SEPTEMBER SAYINGS.

Leaves From the Notebook of Chronicle Reporters.

Don't forget the dance tonight.
Bran and shorts (Diamond Mills) \$13 a ton at Joles, Collins & Co.'s 2w
The first wheat for shipment by the Regulator was hauled to the wharf yesterday.
E. Jacobsen was taken suddenly ill last evening and has been confined to his bed ever since.
The Regulator brought t up a very large lot of freight last night. This morning she took down 600 sheep.
James B. Crossen will have his new store in the Masonic building ready for business about October 1st.
C. F. Stephens has just received a new lot of goods and among them a handsome lot of cloaks and wraps.
The Stutz Company will probably be the next attraction at the opera house. They will be here early in October.
From the number of wagons loaded with wood seen daily, our citizens are evidently getting prepared for winter.
The west bound passenger was three hours late this morning, caused by a small wreck on the mountain division.
The weather predictions this morning are, Saturday and Sunday fair and cooler, and Sunday morning frosts. Watch out for it.
There is a dearth of houses to rent in the city and nearly a hundred more pupils in the public schools than ever before. The Dalles is going ahead steadily and all the time.
Superintendent Shelley has established a new school district, which will be known as district 55. It is created from portions of districts 54 and 59.
Five patrons of the city recorder were before that officer this morning to settle a little matter of business, caused by a too great confidence in their capacity to absorb.
From the Oregonian we learn that the body of the late James A. Varney will reach here Monday night in charge of a delegation of his old comrades. The funeral will take place Tuesday, further mention of which will be given Monday.
City Marshal Blakeney is proving himself a very capable officer. In spite of the hard times the receipts from fines since he went into office have been largely increased. As a matter of fact the recorder's court is turning quite a snug sum into the city's treasury.
A man advertises in the Eugene Guard for a wife, and desires the ladies to write

to him. It is a safe bet that a man who can't hustle fast enough to get a buxom, handsome wife from the grand aggregation of pretty and sensible girls in Oregon, would starve one to death if he had her.
Pease & Mays will have a grand opening Monday night from 7 to 10 o'clock, during which time no goods will be sold. The Dalles Orchestra Union will furnish music for the occasion. Special invitations have been sent out, but those who may have been overlooked and everybody else will be welcome to examine the finest selection of fall and winter goods ever brought to the city.
James A. Varney.
Yesterday we published the notice of the death of our old townsman James A. Varney, who died at Oakland, this state, Tuesday morning shortly after midnight. Mr. Varney was well known by everybody here as an enterprising, upright man. He was born in Maine in 1825, was appointed chaplain of the 7th Maine during the late war and was on the staff of General Mason during the Peninsular campaign. He came to Oregon in 1877, and to The Dalles in 1882, establishing a nursery here and doing much to awaken an interest in fruit growing. He was a member of Trinity Commandery, Knights Templar, of Augusta, Maine, of the Loyal Legion and of the Grand Army of the Republic, and post commander of the G. A. R. of the Northwest. Mr. Varney's best work in this state, perhaps, was done while he was a member of the State Board of Horticulture, to the duties of which office he brought a well-informed mind, backed by an indefatigable enthusiasm.
He leaves besides his wife, two daughters living in the East, a son, A. N. Varney, and a sister, Mrs. Thomas S. Lang.

Irving W. Laimore, physical director of Y. M. C. A., Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain Balms to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and dislocations; also for soreness and stiffness of the muscles. When applied before the parts become swollen it will effect a cure in one half the time usually required. For sale by Blakeley & Houghton Druggists.
Whitelaw Reid is going with his wife to Gibraltar and Cairo, then up the Nile to the second cataract and back, and then on camels across the desert to Mount Sinai, entering Palestine at the junction of the Jordan with the Dead Sea, and going out by the way of the sea of Galilee and Damascus.
When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Mosier Musings.
Occasional showers and cooler weather. An enjoyable dance was given by Mr. Hunter on Mosier creek last week. Three trials so far before Justice of the Peace Thos. Harlan—all attachments for debt.
Newell Harlan is building a neat and commodious residence on his place, known as "King's Flat."
Johnny McNeil is bear hunting this week. If John Angell returns safely he proposes to leave for The Dalles soon thereafter and learn to be an electrician with the Electric Light Company.
Among the prominent fruit raisers of this section is Mr. Geo. Sellinger, two miles east of Mosier. Your correspondent noticed this week a thrifty young prune orchard of 2700 trees. They are uniformly trimmed and the ground under them is as clean and free of weeds as a floor.
Many of the residents of this locality have put in part of the summer in the harvest fields and are now gradually returning. Messrs. Lee Evans and son George and John Welberg have returned home after several weeks' absence.
Mr. Richard Power is on the sick list. He has not been well the greater part of the summer. A derangement of the stomach, chills and boils are some of the symptoms with which he has suffered. The advent of cooler weather will doubtless benefit him.
It is with great regret I announce the continued severe illness of Mr. J. H. Mosier. His tenure upon life is indeed very frail, and himself realizing the probable advent of the angel of death, has drawn his will and arranged his business affairs to his satisfaction and calmly awaits the end. Though he has outlived the prescribed three score and ten by more than a decade, his death will seem untimely by reason of his long association with civilized Oregon, being a history-maker of the state, and widely known among pioneers.

REGULAR.

If you have sick or nervous headache, take Ayer's Cathartic Pills. They will cleanse the stomach, restore healthy action to the digestive organs, remove effete matter (the presence of which depresses the nerves and brain,) and thus give speedy relief.
THE CHRONICLE prints the news.

Children who are puny, pale, weak, or scrofulous, ought to take Dr. Pierce's Golden Medical Discovery. That builds up both their flesh and their strength. For this, and for purifying the blood, there's nothing in all medicine that can equal the "Discovery."
In recovering from "Grippe," or in convalescence from pneumonia, fevers, or other wasting diseases, it speedily and surely invigorates and builds up the whole system. As an appetizing, restorative tonic, it sets at work all the processes of digestion and nutrition, rouses every organ into natural action, and brings back health and strength.
For all diseases caused by a torpid liver or impure blood, Dyspepsia, Billoosness, Scrofulous, Skin and Scalp Diseases—even Consumption (or Lung-scrofula) in its earlier stages—the "Discovery" is the only guaranteed remedy.
If it doesn't benefit or cure, in every case, you have your money back.
The reputation of the Count of Paris never recovered from the ill advised alliance with the Boulanger party in 1889. He then took the risk of having France fall into the power of a military dictator for the chance of pulling some advantage to his party out of the struggle between the republicans and the general's partisans.
Guaranteed Cure.
We authorize our advertised druggist to sell Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition. If you are afflicted with a Cough, Cold or any Lung, Throat or Chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints, trial bottles free at Snipes & Kinersly's.
In an interview in an English weekly paper, Ben Davies the singer, says: "From the musical point of view, I must confess that the American people are considerably in advance of us," and he added that this was possibly owing to the German element in the United States.
