He Passed Away at 3 O'clock This Afternoon.

SURROUNDED BY HIS FAMILY

The Czar Dead.

LONDON, Nov. 1.—A dispatch to the Times this afternoon announces the death of the czar at 3 o'clock.

A Bookkeeper Missing.

SAN FRANCISCO, Oct. 31.—Thomas D. Osborn, bookkeeper of the commission house of Russ Sanderson & Co. of this city has been missing since the night of the 23d inst., and his friends fear foul play, as he had several hundred dollars on his person and was last seen in company with a well-known gambler. His accounts are perfectly correct.

A Horrible Death.

KANSAS CITY, Mo., Oct. 31.—Foreman Phall, of the Diamond elevated road, was literally disemboweled last evening by being caught between a wire cable and an iron drum. His arms and legs fell to the floor, and his body was cut through in several places. Phall's brother stood by powerless.

A Snowshed Burned.

CHEYENNE, Wyo., Oct. 31.—A snowshed 800 feet long, on the Union Pacific, at Sherman, was burned this morning. All the wires went down. A special was sent out from Cheyenne with line-men and material to repair the damages. Meanwhile all trains were held here.

Twenty-One Were Drowned.

MILFORD HAVEN, Oct. 31.—The steamer Torres struck Crow Rock, near Milford Haven, last night. Twenty-one men, including the captain and officers, were drowned. Seven of the crew were saved.

Insane Asylum Burned.

STOCKHOLM, Sweden, Oct. 31.—The asylum for the insane at Joenekeping has been burned. Fifteen of the inmates perished.

A Steamer Wrecked.

LONDON, Oct. 31.—The steamer Abroaca has been wrecked off Finland. Sixteen of the crew are missing.

Attempt to Wreck a Train.

BUFFALO, Oct. 31.—An attempt was made to wreck the Boston and Chicago special on the Lake Shore railroad last night near Lakeview, 10 miles west of

Buffalo, by placing a plank and stones on the track. The obstructions were discovered and the train stopped. Superintendent Miles does not credit the theory of train robbery. An investigation is in progress.

Man into a Freight.

SCRANTON, Pa., Oct. 31.—An express train on the Delaware, Lackawanna & Western railroad, north bound, running 40 miles per hour, dashed into a freight on an open switch at Forster, 27 miles north of here, at 1 o'clock this morning. Three persons were killed, and a large number injured. The train was a through one from New York, due at Buffalo at 7:10 this morning.

The accident was the result of the express train plunging into a coal train. The engine was backing down the south bound track, and owing to an open switch, passed on to the north-bound track just as the fast train came along. Engineer James Linett and Fireman Elmer Seull, of the coal engine, were killed. Fireman William C. Hozey, of the express, was instantly killed. Engineer Butler crawled out from beneath the wreck of the two engines with scarcely a bruise, and escaped the scalding steam, which parboiled the other victims. The passengers only suffered from a shaking up.

New York, Oct. 31.—President Samuel Sloan, of the Delaware, Lackawanna & Western, said in regard to the wreck at Foster, near Scranton, Pa., that the three killed mentioned in the Associated Press dispatch were the engineer and two firemen. His advice were that no passengers were killed.

A Train-Wrecker Confesses.

MERRILL, Wis., Oct. 31.—The two men charged with the murder of the man who lost his life in the recent wreck on the "Soo" road, had a preliminary hearing here today, and were held to trial. One of the prisoners confessed, and his story details the methods pursued to derail the through Minneapolis-Boston limited, near Hefford Junction the night of October 7. In the crash Fireman Charles Connel was instantly killed and Engineer James Dutch seriously injured. The plan was to cause a wreck that would kill every person on the train and then rob the safe in the express car, as it was supposed the safe contained a large sum of money. The man who confessed is Levitt Hazleton, 20 years old, who claims to be a resident of Brainerd, Minn. His companion, Frank Williams, stoutly maintains he knows nothing of the wrecking.

The Worden Trial.

WOODLAWS, Cal., Oct. 31.—Interest in the Worden case was aroused to a pitch of suppressed excitement this morning by the evidence given by Detective Stilwell. Stilwell had a conversation with Worden in which the defendant practically gave away all the prosecution wanted to know, and that is the testimony Stilwell is giving today. Three men, new men, are implicated. A written statement made by Worden will be introduced this afternoon. It is condemning. The evidence of all other witnesses for the prosecution is corroborated in the conversation Stilwell avers he had with Worden and in Worden's written statement.

A Destructive Blaze.

NEWBURYPORT, Mass., Oct. 31.—Fire broke out this morning in the shops of the Newburyport car factory and soon destroyed that large wooden structure. The large five-story wooden shoe factory of Duley & Ushen and several frame dwellings have been burned, and the big shoe factory of Dodge Bros. is threatened. The loss will be large. Aid was summoned from Portsmouth, N. H., Haverhill and several places near by. At 11:30 the fire is believed to be under control.

A Standard Oil Fire.

CLEVELAND, Oct. 31.—One of the largest fires at the Standard Oil works for years broke out this afternoon. Three alarms were sent in, and the fire department responded promptly, but the engines were of little service, as the tank was too far away. Tank No. 13, where the fire started, exploded with great force. A favorable wind and hard work by the fire department prevented the flames from spreading.

Chinese Emperor Is Angry.

LONDON, Oct. 31.—A Tien-Tsin dispatch says: The Peking Mercury learns the emperor is angry at the existing condition of things, and will personally

investigate. He is summoning all officials before him. He wants to know why a small country like Japan cannot be exterminated.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure in the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.
