#### BRIEF MENTION.

Leaves From the Notebook of Chronicle Reporters.

The rainfall for the past twenty-four hours .45 of an inch.  
Good clean rags will be accepted at this office in exchange for old papers. The papers we have been selling at 25 cents a hundred.

The signal service man at Portland predicts occasional rain and warmer tomorrow. There was also occasional rain today, several of them.

The rain has served to temporarily shut off the wheat arrivals but there is plenty here to keep everybody around the warehouses busy loading it into the cars for some time. The Regulator is carrying some but so far is not loading with it.

The steamer Regulator is carrying large cargoes of freight on her up trip, which indicates that our merchants are getting in their winter supplies. She is also carrying considerable way freight from this city to White Salmon and other Washington points.

The Winans Bros., have purchased an engine for hoisting rock and material used in repairing their fish wheels and have the same in place and ready to begin operations as soon as the rain lets up a little. Work will be done on their wheel on this side of the river first.

Two hundred men are working at the upper part of the locks and are making good headway. The gates have all arrived and will be put in as soon as the masonry is completed. Arrangements have been made for keeping the masons at work until high water drives them out.

Mr. A. Winans tells us the salmon run is entirely over. Yesterday three hauls were made with a seine without catching a salmon, and one of the scow wheels was run all morning with the same result. He tells us the hump-backs came up the river this fall, but only as far as White Salmon, the run being small and remarkably late.

C. E. Bayard has moved his office to the little building recently put up by Max Vogt, just back of French & Co's bank, on Washington, and T. A. Hudson has moved into the same building, each occupying half of it. As the building was erected for the special use of these two gentlemen it, of course, fits. Mr. Bayard has ornamented his window with a fine selection of grasses and cereals grown on 8-Mile, while Tom not to

be outdone, sports an overcoat and a cane, and also the appearance of being an interesting invalid.

We have made arrangements with the San Francisco Examiner to furnish it in connection with THE CHRONICLE. Having a clubbing rate with the Oregonian and N. Y. Tribune for our republican patrons, we have made this arrangement for the accommodation of the democratic members of THE CHRONICLE family. Both papers, the Weekly Examiner and SEMI-WEEKLY CHRONICLE will be furnished for one year for \$2.25, cash in advance.

The success that has attended the use of Dr. J. H. McLean's Volcanic Oil Liniment in the relief of pain and in curing diseases which seemed beyond the reach of medicine, has been truly remarkable. Hundreds supposed to be crippled for life with arms and legs drawn up crooked or distorted, their muscles withered or contracted by disease have been cured through the use of this remedy. Price 25c, 50 and \$1.00 per bottle. For sale by the Snipes-Kinerly Drug Co.

The O. R. & N. has discharged a large number of its employees at work in the construction department. It is said that between 500 and 600 men will be, or have been thrown out of work by this reduction of the force. The reason of their discharge is that an unusual number of men had been employed on account of repairing the wreck caused by last summer's flood, and that this work being now about accomplished, the reduction of the force became a necessity.

A retired newspaper man gives this philosophical reason for quitting the business: "A child is born, the doctor in attendance gets \$25; the editor notes it and gets 0; it is christened, the minister gets \$10; the editor writes it up and gets 0; it marries, the minister gets another \$10; the editor gives a column puff and gets 000; in course of time it dies, the doctor gets from \$5 to \$100; the minister gets another \$5; the undertaker \$25 to \$200; the editor prints an obituary and gets 0000—and then the privilege of running free of charge a card of thanks," and a half column of "pome."

When she became a Girl, she clung to Castoria.

#### She Wanted the Hat.

And now Salem comes to the front with a case which shows the omnivorous habits of the average Oregon infant. A 9-month-old girl of Charles Cannon, its mother claimed some three months ago, had swallowed a hatpin, about five inches in length. As the child seemed to be healthy and suffered no inconvenience after the alleged feat, the mother's story was discredited. Last Sunday while bathing the baby the mother discovered a slight protuberance on the child's abdomen, which proved to be the point of a pin. The doctors called in removed the pin, which was four and a half inches long, the point having been eaten off by the acids of the stomach. Had it been a boy baby it would, no doubt, have died; but the ruling passion is strong in the gentle sex, and that girl hung on to the hatpin, and bided her time, only letting go when she discovered that the watchfulness of her mother would prevent her ever swallowing a hat.

Mothers should learn from this episode not to leave their jewelry or jim cracker in reach of girl babies, for if they are in style they are gone sure. Nothing can withstand the American female infancy.

#### A Surprise Party.

Saturday night a party of the friends of Mr. and Mrs. J. H. Phirman gave them a large sized surprise. About 8 o'clock two wagon loads of them arrived at the Phirman domicile on Chenoweth creek and proceeded to take possession of the place. The party consisted of Mr. and Mrs. James Blakeney, I. J. Norman and family, Tom Ward and wife, Julius Wiley and wife, Wm. Kelley and wife, Misses Christine Phirman, Nola and Minnie Gosser, Mabel and B. Sterling, Carrie Davenport and Messrs. Ed. Phirman, Gunning, and last but by no means least, Billy Miller, who took with him his violin. The evening was spent in playing games and dancing, with an interlude devoted to sampling cake, cake and cake besides other good things to eat, which the party had provided themselves with. One who was there tells us they just took possession of the house and had the best time imaginable, not starting for home until after 2 o'clock Sunday morning.

#### Good For Gum Boots.

Yesterday was a gloomy, drizzling day and last night the rain came down heavily and steadily and so it continued the greater part of today, only coming somewhat more mildly. It is gloomy, item-destroying weather, that sends a man's good nature down to the freezing point and seals his mouth to everything except fault-finding. The rain is all right and is needed for next year's crop, as well as for the fall pasture. It is seldom we get too much of it, and we certainly have not done so this year. The old negro was right when he said that "when a white man wasn't wishin' for rain, he was hopin' it would clear up." If you can't find anything else to commend the weather for, just recollect that it is fine for rubber goods.

Do you want THE CHRONICLE and San Francisco Examiner for a year? If so send us \$2.25 and you can have them, 156 papers for \$2.25 or less than a cent and a half a piece. If you would rather have the New York World, we will send you that and the SEMI-WEEKLY CHRONICLE one year for \$2.25. The World is also a semi-weekly so you will get 208 papers for \$2.25.

#### PERSONAL MENTION.

Dr. A. Dietrich and family were in from Dufur yesterday.

John A. Zumwalt of Wamic, W. B. Presby of Goldendale, Wm. T. and Geo. Vanderpool of Dufur, J. Jones and son, and James Brown of Tygh Valley, are all registered at the Umatilla.

Mr. Wm. Ehrick and F. C. Sherrieb, both of Hood River, were in the city this morning.

#### The Modern Jack Horner.

"Little Jack Horner sat in a corner,  
Eating a Christmas pie;  
He put in his thumb and pulled out a plum,  
And said 'What a good boy am I!'"

But little Jack Horner became a great mourner  
When older he grew and a glutton  
For his liver, I'll state, was like a dead weight,  
As he drank wine and ate too much mutton.

Poor Jack's time of grief, however, was brief,  
And of sickness he ceased to be fearful;  
For a boon friend said "Well, let's try Pierce's  
Pellets."

And with good livers both are now cheerful.  
Dr. Pierce's Pleasant Pellets, absolutely effective in cases of sick headache, constipation, indigestion, and all derangements of the stomach and bowels. Satisfaction guaranteed.

\$500 reward offered for an incurable case of Catarrh by the proprietors of Dr. Sage's Remedy; 50 cts; by druggists.

Bildad—I understood you have been making love to my wife. Tapleigh—Er—er—Bildad—I want to give you a warning! Tapleigh—Er—er—Bildad—Look at me, and see what you'll come to if you persist. Good day.—The Reporter.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure in the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O.  
Sold by Druggists, 75c.

Cholly Quickwit—Who was that round-shouldered, ill-dressed little cad I saw you with this morning? Ethel (freezingly)—That, sir, was my fiancé. Cholly—Good Gawd! You don't say. What a magnificent contrast you will make.—The Diplomat.

When persons are weak and languid, from sickness or overwork, feel debilitated and depressed, it is an indication that the blood is out of order, and they need help to throw off the miserable feeling. The best remedy for this purpose is Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. It restores lost strength, gives vigor to circulation, promotes good appetite and a flow of cheerful spirits. Price \$1.00 per bottle. For sale by the Snipes-Kinerly Drug Co.

Reggy held her close to him and whispered, "Angel, we must part!"—The beautiful fiancée of an hour swooned dead away till revived with a small bottle, and the rest of that awful sentence. "—our hair a little to the left now, or we dudes won't be in it this fall!"—The disappointed.
