THE OHIO CAMPAIGN

Opened by McKinley at Findlay Today.

THE EASTERN MEN ALL DECIDED

The Nebraska Bolters Play a Sharp Trick on the Regulars—Two Congressional Nominations in Ohio.

FINDLAY, Ohio, Sept. 27.—The outpouring of people from all parts of the northern portion of the state to hear McKinley was the largest ever witnessed. Findlay kept a close holiday in honor of the day. At Columbus, on his way here, McKinley was given a tumultuous reception by 10,000 people. A parade was formed, and with McKinley and several state officials, the march was taken up to this city. McKinley delivered his address from the campus of Findlay college. He compared the republican administration with the present condition and said the administration voted out of power in 1892 was one of the best the country ever had. The democratic party had been in control of the government for 19 months, and this period had given the American people an opportunity for sober reflection. Many who were heretofore loud in condemnation of the republican party were now eager for a change. He cited the action recently taken by the sugar planters of Louisiana, and said he did not know what this might mean for the future of politics, but he could not but commend this patriotic action. He then reviewed the administration, the president, the work of the present congress, and severely denounced the new tariff law. He then referred to some recent utterances by the president on the tariff and said they meant constant agitation of the tariff question until March 4, 1895, at least, and for two years after, unless the people in the elections this year select a republican house of representatives. A democratic victory, he declared, meant further and longer steps in the direction of free trade. Referring to the Wilson bill, he said if it had become a law it would have created an annual deficit of from \$40,000,000 to \$70,000,000. He declared the manner in which the measure became a law enough to condemn it. He declared the new tariff bill had improved no American interests, unless it be the sugar and whisky trusts. It had not started a single factory. Whatever industry it would quicken lies beyond the seas. Passing to the financial problem, the governor said our present embarrassment does not come from too little money nor too much money, nor from the character of the money in use, but the stoppage of wages by the closing of industries. He referred to the clause in the new tariff renewing the treaty stipulation of 1875, by which sugar from the Sandwich Islands is to be admitted free, and wanted to know if the treaty stipulations with the Sandwich islands were more sacred than the contract made with citizens of the United States by the tariff law of 1890.

WASHINGTON DEMOCRATS.
Tacoma Captures Both of the Congressional Nominations.
NORTH YAKIMA, Sept. 27.—The democratic state convention did not adjourn till 3:40 this morning. The following ticket was nominated: Congressmen—B. F. Heuston, of Tacoma, and Henry Drum, also of Tacoma; supreme judges—J. L. Sharpstein, Walla Walla, and Judge Allen of Olympia.
The state is not districted except by tacit consent.
The two congressional nominations were given to Tacoma after the favorite sons of Eastern Washington had declined the honor.
The platform as submitted by the committee, was materially changed in convention where the different planks were taken up seriatim. The plank on judgment and foreclosure of mortgages favoring an amendment precluding the right of the mortgagee to a deficiency judgment which limits the satisfaction of the mortgage debt to the mortgaged land was stricken out. The plank regarding lien lands was stricken out, and

the following passed: "We point with especial pride to the settlement of the vexed lien land question in favor of the settler and against the Northern Pacific railroad Company, by a democratic secretary of the interior, and through the efforts of the democrats of Washington." The planks favoring the passage of a law requiring the state to furnish free textbooks and reducing the number of supreme judges of the state to three were also killed.

The Nebraska Muddle.

OMAHA, Sept. 27.—The manager of the rump democratic convention which met in the early hours of morning and nominated a full ticket in opposition to the ticket named by the democratic state convention last night, chartered a special train today, went to Lincoln and filed with the secretary of state certificates of the nomination of their ticket as candidates of the democratic party of Nebraska. Under the Australian ballot law there can only be one "democratic" ticket voted for, and the regular ticket will have to be filed by petition, unless the action today is overruled by the courts.

A Bullet in His Head.

SAN FRANCISCO, Sept. 27.—Henry Wilson was found at his home yesterday, shot in the head. He died last night, and his wife was arrested today on suspicion of having caused his death. The woman admits that she had a fight with her husband on Tuesday night. Wilson was found with a pistol in his left hand while with his right he grasped the barrel of the weapon. This suggests a possibility that Wilson may have snatched the revolver from an assailant just after the shot was fired.

Abandoned his Wife.

CHICAGO, Sept. 27.—John Forsythe, son of the millionaire Chicagoan, Jacob Forsythe's was under arrest today, charged with having abandoned his wife. He furnished bail. Young Forsythe's wife was Miss Grover a farmer's daughter at Ionia, Mich. They were married about two years ago without consulting the elder Forsythe. It is claimed a strong pressure has been brought to bear on young Forsythe to renounce the woman of his choice.

Two Young Men Drowned.

ITHACA, N. Y., Sept. 27.—Andrew J. Johnson and C. Dewitt Goodnew, students at Cornell university are supposed to have been drowned in Cayuga lake, while boating yesterday afternoon. Johnston's father is Levi A. Johnston, secretary of the Davis Sewing Machine Company, of Dayton.

Ohio Congressional Districts.

CINCINNATI, Sept. 27.—The republicans of the first congressional district nominated Chas. B. Taft to succeed Belman Storner, and in the second district Jacob H. Brownell to succeed Mayor Caldwell. Taft is proprietor of the Cincinnati Times-Star.

ABOUT PEOPLE IN GENERAL.

LIEUT. N. T. L. HALPIN, of the receiving ship Wabash, is the smallest officer in the service, in point of stature.
Mrs. ALEXANDER, the well-known novelist, who is really Mrs. Alexander Hector, is a grandmother, nearly seventy.
The successor of Edmund Yates as editor of the London World is Maj. Griffiths, who has long been a contributor to the paper.
NEW YORK dealers in the photographs of celebrities say that the picture of Mrs. Ballington Booth is among the most popular in the market.
Mrs. BISHOP (Miss Isabella Bird), though more than sixty years of age, is off again in search of new materials for another book of travels. She has left Liverpool for Corea.

ODDS AND ENDS.

COLUMBIAN coins are plentiful now.
THOMAS JEFFERSON invented the modern plow.
THE confederate congress had no printed rules.
WHEELMEN now make bicycle trips over the Alps.
THERE are eight women colonels in the German army.
BERMUDA farms bear three successive crops in one year.
KNOX county, Me., has a three-year-old inveterate smoker.
THE charcoal business has been declining for thirty years.
Bran and shorts (Diamond mills) \$13 a ton at Joles, Collins & Co.'s 2w

Progress and Cookery.

"The World Moves."

There is no better illustration of this old saying than the numerous schools now-a-days devoted to practical kitchen processes. These schools have been alert to find a reasonable substitute for lard, the use of which is so generally condemned. This want has been fully met by

COTTOLENE

the new vegetable Lard. When science strikes the kitchen, it strikes home and everybody gets the benefit. Cottolene is a clean, delicate and economical substitute for lard—cleaner than the hog, delicate as the finest vegetable oil, economical from its low price and small quantity required to be used. Prove it for yourself by a trial.

ABOUT THE WEATHER.

ON the west coast of North America and Europe the heaviest rainfalls are in winter; in the interior of the United States and Europe, in summer.

The winter of 1812 and 1813 was one of the most severe ever known in Russia, a fact which partially explains the terrors of the retreat from Moscow.

In northern Europe Nordenskiold found fresh fallen snow impregnated with a dust of carbon and iron, such as could only have come from meteors.

In 1771 an unprecedented drought prevailed throughout India. Scarcely any rain fell for a year, and hundreds of thousands died of famine, whole districts being depopulated.

In 1658 the winter in North Europe was so cold that Charles X. of Sweden crossed the Little Belt from Holstein to Denmark with his whole army, including cavalry, artillery and baggage train.

In 1887 and the following year a severe drought spread over North China. The loss of life was appalling, it being estimated by the Chinese government that 9,500,000 lives were lost from famine.

POULTRY POINTS.

APPLES are excellent for geese in winter.

HALF-BLOOD Brahmas make good sitters and good mothers.

POULTRY cannot be kept healthy on wet ground or in damp houses.

THE geese should have good pasture. The cow does not need grass more than the goose does.

THE farmer or village poultry-keeper should have a good poultry house. It is half the battle.

BEEF blood is highly recommended as food for poultry. It is not fed often, but twice a week.

Two Kinds of Women

need Dr. Pierce's Favorite Prescription—those who want to be made strong, and those who want to be made well. It builds up, invigorates, regulates and cures.

It's for young girls just entering womanhood; for women who have reached the critical "change of life"; for women expecting to become mothers; for mothers who are nursing and exhausted; for every woman who is run-down, delicate or overworked.

"Favorite Prescription" is the only remedy so unfailingly that it can be guaranteed. If it doesn't benefit or cure, in every case, the money will be returned.

Choking, sneezing and every other form of catarrh in the head, is radically cured by Dr. Sage's Catarrh Remedy.
