**BRIEF MENTION.**

Leaves From the Notebook of Chronicle  
Reporters.

Don't forget Dr. Jekyll and Mr. Hyde  
at the opera house this evening.

Mr. Edwin Hatton, a native of Eng-  
land, was made an American citizen by  
Judge Blakeley Saturday.

Street Commissioner Butts will be  
around after poll tax in a day or two.  
Be prepared to pay or dodge.

The meeting of the Literary Society,  
which was to take place Wednesday  
evening, is postponed till Friday even-  
ing of this week.

The Dr. Jekyll and Mr. Hyde troupe  
is one of the strongest that ever visited  
The Dalles. The play abounds in power-  
ful scenes, and will be a treat to theater  
goers.

A marriage license was issued Sat-  
urday to Mr. Edward Boynton and Miss  
Margaret Brookhouse, and today the  
clerk kindly gave the same permission to  
wed to Mr. Peter Raith and Miss Jennie  
S. Weir.

Our German friends gave a literary  
and musical entertainment last evening  
at the opera house, which was largely  
attended by members of the Gesang  
Verein and their friends who had re-  
ceived invitations.

The German Ladies' Aid society's en-  
tertainment at Fraternity hall Saturday  
evening was very well attended, the hall  
being crowded to its utmost capacity.  
The articles auctioned by them brought  
good prices, and nearly everything was  
sold. After the auction the tables were  
cleared away and dancing was kept up  
until midnight.

Mrs. Lilia Shelton has succeeded in  
having the decree of divorce between  
herself and the late Judge Shelton set  
aside on the ground of fraud. It is sel-  
dom an action of this kind occurs, and  
the results are peculiar. Mrs. Shelton  
is thus made the legal widow of the  
judge, and the second wife, never having  
been a wife, is not a widow at all.

The young ladies of the Congregational  
Sunday school will give a bubble and  
pumpkin party in Pease & Mays' high  
water building Tuesday evening, Nov.  
6th, at 8 o'clock. Admission 15 cents,  
and no extra charge for getting out. We  
don't understand the inwardness of a  
bubble and pumpkin party, so if our  
readers desire further information on the  
subject they will have to invest 15 cents  
and find out.

The hop given Saturday evening by  
the Orchestral Union was largely attend-  
ed, and a most enjoyable evening had  
by those who were present. The floor  
was in fine condition and the music de-  
lightful. The Dalles is getting to be a  
dancing town, as there were two other  
dances in town that evening—one at  
Wingate's hall and one at Kellar's, all  
of which had good attendance.

Fire broke out in the power house of  
the Willamette steam mills, better  
known as Weidler's mills, in North  
Portland yesterday. The fire started in  
the engine room, and though it was dis-  
covered soon after it started, it got be-  
yond control and damaged the property  
to the extent of \$50,000 before it could  
be conquered. It was only after strenu-  
ous efforts on the part of the fire de-  
partment that the big mills were saved.

One who knows tells us that instead of  
Mrs. Gourlay and Mrs. Hampton, it was  
Mrs. Gourlay and Mrs. Heppner who  
came from Goldendale, Friday, Mrs.  
Gourlay stepped from her carriage to  
walk a short distance up the grade, and  
while passing a freighter's team, who  
was feeding it by the roadside, one of  
freighter's horses kicked at her, and  
knocked her down. She was unable to  
arise for some time, but happily she es-  
caped serious injury.

The following account of what thirty  
hens made in this city by James Hem-  
enway's son shows what can be done in  
Oregon with a little good management.  
From January 1, 1893, to August 30,  
1894, number of eggs laid 4248, or 354  
dozen. At an average of 20 cents per  
dozen, they brought \$70.80. The entire  
cost of feed \$5.75. The hens are all full-  
blooded Brown Leghorns. This is an-  
other evidence that in Oregon, as well  
as other states, that it pays to give one's  
attention to producing something that  
is in good demand at good prices, rather  
than big grain raising to sell at low  
figures.—Cottage Grove Leader.

The latest theory of pathology is that  
by feeding a fellow on the substance in  
which he is short or weak the particular  
organ can be developed. For instance,  
a man troubled with a muscularly weak  
heart would be fed on the heart of an ox,  
which is said to be the strongest of any  
animal, the idea being that the stomach  
will appropriate what goes into it so it will  
do the most good. If this be true, it is  
indeed fortunate that the noblest of all  
animals, the horse, is now dirt cheap,  
and can be utilized in furnishing brains  
and good horse sense to the citizens of  
Oregon. We suggest that Secretary Mc  
Bride countermand his order for pen-  
knives and invest the money in cayuses  
from the bunch grass ranges of Eastern  
Oregon.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

**Lady Clerks.**

The Democrat of Albany says that  
one representative of the next legisla-  
ture from Astoria has already hired six  
lady clerks. If this be a fact, the pub-  
lic should know it. The Democrat  
should also name the man. We want  
his scalp. Such conduct as this will not  
be tolerated this year. We guarantee  
that if this business shall be attempted,  
there will be such a war raised as was  
never witnessed in Oregon before. The  
people themselves will not tolerate it.  
All parties are fully aroused to the in-  
iquities practiced in this direction in  
the past, and the fellow who brings six  
lady clerks, or male clerks either, will  
wish that he never was elected.—Salem  
Independent. The Astoria Budget was  
the authority for the item, and C. J.  
Curtis was the member.—Albany Dem-  
ocrat.

**BORN.**

In the city, Sunday, Nov. 4th, to the  
wife of Louis Blanck a daughter.

The success that has attended the use  
of Dr. J. H. McLean's Volcanic Oil Lin-  
ament in the relief of pain and in curing  
diseases which seemed beyond the reach  
of medicine, has been truly remarkable.  
Hundreds supposed to be crippled for  
life with arms and legs drawn up crook-  
ed or distorted, their muscles withered or  
contracted by disease have been cured  
through the use of this remedy. Price  
25c, 50 and \$1.00 per bottle. For sale by  
the Snipe-Kinlerly Drug Co.

"She was completely prostrated and  
made very ill by her perfridy." "Did she  
recover?" "Yes; \$10 a week temporary  
and \$5000 in final decree."—Detroit Tri-  
bune.

Henry Wilson, the postmaster at  
Weslerton, Florida, says he cured a case  
of diarrhoea of long standing in six hours  
with one small bottle of Chamberlain's  
Colic, Cholera and Diarrhoea Remedy.  
What a pleasant surprise that must have  
been to the sufferer. Such cures are not  
unusual with this remedy. In many  
instances only one or two doses are re-  
quired to give permanent relief. It can  
always be depended upon. When re-  
quired with water it is pleasant to take.  
For sale by Blakeley & Houghton Drug-  
gists.
