THEY ARE STRIKERS.

The boycott is declared to be contrary to law, and is so held by the courts. There is only one place where it and strikes are not in a measure unlawful, and that is in the congress of the United States.

Tom Reed's ruling while speaker was eminently correct. It was in effect that strikes would not be allowed in congress. It is true that no force was used by the minority, but when they refused to work no one else could take their places.

SENATORIAL TIMBER.

Of course it is none of our pie whom the republicans of Washington shall see fit to nominate and elect to congress at the coming election. However, we cannot forbear a suggestion. The Sound has a senator and a congressman; Eastern Oregon has a congressman and has had one senator.

Clarke county has some fine political timber, and perhaps the finest is Mr. John D. Geoghegan, register of the land office. Mr. Geoghegan would be a credit to the state in the United States senate, and if brains instead of money is in the ascendancy in the next legislature, he will get there.

Breckenridge is out in a manifesto which is decidedly sensational. It seems like a year since the Kentucky col. took the stump in the defense of his own and democratic principles. Out in this country where a six week's campaign is considered large enough to tell all the mean things we know about one another it does not seem possible that all the windy arguments, torch light processions and killings were but the prelude to the nomination, and that the fight is to be made yet, but such is the case. It is conceded now that Breckenridge's chances for the nomination are exceedingly good, and if nominated on the democratic ticket in Kentucky, like the Irishman's duck all creation couldn't uptrip him.

The exposition building at Portland was sold by the sheriff Tuesday to satisfy a judgment of \$62,287, and was bought by W. E. Thomas. The company owning the building hope to be able to redeem it in the near future, as it is valued at about \$200,000. It is too bad that circumstances prevent the exposition being held this fall. Portland people do not realize how much interest is taken by us country folks in the annual exposition, nor do they seem to realize the vast number of people the exposition draws to the city. We regret the loss of the annual show, and we feel certain that the loss to Portland by its failure will amount every year to as much as the amount of the judgment under which the building was sold.

The silver question is the one on which the political campaigns of most of the western states will be fought. In California all the platforms are in favor of it. Nevada has made it the sole issue, and so has Colorado. Wyoming and Montana are shoulder to shoulder fighting for it and Idaho is not behind them. Utah is remaining quiet waiting for statehood, so are Arizona and New Mexico, but that accomplished they will join in the cry for silver. It is probable that the silver senators and congressmen will be strong enough to force the issue at the next session of congress by blocking all legislation unless their terms are agreed to.

The "Kid," the celebrated Apache renegade killed a cowboy named Phillely about a week ago. The sheriff and a posse of cowboys are on the murderers trail and it is hoped will capture him. This one individual somehow manages to keep all Western Arizans and South-eastern California in a state of terror. He seems also to bear a charmed life and all plans heretofore made for his capture have fallen through. Of course this cannot continue forever and sooner or later the kid will suffer for his misdeeds, and the sooner the better.

The great Chinese general and statesman, Li Hung Chang, is in danger of losing his head as well as his yellow jacket. All the reverses with which the Chinese arms have met are ascribed to him. It is little satisfaction to be a boss statesman in China, where the boss is held responsible for the acts of those under him, as well as the cowardice of the army. If such a rule could be worked at Washington that would be less jingo statesmanship and more patriotism. How would the democratic party size up just now if held responsible for the business condition of the country to the extent of beheading the leaders.

Don Pio Pico, the last Mexican governor of California, died at Los Angeles Tuesday. He was almost 94 years of age, having been born in San Gabriel in 1801. He became temporary governor February 22, 1845, and was confirmed in office April 18, 1846, holding the office until California came into the possession of the United States.

Irregularity.

Is that what troubles you? Then it's easily and promptly remedied by Dr. Pierce's Pleasant Pellets. They regulate the system perfectly. Take one for a gentle laxative or corrective; three for a cathartic.

If you suffer from Constipation, Indigestion, Bilious Attacks, Sick or Bilious Headaches, or any derangement of the liver, stomach, or bowels, try these little Pellets. They bring a permanent cure. Instead of shocking and weakening the system with violence, like the ordinary pills, they act in a perfectly easy and natural way. They're the smallest, the easiest to take—and the cheapest, for they're guaranteed to give satisfaction, or your money is returned.

The cleansing, antiseptic and healing qualities of Dr. Sage's Catarrh Remedy are unequalled.

Notice to Water Consumers.

The charges for patent closets when used when necessary only, is 25 cents, but when a constant stream is allowed to flow, the charge is \$5 per month. In the last two years a large number of closets have been put in, and in a large number of them a constant stream is allowed to flow. The drain on the water supply has become so great that I am compelled to enforce the rules, and will hereafter charge \$5 per month for all closets using a constant stream of water. Dalles City, Or., Sept. 10, 1894.

Millionaire Gilders is a good deal of a wag. A tramp accosted him as he was on his way down town the other morning, and Gilders said reprovingly: "Here, don't you interfere. I'm working this side of the street."—Kate Field's Washington.

Irving W. Laimore, physical director of Y. M. C. A., Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain Balms to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and dislocations; also for soreness and stiffness of the muscles. When applied before the parts become swollen it will effect a cure in one half the time usually required. For sale by Blakeley & Houghton Druggists.

Ayer's Sarsaparilla is one of the few remedies which are recommended by every school of medicine. Its strength, purity, and efficacy are too well established to admit of doubt as to its superiority over all other blood-purifiers whatever. Ayer's Sarsaparilla leads all.

S. P. SMITH, of Towanda, Pa., whose constitution was completely broken down, is cured by Ayer's Sarsaparilla. He writes:

"For eight years, I was, most of the time, a great sufferer from constipation, kidney trouble, and indigestion, so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never in so good health. If you could see me before and after using, you would want me for a traveling advertisement. I believe this preparation of Sarsaparilla to be the best in the market to-day."
