SENSE VS. SOPHOMORE.

We feel that Bishop Joyce did not mean to say what he is reported as saying in his sermon last Sunday, to the effect that newspaper men, most of whom had not attained the standing of sophomore, were in the habit of criticising religion.

THE HARPIES GONE.

Congress has adjourned and the country can now apply arnica and sticking plaster to its wounds, knowing it will receive no more for some months at least, and recover as best it may.

We congratulate the president in that he no longer has a congress on his hands; the country on the fact that it can take a rest, and congress for its opportunity to take a much-needed and long-continued rest.

President Cleveland has written a letter to Congressman Catchings of Mississippi giving his reasons for not vetoing the Wilson bill, with Gorman's brands and ear-marks on it.

Politics are getting warm in most of the states, but Oregon has had her little fever and recovered, and so can look on calmly while her sister states wrestle with the disease.

The Salem Independent reiterates the charge the Lower Soda Springs were poisoned. Amongst other things in proof of its charge it adds that "not long since a rank taste was noticed in the Sodaville water, and upon opening the reservoir where the water is caught,

a litter of pups in an advanced state of decomposition was discovered." This indicates that the old Latin poet, Horace, we believe, must have visited that locality before he wrote those charming lines beginning "O! Ver purp-ura"— "Violet-colored Spring."

The name Gorman is probably derived from gourmand and so in plain English is a synonym for glutton, swine, etc. This is according to the eternal fitness of things, Gorman being the great American hog.

Cleveland thanks congress for its services and wishes it a pleasant vacation. The people thank God for the vacation, and hope there will be no further services required.

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genessee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."
