THE ELECTIONS.

The bulletin board at the Umatilla House last night was surrounded by an enthusiastic crowd of republicans, with here and there a democrat, whose curiosity compelled him to attend the wake. A few straggling dispatches about 5 o'clock gave indication that Hill of New York was badly beaten. As the dispatches came in later in the evening it was evident that a tidal wave had swept over the country, and that democracy had gone down in the worst defeat it ever encountered. No full returns were in at midnight, when the telegraph office closed, but they were full enough to satisfy everybody as to the result.

As indicated last night, Morton will carry New York by from 125,000 to 160,000, and will only lose New York City by 2,500 votes. Grant, the Tammany candidate for mayor of New York, will be defeated by 50,000, and Goff, the anti-Tammany candidate for recorder, will be elected by 60,000. Illinois is safely republican, but will perhaps elect one or two democratic congressmen. Washington will elect the republican congressmen by a total majority of from 5,000 to 30,000. California is solidly republican, with the possible exception of a congressman or two. West Virginia will return some republican congressmen, and the indications now are that Wilson, the father of the tariff bill, will be defeated. In Montana all other things have been lost sight of in the fight for state capital, between Helena, the present site, and Anaconda. As far as heard from Anaconda is ahead, having, according to its habit, swallowed its rival. Louisiana, where the republicans had some hopes on account of the sugar legislation, is reported as being solidly democratic.

The returns from the other states are meager, but they are all of the same tenor, telling of republican gains and republican victories. It will be a day or two before the result on congressmen can be definitely known; but from present appearance the republicans will have the control of the next house. If not the democratic majority will not be large enough to let them work without the constant attendance of every member.

THE POINT WELL TAKEN.

I. A. Macrum, J. B. Eddy and H. B. Compton, comprising the state board of railroad commissioners, have returned from a ten days' trip over the lines of the Oregon Railway & Navigation Company in this state. In a letter to General Manager McNeil yesterday, they reported that "the line is at present in better condition than it has been at any time in the past two years." In view of the fact that a good portion of the road was washed out by the Columbia freshet last summer, this report speaks exceedingly well for the engineering department of the railroad company.—Oregonian.

Reporting to McNeil is good. It is eminently proper that the railroad commission should report to those who pay them. Its members will probably make their last report, as railroad commissioners, to the next Oregon legislature.—Fossil Journal.

There is no evidence that the railroad companies pay the commissioners anything; but otherwise the point is well taken.

UNKIND.

Tammany is evidently utilizing its control of the New York City election machinery for all it is worth. If it is true, as Superintendent Byrnes stated late this afternoon, that not more than two-thirds of the total vote can be polled today, Mr. Morton's prospect of victory is dimmed to the extent of the remaining one-third. With Tammany judges and clerks inside the polling booths and Tammany thugs in and out of police uniform on outside duty, it would not be reasonable to suppose that the obstructive tactics are being employed to Mr. Hill's disadvantage.

The above from the Portland Telegram of last night, is, to say the least, unkind, and to give Tammany its due, it was evidently untrue. If, as our contemporary says, Tammany thugs were running the election in New York City, we would suggest to our national committee to turn the control of elections over to Tammany.

China is utterly paralyzed. She has made up her mind that she cannot resist the Japanese, and has ordered her armies concentrated near Peking to make a determined stand in defense of the capital. It is a remarkable sight, this great nation of 400,000,000 people unable to defend itself against its little neighbor, and this too on its own soil, where its enemy is far from home and base of supplies. So cowardly and unpatriotic a people deserve to be enslaved. Instead of making a resistance that would sweep her enemy out of her confines, and off the face of the earth, China asks the other nations to intercede for her, and ask Japan to be satisfied with the free-

dom of Corea, and a war indemnity paid by China. It is so humiliating and cowardly, that one feels like taking a kick at a Chinaman just because he is a Chinaman.

Now that the elections are over we can all take a rest from talking politics, and by getting a hustle on assist in bringing back the long-delayed "good times." The one thing of a political nature remaining for Oregon is the election of U. S. senator. This will be a republican of course, but there are two or three fellows who are already getting quite anxious to know just which republican it will be.

David Bennett Hill is a much larger man in the democratic party today than Grover Cleveland. Democrats recognize the fact that the race for governor was forced upon Hill, he carrying the banner of forlorn hope. Hill is defeated but great in his defeat. Cleveland has satisfied his envy and malice and has earned the contempt of every honest democrat.

The democratic party is swept out of sight, but the railroad to Astoria rides smilingly above the gory battlefield undismayed and aggressive. That subject is immortal.

An Old Song.
 When giants lived in ancient times,
 Sing heigh, my boy, sing ho!
 In good old England, or foreign climes,
 Sing heigh, my boy, sing ho!
 They carried things with a high old hand,
 Nor strong, nor weak, could before them stand,
 And they killed whom they pleased throughout
 the land,
 Sing heigh, my boy, sing ho!

But the giants didn't have things their own way when Jack-the-Giant-killer arrived on the scene. You remember the story. Recollect, too, that every age has its giant-killer. We have our giants in the form of all sorts of dread diseases, supposed to be incurable. Our Jack is in the form of Dr. Pierce, who has proven the expression "incurable diseases" to be a fallacy. Can you imagine more potent weapons to assist a woman in killing the giant-disease, than Dr. Pierce's Favorite Prescription? It's the only guaranteed remedy for all functional disturbances, painful disorders, and chronic weakness of womanhood. In female complaints of every kind, if it fails to benefit or cure, you have your money back. It's simply a question of the company you prefer—the Giant or Jack!

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address:

La Grippe.

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and in cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences. Indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. BROCKWELL, Harris, Tenn., says:
 "Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is
No Better Medicine,
 and have induced many to use it.
 "Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 80 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 210 boxes up to this time, and I would no more be without them than without bread."—H. H. Ingraham, Rockland, Me.
