NOT FOUND THAT WAY.

Saturday's Oregonian contains an article entitled "romances of the mines" that is true to name.

The famous Comstock was discovered by a chance as simple as that which exposed to the eyes of the astonished Adams the gold blown up by the accidental explosion of his haversack.

When Finney and two of his friends were later working the mine along came Comstock and demanded to know what they were doing on his claim.

There is no mystery and no romance connected with the discovery of the Comstock, and, by the way, Comstock did not discover it at all.

Placer mining had been carried on on Gold Run, a small stream flowing from Mt. Davidson to the Carson river, which it reached near the town of Dayton.

A miner who always went by the name of "Ole Virginney" was the man who really uncovered the ledge, and from him Virginia City took its name.

Other mines may have been discovered according to the dime-novel style, but the Comstock wasn't.

PORTLAND'S FIRE.

The heaviest fire that has visited Portland for years swept over the river front of the east side yesterday and destroyed a million dollars worth of property.

were burned in the elevator. The loss in money is as yet difficult to determine, though it will probably reach fully a million dollars, with half that amount of insurance.

It was thought for a while that the fire would cross the river to the west side. The heat was so intense that those who were viewing the scene from the docks on the west side were driven back;

The Sugar Inquiry.

WASHINGTON, Sept. 23.—The expected indictments against Messrs. Havemeyer and Searles, of the sugar trust, who refused to answer questions asked them by the senate investigating committee, have been finally presented in the district attorney's office, and only awaits the action of the grand jury, which will present them to the court.

The time that has elapsed since the case was first commenced has been consumed in the preparation of these indictments. No more difficult technical task has developed upon the district attorney for years, chiefly on account of the lack of precedent.

The brunt of the prosecution of the sugar trust will rest upon the indictments. There is no doubt that the lawyers for the trust will make motions to quash the bills, as the first step in their defense.

The decision of the criminal court judge will doubtless be taken to the court of appeals of the district, for, although an appeal at that stage of an ordinary case is not allowed, the court of appeals makes an exception for a case of extraordinary importance, to save the expense of a criminal trial based upon an indictment which may be invalid.

The decision of the appellate court upon the legitimacy of indictments will, therefore, have much weight in determining the power of a congressional committee to compel witnesses to answer questions, or if refusing to submit to punishment for contempt.

If the court of appeals says that they cannot be indicted for such an offense, that settles the matter, unless an attempt is made to carry it to the supreme court.

Five Rule Millions.

Of the 1,500,000,000 of the earth's inhabitants the emperor of China holds sway over 465,000,000; the queen of England rules or protects 350,000,000; the czar of Russia is dictator to 155,000,000; France, in the republic, dependencies and spheres of influence, has 70,000,000 subjects; the emperor of Germany, 55,000,000; the sultan of Turkey, 40,000,000; the emperor of Japan, 40,000,000, and the king of Spain, 27,000,000—two-thirds of the population of the globe under the government of five rulers.

Sufferers from dyspepsia have only themselves to blame if they fail to test the wonderful curative qualities of Ayer's Sarsaparilla. In purifying the blood, this medicine strengthens every organ of the body, and even the most abused stomach is soon restored to healthy action.

"Cholly is very unfortunate in the impression he makes," said one girl. "Yes," replied another. "His clothes are so loud and his remarks are so soft!"—Washington Star.

If you have sick or nervous headache, take Ayer's Cathartic Pills. They will cleanse the stomach, restore healthy action to the digestive organs, remove effete matter (the presence of which depresses the nerves and brain,) and thus give speedy relief.

Perdita—Has young Dr. Pellet started in practice yet? Penelope—Yes. There goes one of his funeral's now.—Pearson's Weekly.

Nearly all women have good hair though many are gray, and few are bald. Hall's Hair Renewer restores the natural color, and thickens the growth of the hair.

Mrs. J. H. HORSNYDER, 152 Pacific Ave., Santa Cruz, Cal., writes:

"When a girl at school, in Reading, Ohio, I had a severe attack of brain fever. On my recovery, I found myself perfectly bald, and, for a long time, I feared I should be permanently so. Friends urged me to use Ayer's Hair Vigor, and, on doing so, my hair

Began to Grow,

and I now have as fine a head of hair as one could wish for, being changed, however, from blonde to dark brown."

"After a fit of sickness, my hair came out in combfalls. I used two bottles of Ayer's Hair Vigor

and now my hair is over a yard long and very full and heavy. I have recommended this preparation to others with like good effect."—Mrs. Sidney Carr, 1460 Regina st., Harrisburg, Pa.

"I have used Ayer's Hair Vigor for several years and always obtained satisfactory results. I know it is the best preparation for the hair that is made."—C. T. Arnett, Mammoth Spring, Ark.
