumption, like every other form of Scrofula, and every blood-taint and disorder, yields to the "Discovery."

A Funny Ache. "I don't think I ever realized just how many different kinds of aches a human being could have," said a young father, "until I became acquainted with my boy."

YANG YU, the Chinese minister at Washington, is cutting a very wide swath. His costume, carriage and mansion outshine those of any other diplomat.

Kenneth Bazemore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera, and Diarrhoea Remedy when three members of his family were sick with dysentery.

ENNY one who will allow himself to run after vain mysteries will soon lose his confidence in truth, and very likely become either a bawling fanatic, or a pitiable lunatic.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera and Diarrhoea Remedy.

THE total amount of Peter's pence collected for the pope's jubilee is about \$150,000. It is shortly to be presented to the pope.

"I know an old soldier who had chronic diarrhoea of long standing to have been permanently cured by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy."

JOHANN STRAUSS, the celebrated composer of waltz music, is shortly to celebrate his artistic jubilee in Vienna.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required.

It costs Great Britain \$20,000 to scrape the barnacles off the bottom of one of its big men of war and repaint it, and this has to be done twice a year in the case of nearly every vessel.

To prevent the hardening of the subcutaneous tissue of the scalp and the obliteration of the hair follicles, which cause baldness, use Hall's Hair Renewer.

NUMBER NINE IN MYTHOLOGY.

What a German Professor Has to Say of Three Times Three.

It is not often that a single figure has enjoyed the distinction of being the subject of long study and investigation on the part of a German university professor. But "The Number Nine" is the title of a long and learned article in a recent edition of "Am Urquell," by Prof. Reinhold, at present rector of the University of Berlin.

SACRIFICES TO THE SEA. Mystic Rites of Indians in Propitiation of the Great Spirit of the Waters.

To the adventurous globe trotter who has climbed the rock path to the sailor's church of Notre Dame de la Garde, dominating the Phœnician port of Marseilles, the potent influence of sacrifices and offerings for perilous and to come must be no old story.

There is a pathos, even for the world, in the quaint ships and galleons, in the rusting marlinspikes and shattered tiller heads, swinging to the mistral, in reverential offering before the shrines.

A DOLLAR IN THE WALLET.

It is an Influence That Lends a Charm to Life. The stars they shine serenely and with greater luminosity when a fellow isn't struggling with his impecuniosity.

Oh, the quiet air of twilight is more brightly luminiferous, and the incense from the flowers is more sweet and odoriferous; and the zephyrs blow more sweetly and our food is more nutritious, and we're conscious more completely that our breakfast is delicious; and we feel that life's no fizzle, as the pessimists miscall it, when we have the satisfaction of a dollar in our wallet.

All our woes are less appalling and our joys are less ambiguous, and all life's happy meadows are so lush-like and irriguous; for a glass of pure, cold phosphor tastes as sweet as balm of Gilead, and brown bread is like ambrosia Homer tells of in the "Iliad," and we feel that life's a poem mauler what the cynics call it, and we feel supremely blessed with a dollar in our wallet.

STRONG MEN OF OLD.

In the Good Old Days There Were Lots of Brawn and Muscle to Be Found.

Phillip, count of Kirehberg, was so strong that he could drive a nail into the wall with one of his fingers, says the St. Louis Post-Dispatch. A Spaniard named Pedro, who emigrated to Naples in 1556, drove nails into the wall with his forehead. Potowka, a Polish colonel, mashed horseshoes with his hand. Valentine Einsiedel, count of Schwarzenberg, and Carlot Leutnow, a Mecklenburg nobleman, did the same thing with ease.
