THEY GOT THE CHICKENS

The smiling countenance of the democrats would be bewildering if it were not explained by the fact that most of them were of the Cleveland wing of the democracy.

From a democratic standpoint there is considerable philosophy in this but when one looks at the wreck of the party, and sees Hill calmly surveying the ruins from his seat in the United States senate, the conviction that the party paid a big price for its whistle is forced upon one.

ENGLISH COMMENT.

The London Times says: "Although it was generally expected that the democrats would be beaten, nobody anticipated a rout so complete.

The Daily News says: "The republicans have come into power on the strength of discontent felt at the disuse of the democratic party's opportunities.

The election Tuesday was like the boy's cake, it "lasted pretty quick." The returns that night were so convincing that all interest in the result ceased.

It will be observed that the imputation upon the chastity of Mr. Budd did not hurt him before the people of California. They who use this kind of campaign arguments often are surprised at their effect.—Oregonian.

The latest returns give the republicans an overwhelming majority in the house. At last accounts the democrats will have 100, the republicans 249 to 251 and the populists 6.

History repeats itself in the case of Congressman Wilson, who was the father of the last tariff bill and who is beaten in his attempt to be re-elected.
