IN DEEP WATER.

It strikes us that the Columbia Conference now in session here will have to get out a search warrant to find just where they are at. This morning a resolution was adopted in substance declaring that the conference repudiate all affiliation with all political parties that are not in favor of temperance.

There is another side to the case too, and that is that such resolutions are in line with the movement known as the A. P. A. and tend to bring the churches as such, and religion, into politics.

It seems definitely settled that congress will adjourn Tuesday, and that no more legislation will be possible at this session. The senate has barely a quorum, and it is expected enough senators will leave Washington tomorrow to destroy that.

The democrats of California have nominated their candidates for state offices, adopted a platform and are ready to meet all comers in the political battle this fall.

The carload of fruit shipped from this point to Chicago a few weeks ago did not yield the returns expected. The prices ranged from fifty to sixty cents, which will about pay the freight.

The Oregonian occasionally reprints an editorial that first appeared in its columns Nov. 9th, 1892. As it predicted in that article that, "We shall now have a free trade policy," we suggest that it let up.

There was quite a lively debate in the conference this morning over a resolution, which was in substance as follows: "Resolved that the Columbia River Conference repudiate all affiliation with any political party that is not in favor of temperance."

We understand that certain parties were looking for the writer herof last night for the purpose of putting a head on him. As we peruse the scant columns of our local paper we almost wish they would do it, provided there is something in it.

Wamic Warbles.

I am very busy, but will take time to give you a few items, which may be of interest to your readers.

Two threshers are very busy now threshing, and have been for about ten days. Grain is turning out good, in fact better than expected.

A special school meeting was held today for the purpose of electing a director in place of T. J. Driver, who resigned, which resulted in the election of W. H. Farlow.

The farmers are selling quite a lot of grain to the Juniper Flat ditch people, who have over 200 men at work pushing it as fast as possible.

The Most Gorgeous Treasures of Arabia. What a splendid picture it brought before your mind! You read the glowing descriptions of the secret treasures which the geni of the ring spread before Aladdin's gaze.

That was when you were a boy. Today, possibly, you are unable to do it. Shall we tell you the reason why? Most probably because your liver is sluggish, and as a consequence you suffer from sick headache, dizziness, and constipation.

It Should Be in Every House. J. B. Wilson, 371 Clay St., Sharpshurg, Pa., says he will not be without Dr. King's New Discovery for consumption, coughs and colds, that it cured his wife who was threatened with pneumonia after an attack of "la grippe," when various other remedies and several physicians had done her no good.

Jasper—Do you think Stead's book, "If Christ Came to Chicago," will have any success? Jumpuppe—No; the idea is too wildly improbable.—Puck

Electric Bitters. This remedy is becoming so well known and so popular as to need no special mention.

"When a girl at school, in Reading, Ohio, I had a severe attack of brain fever. On my recovery, I found myself perfectly bald, and, for a long time, I feared I should be permanently so.
