THE PASSING OF POLITICS.

The New York republican state platform indorses the separating of municipal from national and state politics, taking the very sensible ground that for city government politics are not needed, and that a non-partisan ticket is better calculated to furnish the city with good officers.

As it is, the citizen is bound by party ties and party fealty, and the ward striker being able to count practically the amount of honest votes a candidate or party is to receive, is enabled by combinations to control the party and fill the offices, though in a minority.

The time will come when the ability of the man to fill the office will be the first consideration, and his politics will cut no figure. This will happen at least as far as county officers are concerned, and it is already becoming the rule in the smaller cities.

HOW THEY GOT HERE.

Professor Wiggins has a theory that man first came to the earth from Mars on the tail of a comet. We don't pretend to hoist our humble judgment on the same pole with the learned professor.

The Chinese way of dealing with a general who loses a battle is unique. Li Hung Chang, who in happier days was the most gaudily dressed person on the face of the earth, is deprived of one or more of his decorations every time the Chinese arms meet a reverse.

M. M. Estee, republican candidate for governor of California, has secured Professor Lee Fairchild to stump the state with him.

Ex-Vice President Levi P. Morton was nominated by the republicans for governor of New York yesterday by almost a unanimous vote on first ballot.

Senator John P. Jones, having left his party and joined the silver party of Nevada (not the populists) the republican state central committee of Nevada has asked him to resign.

The Japs and Chinese have had a big naval battle off the mouth of the Yalu river. Honors were easy, each side sustaining the loss of two or three war vessels.

For Rent. The Union street lodging house. For terms apply to Geo. Williams, administrator of the estate of John Michelsbach.

A SUCCESSFUL APPEAL.

Young America Fired the Patronal Heart with Patriotism. The peculiar brightness of Boston children is established anew by a story printed in the Journal.

The small brother seemed quite resigned to the inevitable, and on the morning of the Fourth marched across the street to see the other boys fire their torpedoes.

The little girl was not so easily satisfied. At first she could not believe but that it was a joke, and hunted all over the house for bundles which might suggest firecrackers.

"O papa, what do you suppose Samuel Adams and George Washington and John Adams and John Hancock would say if they were alive?"

Children who are puny, pale, weak, or scrofulous, ought to take Dr. Pierce's Golden Medical Discovery. That builds up both their flesh and their strength.

In recovering from "Grippe," or in convalescence from pneumonia, fevers, or other wasting diseases, it speedily and surely invigorates and builds up the whole system.

For all diseases caused by a torpid liver or impure blood, Dyspepsia, Biliousness, Scrofulous, Skin and Scalp Diseases—even Consumption (or Lung-scrofula) in its earlier stages—the "Discovery" is the only guaranteed remedy.

The knights of a particular order, such as the Garter, the Bath, the Thistle and St. Patrick, are entitled to affix to their names the abbreviation signifying membership in the order.

Irving W. Laimore, physical director of Y. M. C. A., Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain Balms to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and dislocations; also for soreness and stiffness of the muscles.

Woolen goods feel warm because wool is a poor conductor of heat, and the goods made of wool contain within their substance large quantities of air, also a poor conductor.

Hogs carry straws in their mouths on the approach of bad weather, because of a hereditary instinct. Wild hogs always make a comfortable bed when rain is coming on.

In all that goes to strengthen and build up the system weakened by disease and pain, Ayer's Sarsaparilla is the superior medicine. It neutralizes the poison left in the system after diphtheria and scarlet fever, and restores the debilitated patient to perfect health and vigor.

The highest legislative body in Portugal is the house of peers, with 100 members appointed by the king for life, and 50 elective members.

People who live in new countries are liable to be prostrated by malarial fevers. Inhabitants of cities, by reason of bad drainage and unwholesome odors, suffer from similar diseases.

A freight train on the Wabash railroad, while traveling at a high rate of speed, struck a horse recently. The shock derailed the engine and nineteen cars.

Buckingham's Dye for the Whiskers is a popular preparation in one bottle, and colors evenly a brown or black. Any person can easily apply it at home.

No Freight will be accepted for shipment between the hours of 5 P. M. and 9 A. M., except Live Stock and Perishable Goods. D., P. & A. N. Co. July 20th, 1894.

Mrs. J. H. HORSNYDER, 152 Pacific Ave., Santa Cruz, Cal., writes:

"When a girl at school, in Reading, Ohio, I had a severe attack of brain fever. On my recovery, I found myself perfectly bald, and, for a long time, I feared I should be permanently so.

Began to Grow,

and I now have as fine a head of hair as one could wish for, being changed, however, from blonde to dark brown."

"After a fit of sickness, my hair came out in combfalls. I used two bottles of Ayer's Hair Vigor

and now my hair is over a yard long and very full and heavy. I have recommended this preparation to others with like good effect."

—Mrs. Sidney Carr, 1460 Regina st., Harrisburg, Pa.

"I have used Ayer's Hair Vigor for several years and always obtained satisfactory results. I know it is the best preparation for the hair that is made."
