BRIEF MENTION.

Leaves From the Notebook of Chronicle Reporters.

Mr. M. Herrick has let the contract for building a cannery here to Mr. Hugh Glenn.

Four cars loaded with sections of the gates for the locks at the Cascades passed down Sunday.

The Wizard Oil Company is drawing full houses, and has succeeded in getting itself talked about as a great fun maker, and so it is.

One real estate transfer today, described as Geo. Betres, unmarried, to Lewis L. Lane and Hattie A. Lane, lot 4 of block 22, Humason's Addition to Dalles City; consideration \$700.

The D. P. & A. N. Co. are building a temporary house on their wharf for the protection of freight. The house is mounted on wheels so that it can be moved along the incline to suit the stage of water.

Union shipped three carloads of potatoes to the East last week. This crop is almost a failure in those states unvisited by the drouth. The crop is also short on this coast, but still we have spuds to spare. The matter of freight, however, shuts us off from the market.

Rev. O. D. Taylor received a letter Saturday from a lady named Games of Portland, stating that two little orphan girls, one aged 6 years and the other 9, had been left in her charge by the death of their parents; that they are of an excellent family, and is desirous of finding homes for them. Full particulars as to the children can be obtained by calling on Mr. Taylor.

Rockland Boy, whose leg was injured in the races last week, was brought down from the fair grounds yesterday morning on a dray. He is a remarkably sensible animal, and made no trouble, allowing himself to be led onto the dray, and standing patiently until his destination was reached. Mr. McInerney has hopes of his complete recovery; hopes that we hope will be gratified.

An attempt was made to rob the Hillboro bank Monday night. President Shute, after closing the vault at night, started home on his bicycle but was stopped by four masked men, who tied his hands and compelled him to give them the combination of the vault. He told them it was a time lock but they would not believe him until they went to the bank and proved his assertions true. Failing to open the vault, the robbers returned to where they had left

Shute gave him back his keys and watch, and after expressing their opinion by kicking him, turned him loose.

Do you want THE CHRONICLE and San Francisco Examiner for a year? If so send us \$2.25 and you can have them, 156 papers for \$2.25 or less than a cent and a half a piece. If you would rather have the New York World, we will send you that and the SEMI-WEEKLY CHRONICLE one year for \$2.25. The World is also a semi-weekly so you will get 208 papers for \$2.25.

We have made arrangements with the San Francisco Examiner to furnish it in connection with THE CHRONICLE. Having a clubbing rate with the Oregonian and N. Y. Tribune for our republican patrons, we have made this arrangement for the accommodation of the democratic members of THE CHRONICLE family. Both papers, the Weekly Examiner and SEMI-WEEKLY CHRONICLE will be furnished for one year for \$2.25, cash in advance.

Last evening after the crowd which attended the Wizard Oil concert had dispersed, a number of young people laid siege to the hall, and a very pleasant impromptu party was given complimentary to Miss Shulthis, who is visiting in the city. With such music as Prof. Birgfeld, accompanied by Mr. Burchstorf on the violin, can discourse, and a merry party, bent on making the most of the opportunity for fun, it could not fail to be a success.

A Good Plan.

The new plan for worrying train robbers devised by the Wells-Fargo express company, has been put in operation upon the through trains between San Francisco and Portland. The burglar-proof safes in the express cars are fitted with detachable knobs for the combination locks and the express messengers who travel in the cars are unable to open the safes, not being furnished with the knobs or the combinations. Local agents of the company at various stopping places on the road have the combination and turning knobs and are charged with the duty of opening and closing the safes, from which are taken the valuable packages billed to the place of opening and for places intermediate between that place and the next place where an agent has the combination. On the San Francisco-Portland trains the safes are opened only at four places between the terminals—Sacramento, Redding, Ashland and Roseburg.

The King's Daughters.

The King's Daughters have many calls made on them for assistance by those who are worthy and needy. They can find use for clothing of all kinds, and suggest that those who have garments of any kind which they will no longer use give them to the poor, through the direction of the society. Garments which are discarded and will no longer be used by the owners, can be made to do great good, and this is especially so now that winter is coming on. All offerings sent to Mrs. Brooks, Mrs. Harris or Mrs. Willerton will be turned over to the society by them. Now do not think this is meant for someone else, but look into your closets and see what you have that will be of use to the society in their good work.

Fraser Lodge, No. 16, Independent Order of Good Templars, had a very interesting meeting last Saturday evening, with quite a number of members present; notwithstanding the busy season, and the great distance some of our members come we have a good attendance at each meeting. Last quarter the average attendance was thirty-one. The lodge is still increasing in membership, there being three propositions last meeting and two the meeting before. We have now a membership of sixty-five in good standing.

The lodge gave several entertainments last winter and will give another Oct. 27th, which will be an apron and pencil social. The ladies are to bring aprons, not hemmed, with needles and thread, the gentlemen lead pencils, not sharpened. The ladies will sharpen the pencils and the gentlemen will hem the aprons. Those doing the neatest work will be rewarded with a prize. All are invited.

Fraser lodge meets on the first and third Saturday of each month, at the 3-Mile schoolhouse, about four miles south of town. You will hear more of the social later on.

The Express Matter.

The express robbery continues to be a topic of absorbing interest, and all kinds of surmises, wild and mayhap otherwise, are made concerning the probable, possible, or impossible parties who might, or could be connected with it. Those who think that it was local talent that performed the work, are met with the question, "Where did the sharpened drill come from?" If it was made here it was made by a mechanic, for the workmanship is good; but if made here, the man who made it would soon identify it. On the other hand, if the robbery was executed by strangers, how could they get away with the swag.

The detectives are of course saying nothing, so what theories they may have found out, if anything, are unknown. All that is definite is that the money is gone, and that whoever took it made an excellent job, leaving no sign by which a clue can be obtained.

Notice.

The following notice has been handed us for publication:

"Rev. Horn returned from a missionary trip to High Prairie, White Salmon, Trout Lake, Camas Prairie and Hood River. He speaks of having good success, holding services in German and English. Next Sunday he will hold services in the chapel on Ninth street at 10:30 for his beloved Germans, and at 7 o'clock p. m. for the Scandinavians. A cordial welcome to everyone."

For the many accidents that occur about the farm or household, such as burns, scalds, bruises, cuts, ragged wounds, bites of animals, mosquitoes or other insects, galls or chafed spots, frost bites, aches or pains in any part of the body, or the ailments resulting from exposure, as neuralgia, rheumatism, etc. Dr. J. H. McLean's Volcanic Oil Liniment has proved itself a sovereign remedy. Price 25c, 50c and \$1.00 per bottle. For sale by the Snipes-Kinersly Drug Co.

Cord Wood.

We again have an abundant supply of dry fir and hard wood for immediate delivery at the lowest rates, and hope to be favored with a liberal share of the trade.
Jos. T. PETERS & Co.

The success that has attended the use of Dr. J. H. McLean's Volcanic Oil Liniment in the relief of pain and in curing diseases which seemed beyond the reach of medicine, has been truly remarkable. Hundreds supposed to be crippled for life with arms and legs drawn up crooked or distorted, their muscles withered or contracted by disease have been cured through the use of this remedy. Price 25c, 50 and \$1.00 per bottle. For sale by the Snipes-Kinersly Drug Co.

Strayed.

From the fair grounds, one black mare, white hind foot, small white spot in forehead, and one light sorrel horse, white hind foot, small white strip in face and saddle marked, both branded A on left stifle. Horse also branded A on the right hind leg. A liberal reward will be paid for information which will lead to their recovery, by the undersigned.
