WEDNESDAY, - AUGUST 22, 1894

THE ONLY SOLUTION.

The price of wheat has steadily decreased for a number of years and now it has reached a point where production except under the most favorable circumstances is unprofitable. There is one remedy for this and only one. Under present conditions the larger proportion of the wheat belt cannot be used for other crops. It is true that Eastern Oregon produces the finest of melons and fruits but the whole country cannot be used for that purpose. It is a natural wheat country and should be used in producing that crop. The remedy lies in the disposal of it. It must be sent to market, not in the shape of breadstuffs but as meat. Oregon has never raised the hog products she consumed but the present prices of wheat are going to force her to do so. Now the cost of getting the wheat to a shipping point, is the largest portion of the expense. The bills for threshing, sacks and hauling taking up all the profits. When all of these items are dispensed with, and a couple of men can drive the whole crop to market in one or two days, there will be something left for the farmer, but under present conditions the crop eats itself up on the way to market.

TO BE A CITY.

Hood River today publishes a notice of her intention to incorporate. This is an excellent move and one that is being handled judiciously, the boundaries of the city-to-be being sufficient for her growth. We believe that the future of that charming little town is full of promise. Surrounded by a prolific soil, located on the grandest river in the world, a Switzerland for scenery and a Holland for prolificness, her possibilities are incalculable. There the apple is indigenous, which is only one of the reasons why we believe it to be the location of the original garden of Eden. It is a paradise after the fall not before, for there as everywhere else, the command that, "in the sweat of thy face shalt thou eat bread," is in force. In a few years not less than a million bushel of apples will be shipped annually from that little locality. This will provide the earthly portion of existence, and everything else is provided. The water is as pure as the tear the Peri found, and the air as fresh and fragrant as that that lifted Adam's breast when he first opened his eyes in Paradise.

The office of superintendent of water lines for the O. R. & N. has been abolished, and Captain Pegram, who held that position, is on the retired list. He is taking a much-needed rest, and giving the boat lines a chance. Captain Pegram came here from the East, having been in the steamboat business for a number of years on the Mississippi, and was well qualified for the position because he was a relative of the superintendent. He knew nothing about the Columbia or what was required on it, and it was through his management that the middle Columbia was left without a company boat. The captain says he is pleased to be released from the heavy duties of the office, a pleasure that will be generally and generously shared by the traveling public.

The president is still at Gray Gables, and has given no indication of his intentions concerning the senate bill. Secretary Carlisle has shown what his opinion is by sending out circular letters of instructions to the collectors of customs. He evidently has a pointer. The suspense will necessarily come to an end next Monday, for at 1:30 o'clock on that day the time in which the president may sign or veto the bill will have expired. It is generally conceded that the bill will not be vetoed, and the only question is whether it will become a law with or without the president's signature. It makes no difference which course is pursued, but it will probably be the latter.

The Oregonian today gives a general review of the business situation, from which we gather that there is a distinct improvement in all lines of business. A canvass of the wholesale houses of Portland shows that trade is much better than a year ago, and steadily improving. About the only line in which unusual dullness is reported is that of agricultural implements. With wheat at thirty cents a bushel, or less, the farmer does not feel like putting any money into machinery; in fact he can't and so he learns from necessity to get along with what he has.

It is no doubt true that Weather Observer Pagne knows more about handling this Oregon weather than any man living. He is at present in Washington, and his place is being occupied by Mr. Blanford. The latter is a clever gentleman, but he no sooner gets hold of the weather valves than trouble com-

fresh from the Japan gulf stream, it gets here a sweltering steam bath from the mouth of the Ganges. The weather gets away from him every time, and runs until it overheats itself.

That silly question "Is marriage a failure?" is again being debated in the newspapers. Without giving the matter any extended thought, it strikes us there can be but one answer. As far as we are concerned it seems to us that it was quite the proper thing on the part of our parents. What do you think of the proposition as concerns yours?

The Chinese claim to have whipped the Japs at Ping Yang, and also at Chung Ho. This does not necessarily mean that they had a fight. Under the China-Japanese rules the only thing that may be properly classed as a combat of war is the telegraph dispatches. That's what all the fighting is done with.

SPRING STYLES.

BLUE in dark colors begins to make its appearance, though it is early yet for yachting.

WHISPERS there are of walking trouserettes and boating knickers and—oh, ever so many things. But we shall see.

The Most Gorgeous Treasures of Arabia.

What a splendid picture it brought before your mind! You read the glowing descriptions of the secret treasures which the genii of the ring spread before Aladdin's gaze. You perused this favorite story of yours in "Arabian Nights" when a boy, and your imagination pictured brilliantly for you everything that the words suggested.

That was when you were a boy. Today, possibly, you are unable to do it. Shall we tell you the reason why? Most probable because your liver is sluggish, and as a consequence you suffer from sick headache, dizziness, and constipation. Do you want to cure all these troubles permanently, make your liver active, your imagination lively, and in general enjoy things as you did when a boy? All you have to do is to use Dr. Pierce's Pleasant Pellets, purely vegetable, perfectly harmless, the smallest and easiest to take, and they are the cheapest because they are guaranteed to give satisfaction, or your money is returned. What more can you ask?

VARIED AND INTERESTING.

COOPERATIVE agriculture thrives in France.

MANCHESTER, Va., uses tramps in chain gangs.

SYRACUSE students have human bone cane handles.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who use Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood.—Will drive malaria from the system and prevent as well as cure all malarial fevers.—For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed or money refunded.—Price 50c and \$1 bottle at Snipes & Kinersly's.

An Edinburgh life insurance man says that the largest mortality rate in indoor occupations is found among liquor sellers. Among 1,000 sellers he found the average mortality to be 29.2.

It Should Be in Every House

J. B. Wilson, 371 Clay St., Sharpshurg, Pa., says he will not be without Dr. King's New Discovery for consumption, coughs and colds, that it cured his wife who was threatened with pneumonia after an attack of "la grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for lung trouble. Nothing like it. Try it. Free trial bottles at Snipes & Kinersly's.

The Bell Telephone annual report for 1893 shows gross earnings, \$5,781,076— increase, \$780,190; net, \$3,925,485— increase, \$513,811. Ayer's Ague Cure is an antidote for malaria and all malarial diseases, whether generated by swamp or sewer. Neither quinine, arsenic nor any other injurious drug enters into the composition of this remedy. Warranted to cure fever and ague. A person is prematurely old when baldness occurs before the forty-fifth year. Use Hall's Renewer to keep the scalp healthy and prevent baldness.

The Oregonian today gives a general review of the business situation, from which we gather that there is a distinct improvement in all lines of business. A canvass of the wholesale houses of Portland shows that trade is much better than a year ago, and steadily improving. About the only line in which unusual dullness is reported is that of agricultural implements. With wheat at thirty cents a bushel, or less, the farmer does not feel like putting any money into machinery; in fact he can't and so he learns from necessity to get along with what he has.

The Prices

on the remaining New Pianos range from \$238 to \$828

The Instruments are first-class in every detail, fully warranted, and can nowhere be bought at such low prices.

I. C. NICKELSEN'S.

Mrs. J. H. HOBBS, 152 Pacific Ave., Santa Cruz, Cal., writes:

"When a girl at school, in Reading, Ohio, I had a severe attack of brain fever. On my recovery, I found myself perfectly bald, and, for a long time, I feared I should be permanently so. Friends urged me to use Ayer's Hair Vigor, and, on doing so, my hair

Began to Grow,

and I now have as fine a head of hair as one could wish for, being changed, however, from blonde to dark brown."

"After a fit of sickness, my hair came out in combfalls. I used two bottles of Ayer's Hair Vigor

and now my hair is over a yard long and very full and heavy. I have recommended this preparation to others with like good effect."—Mrs. Sidney Carr, 1400 Regina st., Harrisburg, Pa.

"I have used Ayer's Hair Vigor for several years and always obtained satisfactory results. I know it is the best preparation for the hair that is made."—C. T. Arnett, Mammoth Spring, Ark.

Ayer's Hair Vigor

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Ginseng in China.

Ginseng is an important article of export to China, and the trade is largely in the hands of the resident Chinese themselves. They buy the root of wholesale dealers, who get it of country folk at about two dollars and fifty cents a pound. Chinamen seldom buy directly from the countrymen, because the latter being unacquainted with the Celestials are unwilling to send the root C. O. D. The Chinese make a mystery of the trade, but they send abroad yearly many thousands of dollars' worth of ginseng.

Notice to Taxpayers.

The county board of equalization will meet in the assessor's office on Monday, Sept. 24th, and continue in session one week, for the purpose of equalizing the assessment of Wasco county for 1894. All tax payers who have not been interviewed by the assessor will please call at the office on Thursdays, Fridays or Saturdays, as all property must be assessed.

JOEL KOONTZ, County Assessor.
