

The Dalles Chronicle.

VOL. VII

THE DALLES, OREGON, WEDNESDAY, OCTOBER 3, 1894.

NO. 240

NOW ON TO PEKING

Japanese Troops Landing on the Russian Frontier.

CONNECTICUT GOES REPUBLICAN

Worden, the Sacramento Train-wrecker, Will Have to Face New and Positive Evidence.

Japanese Armies Are Busy.

SAN FRANCISCO, Oct. 2.—H. E. Keller, of Philadelphia, has arrived from Tokio, Yokohama, Kobe and other Japanese points, where he has been for three months. "The arsenal at Tokio," he said, "is as busy as it can be, and nobody is allowed there. Strict secrecy is preserved. I dined with Iwasaka, the richest man in Japan, who recently gave 5,000,000 yen or \$250,000 to aid the war, and became quite intimate with him, but he told me he could not, acting in accordance with the policy of the Japanese, give any facts about the war. Everywhere I found the same secrecy observed. I met frequently Count Matsugoto, the James G. Blaine of Japan and ex-prime minister, and son, with whom I graduated at college. Both told me the policy was to give nothing out that could give the Chinese an insight into what was being done. Going from Hong Kong to Shanghai I met four English gunners who had been engaged for a Chinese war ship at \$100 a month, and five years pay to their families if killed. An English captain was with them, who was to receive much greater pay. The Chinese are engaging all the Englishmen fighters they can, and they are paying them big sums. In Japan it is believed to be the intention to move immediately on Peking and capture it before winter sets in. The Japanese see they have got to do it quick or it will be much harder later."

The Connecticut Election.
NEW HAVEN, Oct. 2.—Returns from 100 towns in Connecticut show unprecedented gains for the republicans in the town elections yesterday. Towns that have not elected republican officers in years went republican by a thousand majority. In Waterbury the American Protective Association aroused the Catholics, who elected the entire school board Catholic. In New Britain the no-license vote of one year ago is reversed. The liquor question has been under constant discussion during the year. In almost all towns the American Protective Association met with defeat. Meredith, Norwich, Middletown and New Milford, democratic for years, were captured by the republicans. New London elected a democratic mayor, and displaced a republican. The republicans, however, captured all the other offices.

Didn't Get the Nomination.
SAN FRANCISCO, Oct. 2.—Charles A. Jonas, a liquor-dealer of this city, who is an aspirant for the nomination as supervisor before the republican convention, alleges that he paid Michael Dunn, one of Colonel Burns' lieutenants, the sum of \$1000 to secure the nomination, and that he now finds that he has been swindled. He promises to make it lively for Mr. Dunn should his money not be returned promptly. An investigation by the grand jury may possibly take place, when startling disclosures are expected.

Evidence Against Worden.
SAN FRANCISCO, Oct. 2.—New evidence has come to light against the Sacramento trainwrecker, Worden. A boy named Alfred Weston claims that on the day the train was wrecked he was on his way from Sacramento to Davisville, and that as he was entering upon the bridge to cross over he was stopped by a band of men, one of whom he positively identifies as Worden, and ordered to go back. Instead of doing so he hid in the tules and was an eyewitness to the whole affair of wrecking the train.

The Wichita Twister.
WICHITA, Oct. 2.—In the tornado which played leap frog through the northern part of this city last night, buildings of all kinds were demolished, twisted out and removed from their foundations, yet the occupants suffered

no harm, except bruises and scratches, and not a single fatality is reported from here. The twister lifted and disappeared to the northwest. From what can be learned from surrounding towns, the tornado seems to have been confined to Wichita.

Foreigners in Peking.

SHANGHAI, Oct. 2.—The anti-foreign feeling at Peking is increasing hourly, and the authorities find it difficult to repress outbreaks of the Chinese population. Leading Chinese representatives at Peking fear if the Japanese march against Peking, the capital will be captured, as the Chinese soldiers gathered to defend it are dissatisfied and unreliable. It is reported Li Hung Chang has received orders not to proceed to Corea.

The March to Peking.

TERN-TSIN, Oct.—It is officially announced 5000 Japanese troops have arrived close to Passat bay, near the Russian frontier. Previous to this announcement it was reported here a Japanese fleet had been sighted September 29, ten miles south from Shan Hai Wan, 200 miles from Peking. Large bodies of Chinese troops have been drafted to that district the last few days to prevent the Japanese landing.

Tacoma Ship in a Storm.

FAYAL, Oct. 2.—The British ship Ainsdale, Captain Owens, which sailed from Tacoma, May 10, for Queenstown, has put into this port for medical assistance. The Ainsdale encountered heavy gales on the voyage, during which Seaman Thomas Dickson was badly injured and Glasson, Thomsen, Freinton and Kendall washed overboard and were drowned.

Worden Threatened With Violence.

WOODLAND, Cal., Oct. 1.—S. D. Worden, who is confined in the county jail awaiting trial for trainwrecking, has received several communications threatening him with violence because of a publication stating that he contemplated a confession.

Martin Irons in Jail.

FORT WORTH, Tex., Oct. 2.—In the county jail Martin Irons, whose name famous by the conspicuous part he took in the great railroad strike of 1886, is a prisoner charged with having attempted to assault 7-year-old Rosalia Estrada. The child's mother is complainant.

Strike of Textile-Workers.

PAOTUCKET, R. I., Oct. 2.—What will probably result in the biggest strike of textile-workers this city has ever seen was inaugurated today when 250 weavers left their looms at Lorraine mills, as protest against the reduction of wages. Thirteen hundred are involved.

A Severe Rain Storm.

PEREZ, O. T., Oct. 2.—In a severe rain storm last night many business houses were flooded. Here and at McKinley, 10 miles north, much damage was done goods in the stores.

Nominated for Congress.

CINCINNATI, Oct. 2.—Democrats of the first district today nominated H. D. Peck for congress, the second district M. W. Oliver.

Now Try This.

It will cost you nothing and will surely do you good, if you have a cough, cold, or any trouble with throat, chest or lungs. Dr. King's New Discovery for consumption, coughs and colds is guaranteed to give relief, or money will be paid back. Sufferers from la grippe found it just the thing and under its use had a speedy and thorough recovery. Try a sample bottle at our expense, and learn for yourself just how good a thing it is. Trial bottles free at Snipes & Kinersly's drug store. Large size 50c and \$1.

"My task in life," said the pastor complacently, "consists in saving young men." "Ah!" replied the maiden, with a soulful longing: "save a good one for me, won't you?"—Life.

Every mother should know that croup can be prevented. The first symptom of true croup is hoarseness. This is followed by a peculiar rough cough. If Chamberlain's Cough Remedy is given freely as soon as the child becomes hoarse or even after the cough has developed it will prevent the attack. 50 cent bottles for sale by Blakeley & Houghton, druggists.

Feed wheat for sale cheap at Wasco Warehouse.

A New Shortening

If you have a sewing machine, a clothes wringer or a carpet sweeper (all new inventions of modern times), it's proof that you can see the usefulness of new things.

Cottolene

Is a NEW SHORTENING, and every housekeeper who is interested in the health and comfort of her family should give it a trial. It's a vegetable product and far superior to anything else for shortening and frying purposes. Physicians and Cooking Experts say it is destined to be adopted in every kitchen in the land. This is to suggest that you put it in yours now. It's both new and good. Sold by leading grocers everywhere.

THE APPETIZING OLIVE.

Various Uses of the Oil of This Peculiar Fruit.

Though a native of Syria and possibly of southern Greece, the olive flourishes anywhere in a mild climate. Western Asia, southern Europe, northern Africa, southern England, South America, Mexico—in all these places the olive grows readily, taking on an average seven years before it attains bearing power. Two hundred years ago it was introduced into California by Catholic priests from Mexico and there it has thriven mightily. In South Carolina it is hardy and fruitful, but unfortunately the crop matures there just when all labor is needed in the cotton fields.

The fruit is too bitter unless pickled. Ranging in size from an acorn to a large plum, it is gathered green and placed in a strong solution of potash or lye of wood ashes. When the olives change color this denotes that the potash has struck through to the stone and they are then placed in water, renewed several times a day for five days. A brine of purest salt, with spices, cloves, cinnamon, etc., boiled a few minutes and strained, to which when cold an equal amount of water is added, is then poured over the olives and they are sealed up in bottles or jars.

The olive oil of commerce, on the contrary, is made from the ripe fruit, which is dark purple in color, like a Damson plum. The finest quality of this comes from the fruit that has just begun to ripen, but this does not yield nearly so much. The pulp of the deacidified fruit gives seventy per cent. oil. The finest quality has a faint, greenish hue, a faint, rather pleasing smell and a faintly pungent taste. It is chiefly exported from Italy and France, in the respective ratio of about five gallons to one.

The amount of adulteration, generally harmless, in this article is very great. Not long ago the chamber of commerce at Nice offered three thousand dollars reward for an invention that would readily detect this adulteration. The California oil is absolutely pure but high in price and small in the quantity produced. In many places among the Latin races this oil is a substitute for butter on bread and in cooking. Like other oils it is highly nutritious, but it requires a strong digestion. It is also used in medicine as a laxative, one or two fluid ounces being the dose.

For the making of liniments, ointments and plasters it is highly prized, and likewise as a basis for the best soaps—those of Castile, Marseilles and Venice. This oil was rubbed on the wrestlers of Greece, and probably, with a mixture of perfume, would be a valuable hygienic addition to the Turkish bath. The olive, so the Greeks and Romans thought, possessed an edible trinity of virtues. They believed that it excited an appetite for wine, improved the flavor of it and at the same time had a steadying effect—that is, enabled a man to drink with impunity from an overflow of ideas.—Chicago News.

Hall's Hair Re-nover renders the hair lustrous and silken, gives it an even color, and enables women to put it up in a great variety of styles.

The "hey-day" of life generally comes when we grow hard of hearing.—Richmond Dispatch.

NOTICE.
No Freight will be accepted for shipment between the hours of 5 P. M. and 9 A. M., except Live Stock and Perishable Goods. D., P. & A. N. Co., July 20th, 1894.

New Arrivals.

Special Values at Special Prices.

Castoria

For Infants and Children.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ASCHEBER, M. D.,
111 South Oxford St., Brooklyn, N. Y.

"For several years I have recommended your Castoria, and shall always continue to do so, as it has invariably produced beneficial results."
EDWIN F. FANDER, M. D.,
125th Street and 7th Ave., New York City.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."
CARLOS MARTIN, D. D.,
New York City.

THE CHEMUR COMPANY, 77 Murray Street, N. Y.
