BRIEF MENTION.

Leaves From the Notebook of Chronicle
Reporters.

The commissioners' court met this
morning and has been quite busy all
day.

Marriage license was issued today to
George S. Bonney and Miss May C.
Franklin.

St. Paul's Guild will hold a regular
meeting tomorrow afternoon, at 2:30
o'clock, at the vestry room.

The shipments of stock from Salt-
marsh & Co.'s are not large but there
is a steadiness about them that makes
the grand total quite formidable by the
end of the month.

The election returns from Rockland
were corkers. Out of twenty-four votes
twenty-three were republican, and one
straight from the shoulder democratic.
The stalwart who cast it is probably
acquainted with the song, "There Are
Moments When One Wants to be Alone."

The petition for the incorporation of
Hood River was up before the county
commissioners today, and as there was
no remonstrance on file, the prayer of
the petition was granted. It all depends
now upon the votes of the citizens.
Hood River is growing rapidly, and
should be incorporated, and the sooner
the better.

Water was turned into the Bull Run
pipes Monday. The pipes are all laid
under the Willamette and all the reser-
voirs completed. As soon as arrange-
ments for taking care of the waste water
are completed the pipes will be run full,
and Portland will be getting her water
from the eternal springs far up in the
Cascades.

A runaway this morning might have
furnished a fine item but Chris Bills and
Marshal Blakeney, without regard to our
feelings or needs, conspired against us
and stopped it. The horses started from
the Grant building up Washington, be-
ing frightened by the sudden escape of
steam from a passing engine, and were
caught at Second street.

Not a true bill was returned by the
Multnomah county grand jury yesterday
in the case of T. J. Watson. He was
arrested October 11th, on complaint of
Helen A. Williams, who swore to an in-
formation charging Watson with having,
on June 3, 1893, sold to her for \$100, lot
1, block 6, subdivision of lot M, Patton's
tract, when he was in fact not the owner
of said property.

When persons are weak and languid,
from sickness or overwork, feel debil-

itated and depressed, it is an indication
that the blood is out of order, and they
need help to throw off the miserable
feeling. The best remedy for this pur-
pose is Dr. J. H. McLean's Strengthen-
ing Cordial and Blood Purifier. It re-
stores lost strength, gives vigor to cir-
culation, promotes good appetite and a
flow of cheerful spirits. Price \$1.00 per
bottle. For sale by the Snipes-Kinersly
Drug Co.

Many Immigrants Said to be Bound for Oregon.

Secretary E. C. Masten, of the Oregon
immigration board, says all information
received by the board indicates that
there will be a large immigration to this
coast from the middle and western states,
this winter and during the coming year.
California and several of the southern
states are making strenuous efforts
to secure as much of this im-
migration as possible, having active
agents at work distributing immigration
literature in large quantities. Quite a
large number of inquiries in regard to
this state are being received by mail,
but the board's supply of literature is
well-nigh exhausted. Without effort
Oregon will secure a small part of this
immigration, but if further efforts are
made and the board receives necessary
support a large proportion of it could be
secured, as the good crops of everything
raised in Oregon this season has attracted
the attention of many who have lost
their harvests through drouth, etc.

A Rare Thing.

In Washington we will have two new
moons this month. There has been one
already and there will be one on the
30th. This reminds us of the month of
February, '66, which was in one respect
the most remarkable month in the
world's history. It had no full moon.
January of that year had two full moons,
so did March, but February had none.
Do you realize what a rare thing in na-
ture that was? It had not occurred
since the time of Washington, nor since
the creation of the world; and it will
not occur again, according to the com-
putation of astronomers, for—how long
do you think? Two and a half million
of years!—Walla Walla Statesman.

County Court.

The county court sitting in probate
has been in session for two days but
without doing much business, though
all was acted upon that was presented.

The appraisers in the estate of John
Rich presented their report, and the
administrator of the estate of Elmer E.
Griffin, an insane person, presented his
report showing that he had sold the real
estate, as per order of court, to L. Henry,
who had a mortgage on the same. The
report was approved, sale confirmed and
administrator authorized to execute and
deliver a deed for the same.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became a Woman, she clung to Castoria.
When she had Children, she gave them Castoria.

tor, with good effect.

A Glimpse at the Returns.

Returns are still incomplete; but
enough is known to assure the control
of the next house by a good working
majority, probably fifty. New York
will give Morton a majority of 150,000.
Wilson, it is conceded by the demo-
crats, is beaten by from 600 to 1,000.
Pennsylvania gives a majority of 216,
000.

Minnesota is tolerably close, but
shows republican majorities.
Illinois shows up with from 70,000 to
100,000.

Iowa will give from 60,000 to 80,000.
Nebraska goes republican; but elects a
demo-pop. governor.

Kansas goes back to its first love, and
is republican by 35,000.

Missouri stays in the democratic fold;
but by reduced majorities.

Colorado to the Bridles Waite of Colorado
is beaten with his ticket by 15,000.

Michigan gives fully 30,000 majority
against the democracy.

Indiana piles up a 40,000 republican
majority.

New Jersey has gone republican, and
will elect a republican senator to suc-
ceed McPherson.

Connecticut gives 5,000 to 10,000 re-
publican majority.

Tennessee goes democratic, but by the
smallest majorities ever known, though
it is claimed it goes republican by 5,000
for governor.

Maryland elected four of the six con-
gressmen, republican.

South Dakota gives 12,000 plurality.

Idaho is claimed by the republicans,
but is said to be very close.

Montana, it is now claimed, will hold
its state capitol at Helena. The repu-
blicans carry it, both for congress and the
legislature.

North Dakota goes republican by
5,000.

New Hampshire elects full republican
ticket.

Wyoming is claimed by both parties;
but is probably republican.

Little Rhody fell in line with 4,000
republican plurality.

Delaware elects republican governor
and congressmen, and is close on the
legislature.

Massachusetts will show 50,000 ma-
jority in favor of the republicans.

South Carolina goes democratic, and
so does her northern sister.

Alabama, Mississippi, Arkansas and
Florida go to the democracy.

Utah goes republican by 1,100.
Nevada is probably carried by the
populists.

W. A. McGuire, a well known citizen
of McKay, Ohio, is of the opinion that
there is nothing as good as children
troubled with colds or croup as
Chamberlain's Cough Remedy. He has
used it in his family for several years
with the best results and always kept a
bottle of it in the house. After having
la grippe he was himself troubled with
a severe cough. He used other remedies
without benefit and then concluded to
try the children's medicine and to his
delight it soon effected a permanent cure.

First man—That woman used to be
my wife. Second man—She's mine now,
sir. First man—Well, you needn't get
huffy about it. You'll have a chance yet
to get back at some other fellow.—
Detroit Free Press.

Henry Wilson, the postmaster at
Welshton, Florida, says he cured a case
of diarrhoea of long standing in six hours
with one small bottle of Chamberlain's
Colic, Cholera and Diarrhoea Remedy.
What a pleasant surprise that must have
been to the sufferer. Such cures are not
unusual with this remedy. In many
instances only one or two doses are re-
quired to give permanent relief. It can
always be depended upon. When re-
duced with water it is pleasant to take.

gists.
