BRIEF MENTION.

Leaves From the Notebook of Chronicle Reporters.

Everything is quiet down at Mosier, but one of the casps has been transferred to the district court.

Judge A. Miller of Vancouver, son of our townsman, Mr. George Miller, has been re-elected supreme judge of Clarke county by a plurality of 600.

Thos. Fargher was arrested yesterday upon the complaint of the stock inspector for moving his sheep without a permit.

Don't forget the concert Tuesday night. Signor and Madame Ferrari, the celebrated vocalists, recently of the Milan Opera Company will take part, which assures a genuine treat for all lovers of music.

Klickitat county gave good republican majorities for the state and legislative ticket, and elected most of the county ticket.

The case of Matthews against Williams which was up before Justice Davis yesterday, was laid on the table, so to speak, the parties thinking they had reached a compromise.

There was a lively runaway on Third street yesterday afternoon, a pair of big gray horses making things lively for a little while.

The Chicago Tribune has the following very kind words concerning Signor Ferrari, at the time with the Milan Opera Co., who appears in the concert here next Tuesday night:

"The charm in their performance will be found in their presenting Italian opera in true Italian style. The audience was enthusiastic in their appreciation of Signor G. Fearari's baritone, and Signor Lambardi's tenor. Their magnificent voices and artistic rendering of music was beyond criticism."

The commissioners court, having granted the petition of Hood River people asking that the town be incorporated, set the day for holding the election to decide the question, and also to elect officers. The judges appointed to con-

duct the election are E. L. Smith, S. E. Bartmess, L. E. Morse, and the clerks are J. B. Hunt and J. E. Hanna.

Some Election Notes.

The proposition to consolidate New York City, Brooklyn and other suburbs was carried by a majority of 33,000. This will give New York City a population of about 3,000,000, making it the second city in the world.

The republicans in Washington will have a majority over both democrats and populists, and the populists have nearly twice the strength of the democrats, hence it will be seen the democracy in Washington cut but a sorry figure.

Idaho has gone republican and elected a legislature of that same complexion. The Mormon vote was against the democrats. Latah county, Idaho, elected a populist ticket and three populist members of the legislature.

The republicans claim Wilson's defeat in West Virginia by 2,000 but the democrats do not yet concede that he is defeated.

Of the seven democratic congressmen from South Carolina, six are in favor of free silver.

Ohio is sending its majority up to the 150,000 mark and Illinois is chasing the 100,000 notch.

Nevada has been carried by the free silver party, and Frank G. Newland, son-in-law of ex-Senator Sharon, is elected to congress.

Tennessee elects a democratic legislature, which will probably result in leaving the next U. S. senate a tie.

Utah is republican by a small majority.

The Morphine Route.

A. J. Carter is lying at the point of death in the building on the northwest corner of Court and First street, from the effects of an overdose of morphine taken with suicidal intent.

About the Concert.

THE CHRONICLE prints the news.

And Trade is Lively.

Mr. E. C. Pease is about the busiest man in town (always excepting the reporter, who has to chase items.) As we passed the big store this morning, just from force of habit we sprang our venerable request for an item on him, followed by its twin as to "How's business?"

"Don't pretend to account for it, but take it as it is, for it is a fact. We have added recently three to our force of sales-people, and all of us are kept busy waiting on customers, even with this largely increased force. It is accounted for partly by the fact that we are selling our goods on very narrow margins, and that we have a very large stock of everything, bought for cash and at bedrock prices—and all new. The lesson of the hard times, which are now passing away, has not been forgotten by the people, who desire to make their money go as far as possible, and so look around for bargains, and finding our goods what they want, and our prices better even than they expected, we get their trade. Where the money comes from we don't pretend to say, but it is a certain fact that \$1 will buy almost as much, and certainly as good, as \$2 would a year ago."

Anyone who will take the trouble to note the number of cars unloading at the Pease & Mays warehouse, will be convinced that Mr. Pease statement is correct, and that in spite of the cry of "hard times," people are buying more goods and better quality than they ever did before, and they are paying cash for them, too.

The First Club Party.

If the parties to be given every two weeks by the newly-organized club at the opera house are each as enjoyable as the first one, given last night, the club will be the most successful The Dalles has ever had.

Notices.

To Whom It May Concern: Sid Wing has \$300 in Dock Hing's store, and \$200 in Wing Hing store. nov8. Sid Wing.
