## STAMBULOFF STONED

The Russian Ex-Premier Attacked by a Mob.

WAS RESCUED BY THE SOLDIERS

Dutch Warships Bombarding Mataram—English Government Party Arraigned by Chamberlain—The Count's Successor.

Stambuloff Stoned by a Mob.

SOBIA, Sept. 6.—Ex-Premier Stambuloff on leaving court yesterday after being released on bail on the charge of libeling Prince Ferdinand, was stoned by an angry mob. One man struck Stambuloff with a stone, causing a slight injury. The soldiers finally dispersed the mob and rescued him.

The Debs Trial.

CHICAGO, Sept. 6.—The trial of President Debs and other American Railway Union officials was resumed today, with E. M. Mulford, of the Western Union telegraph, on the stand. Mulford read a large number of messages sent and received by the American Railway Union people. They were principally of a routine nature, urging the men to "stand pat," and asserting the general managers were beaten. One telegram received especial attention from the government attorneys. It was addressed to C. B. Harmon, of Denver, instructing him to "pay no attention to court injunctions." Mulford attempted to identify Debs' signature, but the effort was not satisfactory.

Government Party Arraigned.

LONDON, Sept. 6.—In a speech in Liverpool last evening Joseph Chamberlain reviewed the recent record of the government. The ministers have been compelled by the Irish taskmasters, he said, to devote the whole time of the commons to Irish affairs. Foreign affairs had been crowded out, and the gravest interests of the empire had been overlooked. British diplomacy had been independent in Siam and had been shamed and humiliated in the Congo region. The politics of the country would be confused and unsettled until the government would accept the challenge of the lords to appeal to the country for its verdict on the rejections of the home-rule and evicted-tenant bills.

A Supposed Case of Cholera.

WASHINGTON, Sept. 6.—A telegram was received today by Surgeon-General Wyman, of the marine hospital service, from Health officer Duke, at Cumberland, Md., announcing the death there last night of John F. Walthers, a German immigrant, with symptoms of Asiatic cholera. Dr. Wyman wired the officer to hold a post-mortem examination and report the results. Dr. Wyman said: "I do not believe this man died of Asiatic cholera. There is no cholera in Bremen, the port from which he is said to have come. There has been no disease among the other immigrants on the car detained at Pittsburgh."

The Case of the Wanderer.

OTTAWA, Ontario, Sept. 6.—In the case of the British Columbia sealing schooner Wanderer, which was brought to Victoria by a United States cruiser under arrest, and handed over to the British gunboat on a charge of having guns and powder on board unsealed after she had been officially inspected, the minister of marine has ordered Collector Milne to have nothing to do with the case. He decided no offense had been shown and the Wanderer had complied with all the regulations.

Cook Arctic Excursion.

SIDNEY, N. S., Sept. 6.—The Cook Arctic excursion was happily concluded by a banquet last night at the Sidney hotel, given in honor of Captain William T. Farrell, of the steamship Miranda, and Captain George W. Dixon, of the American schooner Rigel, for their gallant conduct in saving the passengers of the Miranda and bringing them safely to Sidney.

Unfavorable Opinion of Gould.

LONDON, Sept. 6.—The Westminister Gazette says: Gould is anything but happy out of the Cape May cup business.

That the news of the mishap to the Vigilant was received with derision in many quarters, the papers say, is not surprising, and adds there is a suggestion of ranky-panky about the incident that does not commend itself to British notions.

Venezuela Very Unsettled.

NEW YORK, Sept. 6.—The Red line steamer Venezuela arrived today from Venezuelan ports, having left Laguayard August 31. A very unsettled state of affairs apparently exists in the principal cities of Venezuela. An encounter between 300 revolutionists and 900 government troops is said to have taken place near Ciudad Bolivar in August, in which the rebels were defeated.

Count of Paris' Successor.

PARIS, Sept. 6.—The Temps says that Prince Françoise Marie of Bourbon has prepared a manifesto to be issued after the Count of Paris' death, claiming for himself the heritage of the crown of France. This manifesto is now in the hands of Prince Valori, the prince's representative in France. The prince will take the title of the duke of Anjou.

Tribesmen to be Punished.

LONDON, Sept. 6.—The recent collisions with Chief Nana's tribesmen at the mouth of Benis river, West Africa, in which several English subjects were killed or wounded, has decided the government to send gunboats to punish Chief Nana. The trouble arises from the opposition of the natives to British traders.

Pope's Encyclical Letter.

ROME, Sept. 6.—The pope will shortly issue an encyclical letter to the people of the United States announcing the absolute supremacy of the apostolic delegate in church matters in the United States, with the simple right to appeal to the pope. The scholastic question will not be touched on.

No Agreement Reached.

PITTSBURG, Sept. 6.—The conferences between committees representing the American Flint Glassworkers' Union and the Western Flint Bottle Manufacturers' Association ended without an agreement on the wage scale.

Wouldn't Work Labor Day.

Houghton, Mich., Sept. 6.—Professor Bidwell, in charge of the repair work at the state mining school in the absence of Director Wadsworth, discharged seven workmen Tuesday because they failed to work Labor day.

Clothing Workers Strike.

NEW YORK, Sept. 6.—The striking clothing workers continue to wage a fight against the sweating system. A number of firms settled with the strikers today on terms favorable to the men.

Dutch Warships Bombarding.

AMSTERDAM, Sept. 6.—The Dutch warships are bombarding Mataram, capital of the island of Lombok. They have destroyed the rajah's palace and have expelled the Balinese.

An Exchange of Islands.

BERLIN, Sept. 6.—The Tageblatt has a dispatch from Athens stating that negotiations are proceeding between England and Turkey with reference to the proposed exchange of the islands of Cyprus, plus £12,000,000, for the island of Crete.

The Trades Congress.

LONDON, Sept. 6.—The trades congress today passed a resolution in favor of the enactment of the law providing for punishment of an employer importing labor into a locality where the existing supply is sufficient.

French Troops Routed.

PARIS, Sept. 6.—A Morocco dispatch says the troops commanded by the sheriff of Lamerean, while en route to Marakes with the object of subduing some rebellious tribes, were completely routed at Tadian.

## "She Looketh Well"

to the ways of her household." Yes, Solomon is right; that's what the good housekeeper everywhere does.

But her ways are not always old ways. In fact she has discarded many unsatisfactory old ways. For instance, to-day she is using

the New Shortening, instead of lard. And this is in itself a reason why "she looketh well" in another sense, for she eats no lard to cause poor digestion and a worse complexion.

COTTOLENE is much better than lard for all cooking purposes, as every one who has tried it declares. Have you tried it?

A New Eldorado.

The newest of western mining camps, the Cochiti camp, in New Mexico, lies near the ancient Indian village of that name on the west bank of the Rio Grande, southwest from Santa Fe. The mines lie in ledges which cross at right angles the walls of three canyons, the Cochiti, the Pino and the Peralta. Some of the ores already taken out there are very rich, and if the claims as to their abundance are verified in the continued working, Cochiti will prove one of the great gold-bearing districts of the United States. At the mouth of the Pino, the central canyon of the three, the humming, brand-new town of Allerton is situated. Two smaller town sites, Kent City and Eagle, have been laid off, about six miles to the east and to the west, respectively. A few frame and more log houses are interspersed among the tents which constitute the greater part of the residence and business structures of the camp, in which about two thousand people abide. Saloons and gambling and dance houses are plentiful and busy, and even the "old timer," with memories of Deadwood and Leadville, admits that the Cochiti has generally the symptoms of a booming camp.

La Grippe.

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinerly's drug store.

She—Do you think of me as much as you did? Chelly—No, not quite. I'm raising a mustache now.—Life.

Irving W. Laimore, physical director of Y. M. C. A., Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain Balsam to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and dislocations; also for soreness and stiffness of the muscles. When applied before the parts become swollen it will effect a cure in one half the time usually required. For sale by Blakeley & Houghton Druggists.

"Did you ever notice that when a man gets a start up the ladder of life the people below him try to pull him down?" "They do pull his leg, that's a fact."—Cincinnati Tribune.

A. M. Bailey, a well-known citizen of Eugene, Or., says his wife has for years been troubled with chronic diarrhoea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which has cured her sound and well. Give it a trial and you will be surprised at the prompt relief it affords. 25 and 50 cent bottles for sale by Blakeley & Houghton Druggists.
