THE ANGEL OF DEATH

Still Hovering Over the Czar of Russia.

NO IMPROVEMENT IS NOTICEABLE

Foreign Residents Warned of Danger in Certain Places—Japanese Diet Closed Its Session.

ST. PETERSBURG, Oct. 23.—The following bulletin was issued at 10 o'clock this morning: "The czar slept better last night. His majesty has little appetite, and there is no improvement in the imperial patient's strength or in the action of the heart. His oedema has increased."

Reached a Terrible Crisis.

PARIS, Oct. 23.—A dispatch to Figaro from Livadia says the disease from which the czar is suffering recently reached a terrible crisis, which lasted thirteen hours. The dispatch adds: "At present his majesty is slightly better. The imperial physicians, though treating the situation as serious, are less pessimistic."

Change for the Worse.

BERLIN, Oct. 23.—A Livadia dispatch says that the czar has changed for the worse. His abdomen and legs are swollen. He moves but little, except with assistance.

Three Days to Live.

VIENNA, Oct. 23.—Private advices received in this city state that the czar's demise may be looked for within three days.

The Czarewitch's Bride.

LIVADIA, Oct. 23.—Princess Alix of Hesse-Darmstadt, the betrothed wife of the czarewitch, arrived here at 5:30 yesterday, accompanied by Grand Duchess Sergius of Russia. The princess was met at the Russian frontier by Grand Duchess Sergius. At Alushta the bride-elect was welcomed by the czarewitch and his uncle, Grand Duke Sergius. As the princess and party drove through Yalta, the czarewitch and his intended bride, seated side by side, were heartily cheered by crowds. The imperial castle was reached at dusk, and Princess Alix was immediately conducted into the presence of the czar and czarina. The imperial sufferer greeted the princess with every mark of affection. The bride-elect, accompanied by the czarina and other members of the imperial family, proceeded to the chapel castle. A solemn religious service was then conducted, Princess Alix kneeling beside the empress, joining in long and fervent supplications offered for the recovery of the czar. After the religious ceremony the princess and imperial party returned to the room occupied by the czar. The Grand Duke and Duchess Vladimir, the former a brother of the emperor, arrived Sunday, and the king of Greece is on his way from Vienna.

Professor Merzbjowski, specialist in nervous diseases, supposed to have been summoned to attend the czarina, has returned to St. Petersburg, from which it is presumed there is no truth in the sensational stories circulated regarding the health of her majesty.

Marriage Will Take Place.

ST. PETERSBURG, Oct. 23.—It is announced that the marriage of the czarewitch to Princess Alix of Hesse will take place at Livadia unless the condition of the czar is so serious as to prevent.

Will Be Quietly Married.

BERLIN, Oct. 23.—The Cologne Gazette publishes a dispatch from St. Petersburg saying it is now generally accepted that the arrival of Princess Alix at Livadia will be followed by her prompt admission into the Greek church and marriage quietly to the czarewitch.

The Japanese Diet.

HIROSHIMA, Oct. 23.—The special session of the Japanese diet closed yesterday. Every measure presented was unanimously passed. A memorial was unanimously adopted urging the government to execute the desire of the mikado with a view to the restoration of peace in the East, the increase of the glory of Japan, the punishment of China and the prevention of future disturbances of Eastern peace. The memorial concludes

with the declaration that Japan will not tolerate interference by any nation to prevent her obtaining the ultimate objects of the war which she has been waging against China.

Earthquakes in California.

SAN FRANCISCO, Oct. 23.—Dispatches received this evening show that Southern California was shook by severe earthquakes shortly after 3 o'clock this afternoon. At Los Angeles the shocks were light and scarcely noticed, but at Oceanside, Santa Ana, San Diego and other places the tremors were more severe. They drove people from large buildings into the streets. Windows were broken and clocks were stopped at San Diego.

A telephone message received here from Campo, a small town on the Mexican border, 55 miles east, says the shock there was severe, but the damage not serious.

The seismic disturbances were heaviest at San Juan Capistrano, were, besides the breaking of windows, crockery was shattered in many houses.

Foreign Residents Warned.

LONDON, Oct. 23.—A Shanghai dispatch says the Chinese fleet, which recently left Port Arthur, has reached Wei-Nei. The tao-tai of Shanghai has requested foreign consuls to warn the subjects of their governments to avoid localities where large bodies of Chinese are stationed. He also requested that all Japanese residents of China, to whom he refers as "Fawning pigmies," shall register at the city of Tien-Tsin by the 20th prox.

Reports have been received in Shanghai that two boats connected with the torpedo service have been blown up at Taku and eight persons killed and two wounded in the disaster.

Sentenced to be Hanged.

COLUMBIA, S. C., Oct. 23.—Jack Bladon, one of Tillman's dispensary constables, who killed the first man, a negro, for violating the dispensary law, in Spartanburg county last April has since found guilty of murder, and sentenced to be hanged. Bladon tried to arrest the negro, who fled, whereupon Bladon shot and killed him. Bladon had been shot in the fight which preceded the arrest by one of the negro's friends. Since the deed Bladon has been returned on the force, and he took part in the Darlington riot. It is believed his sentence will be commuted by Governor Tillman.

Prominent Rancher Missing.

RIO VISTA, Cal., Oct. 23.—Patrick McCormick, a prominent rancher of this place, is missing. He left for Suisun last Wednesday morning, presumably to pay his taxes, and interest on a note. He left his team at his brother-in-law's in Suisun, and said he was going to the bank and to the courthouse. He did not do either, but dropped completely out of sight. It is stated that he was worried about money matters, and for some time has been despondent.

Town Destroyed by Earthquake.

LONDON, Oct. 23.—Tokia advices state that the town of Sakata was almost wholly destroyed by an earthquake last evening. Many were killed and a large number injured.

For the many accidents that occur about the farm or household, such as burns, scalds, bruises, cuts, ragged wounds, bites of animals, mosquitoes or other insects, galls or chafed spots, frost bites, aches or pains in any part of the body, or the ailments resulting from exposure, as neuralgia, rheumatism, etc. Dr. J. H. McLean's Volcanic Oil Liniment has proved itself a sovereign remedy. Price 25c, 50c and \$1.00 per bottle. For sale by the Snipes-Kinersly Drug Co.

Maud—I'm going to keep count of how many times Jack kisses me. Susan There'll be a great flurry in the blank book market.—Town Topics.

The success that has attended the use of Dr. J. H. McLean's Volcanic Oil Liniment in the relief of pain and in curing diseases which seemed beyond the reach of medicine, has been truly remarkable. Hundreds supposed to be crippled for life with arms and legs drawn up crooked or distorted, their muscles withered or contracted by disease have, been cured through the use of this remedy. Price 25c, 50c and \$1.00 per bottle. For sale by the Snipes-Kinersly Drug Co.

"It is the mind that makes the man," said Watts, but modern ethics deny this, and give the credit to the tailor. It is questionable, however, if either are right.

Food has some claims

In this respect, therefore these parents who would build up the physique of their children, pay strict attention to their diet. Children are all fond of pastry; for this to be healthfully prepared,

COTTOLENE

Naval Paymasters.

There are now only six assistant paymasters in the navy, and none was appointed earlier than 1892. This is the lowest grade in the pay corps, and it carries the relative rank of ensign. The assistant paymaster remains in that grade from seven to eleven years, and during the first three or four years may expect billets only on small ships and unimportant shore duty. There was a pretense fifteen or twenty years ago to appoint to the pay corps after competitive examination, but it was abandoned, and now appointments are obtained by influence of one sort or another. Line officers who cannot get their sons into the Naval academy are sometimes content to sacrifice their professional prejudice against the staff and seek for the young men places in the pay corps. The average age of men in the lowest rank of the corps is perhaps somewhat greater than that of line officers of like rank.

Did All He Wanted It To.

An old farmer, who was sitting on a dry-goods box before the post office in the village, talking about the total failure of the crops and the price of corn, suddenly paused as he saw a slick-looking city chap pass, and stepped up to him. As the young man paused, the gentleman from the country inquired: "Say, young chap, ain't you the fellow what sold me the pump last summer?"

"Perhaps I did, my friend; I sold a number in this neighborhood."

"Well, give me my money back, you durned swindler!"

"Why so? Didn't the pump do what I wanted it to?"

"Not by a mighty big sight; it wouldn't raise any water at all."

"Water! Pshaw! All I sold you that pump for was to raise the wind," and Mr. Slick hurried around the corner—American Tribune.

A Born Gallant.

A Detroit home has among its lares et penates a small boy who will be a Chesterfield in point of manners at least, if given half a chance. He has a great admiration for his mother, and yet there are times when she is compelled to punish him. Such a thing occurred the other day. "Now," she said after she had concluded a vigorous spanking for willfulness, "I hope you have changed your mind."

"No, mamma," he sobbed, "I always said I'd rather be spanked by you than kissed by any other lady in town and I think so yet."—Detroit Free Press.

Susie's Explanation.

Little Susie carried to a neighbor's house a beautiful pat of butter all covered with fanciful markings.

"How does your mother make the butter look so pretty, my dear?" some one asked.

"Oh, she did that with our brand new comb," said Susie.—Toledo Blade.

Don't commit suicide on account of your "incurable" blood disease. The sensible thing for you to do is to take Ayer's Sarsaparilla. If that fails, why, then—keep on trying, and it will not fail. The trouble is, people get discouraged too soon. "Try, try, try again."

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.
