THE CHANGE WILL COME.

Smarting under the action of the senate on the tariff bill recently before it, Mr. Tucker introduced a resolution in the house, providing for amending the constitution so that United States senators should be elected by a direct vote of the people. This resolution passed without objection, and by the necessary two-thirds vote. To submit the matter to a vote, however, would require that the resolution goes by a two-thirds vote of both houses. It is unnecessary therefore to say that the resolution did not pass the senate. Some of the senators are indignant, and say that the passing of the resolution by the house is a reflection on the moral integrity of the senate, and an insult to the members of that body. Well, that's about what it is, and it will have to go at that, yet at the same time it is but the expression of the feelings and sentiment of the masses. The fight on this proposition may be put off, but sooner or later the people will triumph and the principle business of the state legislatures will be gone. It is only a question of time. These our Caesars have fed upon sugar until they have grown so great that they imagine they are above the reach of the common herd. A greater mistake was never made for when forbearance ceases to be decent, the American people know how to apply a remedy. The rights of the people are sold in the open market by traitors in the senate, who coming not from the people, do not hold themselves responsible to them. Gorman has whipped both the president and the house, but he has killed the senate.

A PRESENT OWNERSHIP LIST.

The system of assessments in Oregon is decidedly crude. We venture the assertion that thousands of dollars of taxes are lost each year by every county in the state. Wasco is no exception. The county should have an abstract of titles made, both from the county records and the records of the U. S. land office, showing the ownership of all lands in the county. Deeds are made that are not recorded, and this is especially true of patents which are taken from the land office, but not recorded until the owner of the land desires to sell. We believe that a present ownership list would add not less than \$5000 yearly to the amount received in this county.

There is no man who can, under the existing conditions, make a fair and thorough assessment of this county. Some property is bound to escape; in fact does escape. Not through either the carelessness or incompetency of the assessor, but just because it is impossible for him, or any other man, to find it all. We believe the county court would do a wise thing in having a present ownership list made of all real property, and we believe it would save every year more than the cost of making the list.

HANGING AT LAKEVIEW.

Lakeview had a hanging by a mob Monday evening two weeks ago. A man named Wm. Thompson had been arrested for pulling a gun on W. Z. Moss and was confined in jail. Friday of last week a mob of about fifty men, masked, stopped the night watchman, took the keys of the jail away from him, and taking Thompson from the jail hanged him to the back steps of the courthouse. Mob violence is always to be deprecated, but in this case there seems to have been but little cause for so grave a punishment. Thompson was said to be a quarrelsome fellow but he had never hurt anyone. The citizens of Lakeview feel keenly the disgrace of the affair. The mob was composed of other than residents of Lakeview, whose citizens took no part in the proceedings.

The examination into the causes of the strike at Pullman brings to light the questionable methods of the Pullman company in dealing with its employees. The business affairs of the town of Pullman were patterned on the Bellamy plan, with Pullman at the head instead of the government. It was a success for Pullman. The water, the gas, the groceries, the stores, the homes—everything belonged to Pullman, who fixed prices, rents and wages. There was no competition. The men were little better than slaves, although they received fair wages, for under Pullman's system their wages all came back to him. It is to be hoped the charter will be forfeited and the experiments not again tried.

The advocates of free silver have some pretty strong argument in their favor. It seems that the production of gold is now greater than at any time in the history of the world. Not only is this so, but with the wonderful finds being made in Africa, this gold yield promises to run up at the rate of twenty to thirty

million dollars per year for the next five years, doubling the world's output. The gold yield is increasing much more rapidly than the silver yield, and if this is kept up silver must again find its old place.

The mushroom secret societies are multiplying so fast that it is impossible to keep trace of them. There are so many kinds of knights that they slip over into the day time, and nearly every man you meet wears from one to half a dozen badges showing that he is knight this or that knight that, or at least that he is knighted.

The Oregonian is advocating the proposition that Oregon make a display exhibit at the Tacoma affair. It is doing this because it is paid for doing it.

PERSONAL MENTION.

Mr. B. F. Laughlin and family returned from Trout lake last night.

Mrs. Corson and Mrs. Peters left for Springfield, Illinois, this morning.

Mrs. W. E. Sylvester went to Portland this morning to visit her daughter Mrs. Oliver.

Mrs. A. Heppner and children, Miss Evie and Master Charles, have returned after a visit to Portland and the seaside.

Mrs. E. O. McCoy and family, who have been visiting Mr. and Mrs. C. R. Bone of Hood River, came up on the local passenger today.

Hon. M. A. Moody and party left Hood River Sunday morning, reached Cloud Cap same evening. After a few days at the mountain, they will return to Hood River and then make the trip to Trout lake and Mt. Adams.

Ed. Williams and Doug. Langille will leave Hood River next Monday for Mt. Adams. They will make the ascent, and look out a route for next summer, when they hope to have the Mazamas hold their regular meeting on the mountain's summit.

Messrs. Jud Fish, Roger Sinnott and DeBrul left Saturday afternoon by train for Cloud Cap, which they reached at noon Sunday. DeBrul and Sinnott made the ascent of the mountain but Jud was too old a bird to be caught with such chaff, and remained at the Inn.

DIED.

In this city, Tuesday, August 28th, Alpha Omega, infant daughter of J. R. and Alice McConnell, aged 8 months and 3 days. The funeral took place this afternoon at 3 o'clock.

It Should Be in Every House

J. B. Wilson, 371 Clay St., Sharpshurg, Pa., says he will not be without Dr. King's New Discovery for consumption, coughs and colds, that it cured his wife who was threatened with pneumonia after an attack of "la grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for lung trouble. Nothing like it. Try it. Free trial bottles at Snipes & Kinersly's.

The difference between "meddling" and "investigation" is that the other always investigate, while it is that you always that meddles.—Fourth Estate.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who use Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. No Freight will be accepted for shipment between the hours of 5 P. M. and 9 A. M., except Live Stock and Perishable Goods. D., P. & A. N. Co. July 20th, 1894.

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says: "Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair, and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

Human Passport.

The lines on no two human hands are exactly alike. This fact is utilized in China in an interesting way. When a traveler desires a passport, the palm of his hand is covered with fine oil-paint, and an impression is taken on thin, damp paper. This paper, officially signed, is his passport.

Lost Five Dollars Reward.

Strayed from my west pasture, one iron-grey horse, branded (half circle) on left shoulder and two S's crossed on right shoulder; rather thin cinch sore on left ribs; foretop roached back to the place for halter. Probably went towards Tygh Ridge. Will give \$5 reward for his return to me at my ranch, or a liberal reward for any information leading to his recovery.

Notice to Taxpayers.

The county board of equalization will meet in the assessor's office on Monday, Sept. 24th, and continue in session one week, for the purpose of equalizing the assessment of Wasco county for 1894. All tax payers who have not been interviewed by the assessor will please call at the office on Thursdays, Fridays or Saturdays, as all property must be assessed.
