Men's Shoes

Men's Shoes

\$1.95

READ!

HEED!

Our story is short. We have some Men's Shoes, the regular retail values of which are \$4.00, \$5.00, \$6.00. The Shoes are first-class, serviceable, good lasts, made by good shoemakers, such as Burt & Packard and others of like reputation; but they are button instead of lace or congress. Now in these close times can you afford to pass these by at \$1.95 and pay \$5.00 for a pair no better, just because they are not Congress. Perhaps this will not appeal to the ultra-fashionable young man; but to others that are not sacrificing money and comfort entirely to style, our statement should have some weight.

AUGUST AUGURINGS.

Leaves From the Notebook of Chronicle Reporters.

You can buy a round trip ticket to Portland Sunday for \$3.

City council meets tomorrow night. If you have bills against the city present them.

City Recorder Dufur arrived home last night, and this morning sentenced the fiast and only victim to pay a fine of \$10.

Mr. Geo. F. Wells, formerly engaged in the sheep business here, died Wednesday in Portland, of consumption.

The county court Wednesday granted a license to operate a ferry between Hood River and White Salmon to J. R. Rankin.

The steamer Regulator will not make her regular trip until Monday, as it will take a day or more to put her in first-class shape again.

The smoke has been denser today than at any time this season. The surrounding hills are out of sight, and the Washington shore of the Columbia looks dim and misty, and far away.

There will be a meeting of the stockholders of The Dalles canning company tomorrow evening at 8 o'clock in Mr. Hugh Glenn's office. Important business is to be transacted, and a full attendance is required.

Monday being Labor day, and therefore both a national and state holiday, THE CHRONICLE force will join the vast throng of American laborers in observing it. In consequence there will be no CHRONICLE issued Manday.

The Regulator will leave the Locks this evening and will be here either tonight or early in the morning, bringing all freight now at the Locks. Freight will be received tomorrow to go down Monday when she will resume her regular trips.

Dr. Sanders presented THE CHRONICLE force a fine box of grapes raised on his Roseland farm, three miles from town. The fruit is of fine appearance and delicious flavor, equalling California's choicest product. Wasco is the best fruit county in the state, and but a few years will demonstrate this fact.

Milton Morris, whom we reported as having his arm torn off in a threshing machine at Wapinitia, did not get his arm in the cylinder but in the cogs. The bones were not broken, but the flesh was stripped from the elbow to the shoulder. It may yet be possible the arm will have to be amputated.

The Oregonian speaks of a party returning from Mount St. Helens, and adds that they made the trip on bicy-

cles and camped six days at Trout lake, from which we judge the writer inadvertently named St. Helens when he meant Mt. Adams. There is a fine road to Mt. Adams, but none to St. Helens.

Some person or persons, with a highly developed sense of the humorous and a unique originality, changed a lot of business signs last night. The principle point of the joke was that the owners of the signs were put to some inconvenience in getting their signs back. This delicate witticism is mentioned by Josephus as having originated in Tyre, which is why, perhaps, its perpetration generally gives one that Tyred feeling.

And now comes the statement that Minnie Hill of Prineville is not dead, but only sick. We do not know as to the truth or falsity of this statement, but we do know that more stories get circulated and are told to the innocent unsuspecting reporter, than can be harmonized with a respect for truth. This state of affairs is liable to ruin ones confidence, and if kept up, we shall begin to doubt the truthfulness, even of the Salem Statesman.

For the information of those who are going to Oregon City or Portland on Sunday morning, we have been asked to state that the tickets will be on sale at the Umatilla House on Saturday afternoon between 3 and 8 o'clock, and would suggest that as many as can make it convenient avail themselves of this opportunity, so as to avoid delay and confusion in the morning. Also that the special car ordered will be put on the side track near the hotel. Go on board, get a good seat, and wait patiently until No. 1 comes along and carries you off.

Miners Strike.

A report was current in this city Monday that the miners at the Robbins-Elkhorn had gone on a strike for higher wages. Investigation proved the rumor to be correct and that the miners had gone out in a body and refused to return unless their wages were increased from \$2.50 to \$3.00 per day. The strike was a surprise to Mr. J. H. Robbins, the superintendent, as he had always been of the opinion that the employees of the mine were well satisfied with the wages received, considering the hard times. It is stated that Mr. Robbins has concluded to close down the mine until he can procure a new crew.—Oregon Blade.

More Truth Than Poetry.

During the recent conference at Waupe-ton, Minn., several of the ministers were visiting the Red River Valley university at that place, and were taking in the Latin class. One of them chanced to pick up a copy of Caesar belonging to a certain very popular young lady student, and found the following poem on a fly-leaf of the book:

Boyibus klathbus Sweet girlorum; Giribus likibus Wanki somorum.

THE MARKETS.

FRIDAY, Aug. 31.—Business for the week has improved perceptibly, with a disposition of buyers to enlarge their orders. Prices of merchandise have not changed materially in any one line, unless it be in sugar. Since the passage of the tariff bill, which went into effect on its passage, the sugar market has become stronger, with a decided tendency to advance quotations.

The provision market is active on steady quotations. Country produce is in abundance, and the market is weak in the face of large reserves. Potatoes are sold at 50 cents to 75 cents per 100 pounds, the range of prices being governed by size and quality.

In fruit the market is quite overstocked, and large shipments to other points are a daily occurrence. Peaches are quoted at 35 to 45 cents per box. Apples, pears and plums are in fair request at a range of prices, varying from 25 to 40 cents per box. Poultry is freely offered, and broilers bring \$1.25 cents per dozen, old fowls being quoted at \$2 to \$2.25 per dozen.

The meat market is down to free trade basis, and live stock are quoted in this market as follows: Beef steers, \$1.50 to \$2 gross weight; mutton sheep, 1 1/2 to 2 cents per pound gross; pork 3 1/2 cents on foot.

There is nothing doing in the wheat market either in Portland or this city. The mills are paying 31 cents per bushel for good milling wheat, and the warehouses when buying pay 30 cents per bushel. Eastern, as well as European advices to present date continue to report dull and weak markets. In England reports indicate a larger yield per acre than last year.

The London Times and Mark Lane Express estimate Great Britain's crop among the best ever made, and yet predicts England and America's product will be less than that of 1893, but admits that Argentine with her surplus of 60,000,000 bushels together with that of most of Southern Europe will close up the deficiency. America's consumption of wheat for all purposes is about 570,000,000, showing a probable quantity for export over and above that carried over from the last year's harvest, of about 230,000,000. A writer says that if the producer could hold his wheat until June 1st, 1895, which is not advisable to attempt, the markets would double in their quotations.

The wool market is nearly knocked out as about all the wool in storage has been sold. Since last report a light flurry in wool was experienced, which was of a short duration, and at the close a lull in transactions showed a falling off and a settling back into the scale of inactivity and depression. The tariff bill which became a law by the inaction of the president even at the last moment completely paralyzed the wool business and those that sold early were the gainers.

Token of Good Will.

Mr. B. F. Laughlin, until recently president and manager of The Dalles, Portland & Astoria Navigation Company, was yesterday the recipient of a handsome token of the esteem in which he is held by the employees of that company. He was requested to come to the steamer Dalles City, and, reaching there found the ladies' cabin well filled with the employees of the company. Mr. Fred Wilson, the purser, in a neat speech presented him with an elegant

watch chain studded with diamonds and bearing on one side a handsomely engraved picture of the steamer Regulator, plying on the middle river. Mr. Laughlin was so entirely taken by surprise that he was unable to respond to Mr. Wilson, but the hearty handshake he gave to each showed how deeply he appreciated the manifestation of good will shown him.—Oregonian.
